ALMON COMBINE NOT YET IN SIGHT

ognized Alaska Packers As sociation Will Prove an Obstacle to Any Trust.

REFUSES TO BE PARTY TO ANY COMBINATION

Chicago People and Cudahys Are Now Great Factors in the Cannery Business.

The reorganized Alaska Packers' association will, it is said, stand as an insumountable obstacle to the organization of any combine to control the salton fishing industry, regarding which is present demoralized condition of the imora have been freely circulating. In present demoralized condition of the imora have been freely circulating. In present demoralized condition of the imora have been using with envious eyes toward a sound. But the memory of cent attempts and failures, attended heavy losses of money, is a deterrent sich, added to the impossibility of ting the Aissac canneries into a commen, keeps the field free for individual ert in the cannery business in the cific northwest.

I do not think there is a possibility of combine," said Frank Wright, presit of the Carlysis Packing company, is a guest at the Portland hotel, a failure to get a bid for the comid properties of the Pacific American king company at the last receiver's will result in the selling of the heries in groups. There are semegover twenty groups in the bunch, hey have been split up by the reservance in groups. There are semegover twenty groups in the bunch, hey have been split up by the reservance will be bought up by individual ka packers. It is impossible to a safe business proposition in a ery combine or trust. The rights private owner in a trap site are precarious."

coming & Gould, well-known Chicage nery brokers who are already owners the North American Fisheries compy property on the sound, are said be probable bidders for the Pacific erican Fisheries company property, the interest of the Cudahys. Origin-the Cudahys were strong factors in development of salmon packing on sound, and their money established great cannery of the Pacific American company at Fairhaven. Should y buy in the Fairhaven. Should y buy in the Fairhaven cannery, the has a capacity of 16,000 cases by, they would, with the 5,000 daily acity cannery of the North American heries company already owned by aing & Gould, be able to turn out 16, cases of canned salmon daily. While this would be a strong factor the trade, it would not amount to thing like a trust for control of theses or, prices as against the comition of the Alasks nackers, the Co-

ything like a trust for control of siness or, prices as against the com-lition of the Alaska packers, the Co-nbia river and other cameries. There shrewd men who believe a combine all these elements is practicable, but far as can be learned there is no shability of the consummation of
