tempt of the circuit court. Judge Fraser entered a decree yesterday in favor of the district in its suit against Floss.

By the decree the district is entitled to hold the property for 99 years from the date of the lesse, which was lost. Floss is enjoined from interfering with the directors in any way.

During the hearing it developed that at one meeting of the board of directors three men who were not property owners, according to the records, builled the chairman into permitting them to vote and that the secretary jumped through a window and ran from another meeting hatless in order to avoid a thrashing. Testimony was offered showing that Floss once caused a number of school directors to beat a hasty retreat in order to avoid being made targets for the contents of an old-fashloned muzzle-loading shotgun.

MURPHY'S ARREST MAY STOP "FARMER" ACT

He was arraigned before Municipal Judge Hogue this morning on a charge of peddling without a license. His case was continued until tomorrow. Sullivan, his partner, will be brought in also. Two men have been going about peddling bad articles to customers, and many have been victimised. From de-

many have been victimized. From de-scriptions given the police, it is believed Murphy and Sullivan are the men.

THEY SEEK TO OUST SHERIFF FROM CLUB

Action is Started by Nease's Attorneys to Get Possession of Warwick Poolroom.

Through his counsels Watson, Beek-man & Watson and Dolph, Mallory, Simon & Gearin, Manager M. G. Nease of the Warwick Commission company ap-plied in the circuit court this morn-

the Warwick Commission company applied in the circuit court this morning for a mandatory injunction compelling Sheriff Word to relinquish possession of the poolroom and salcon at 151 Fourth street. Presiding Judge George issued an order to the sheriff to appear in court November 12 at 9:30 o'clock in the morning and show cause why such an order as prayed for should not issue.

The facts connected with the seizure of the place by the sheriff's deputies on the night of November 1 are recounted in the complaint, as well as the subsequent procedure in Justice Seton's court in the action brought in unlawful entry and detainer.

The complaint recites that by taking an appeal from the justice to the circuit court Sheriff Word has until some time in January to file his answer, and that he has stated his intention of retaining possession of the poolroom and salcon until that time. Nease alleges that he has no adequate remedy other than through injunction process and that great and irreparable damage will be done to his business if the sheriff is permitted to remain in possession of the premises.

He declares that the salcon is operated under a city license, as well as the poolroom, that no law has been broken and that he is clearly entitled to possession.
