Largest Array of Horses Entered in History of Crescent City.

## THREE HANDICAPPERS TO BE TRIED OUT

Turf Gossip of the Country Concerning the Most Prominent Men.

(Journal Special Service.)  
New York, Dec. 1.—They're off at New Orleans and judging by the first three days of the racing, all the rosiest predictions of the winter season of 1922-23 are certain of realization. Never have there been so many horses at the Crescent City track as the class is very much larger than it has been since the inauguration of winter racing at the Crescent City. The crowds have been large and enthusiastic, and they have been treated to high class sport. The south has money this year and the combination of the average southern sporting man with a roll on his person and first-class horse racing means business for the bookmaker. No less than 25 books were open for business on Thanksgiving day, and so far as the returns at present to hand indicate, they are all pretty well satisfied. New Orleans is to have two tracks in operation after the end of the year. The Crescent City Jockey Club will have the field to itself up to New Year's, but on December 5 the Western Jockey club will meet and allot dates for 1923. It is altogether probable that they will divide time between the Crescent City club and the New Orleans Jockey club. The purses and stakes offered by the new organization are of sufficient value to attract the best horses at New Orleans, and there is little doubt that the two clubs will agree to divide the patronage amicably instead of going in for an era of throat-cutting which might prove disastrous to both.

The New Orleans Jockey club will try an innovation which will be watched by racing men all over the country. It is the establishment of a board of three handicappers, instead of a single one, which is now the system in vogue in this country. On the one hand, the board is divided on this question, and the success attained by the experiment at New Orleans will have much to do with the future method of handicapping on all the eastern tracks. On the other hand, there is some dissatisfaction over the weights assigned to Mr. Voeburg in some races, and unquestionably this veteran has made mistakes at times, the best opinion among trainers and owners in these parts is that the single handicapper will on the whole give the best results; still they are not hidebound, and if the New Orleans experiment vindicates the claims of those who favor the board system, they are willing to be convinced.

Among the visitors in this city during the week was Manager H. D. Brown, of the New Orleans Jockey club, who has been to all the racing centers east and west in the interests of his meet. Mr. Brown left the latter part of the week for Washington, where he will explain to owners and trainers just what he expects to do. He is enthusiastic, not only in regard to the future of the new venture, but of the racing situation in New Orleans in general. He said: "Horseshen who never before have raced at New Orleans will be on hand. The Schreiber, Covert, Danne, Ellison, Bennett and Schorr stables will be there in force; Billy Lakeland, an old-timer at New Orleans; H. M. Mason and others who will come on from the east. Naturally with us the booking is an important item, and it is certain that twice the number of bookmakers will be on hand this winter than in former years. With the poolrooms closed there should be good business for all. There is quite an interest in the future of the meet, and it is intended to hold a meeting for the trotters each fall, following the Memphis meeting, provided this can be arranged so as not to interfere with the opening of the Crescent City Jockey club.

"Our stakes will be closed today, and we are encouraged by the interest taken in the meeting by horsemen of the best class, both in the east and in the west." The plungers have not all the worst of it during the past season's racing in the Metropolitan district, and there is hardly a layer of odds who has not added much to his bank account. George Wheelock has closed up his business for the year not because it has not been profitable, but because he is making arrangements for an early departure for a winter's trip to Southern Europe and Africa. He is reported to be not less than \$10,000 ahead in the season, and it is freely predicted in New York that he is likely to make it interesting for the bank of Monte Carlo before the warm weather comes on. Among the other bookmakers who are credited with heavy winnings are George Boles, \$55,000; Harlan, of California, \$60,000; Joe Rose, \$100,000; George Rose, \$50,000; Billy Cowan, \$30,000; Billy Snow, \$30,000; Sam Frank, \$25,000; and Mike Ward, \$25,000. No wonder Drake and Gates, Yeager and the other plungers have concluded to give up the game for a while.

## SEND OFF TO BOB MEX WARD.

(Journal Special Service.)  
Indianapolis, Ind., Dec. 1.—Patrons of the Indianapolis Athletic club expect to see a good fight tonight when Otto Stiefel, of the Chicago Lightweights, and Mike Ward, of Saratoga, Ont., clash in a 10-round bout. The two will weigh in at 124 pounds, a weight which suits both men. It will be their second meeting in the ring. Their first encounter resulted in a decision for Ward after a lively and interesting fight.

## A SENSIBLE MOTHER.

Proud of her children's teeth, consults a dentist and learns that the beauty of permanent teeth depends on the care taken of the first set.

## SOZODONT Liquid and Powder

should be used. The Liquid to penetrate into the little crevices and purify them; the Powder to polish the surface, and prevent the accumulation of tartar.

FORMS: LIQUID, POWDER, PASTE.

## KENNEL CLUB TO MEET THIS EVENING

Member Taylor Gives His Views on the Position of the Club Men.

Speaking of the Kennel club, J. A. Taylor, who is in a position to know the sentiments of the members as nearly as anyone can, states that although published reports indicate pending trouble at the annual meeting, which will be held in Justice Reider's court room this evening, he does not believe that anything beyond the regular routine of business will transpire. "There are several prominent members," says Mr. Taylor, "who would like to have the membership of the club transferred from the W. K. L. to the A. K. C., but thinks that these gentlemen are too good sportsmen to try to force their ideas on the great majority, and that they will be patriotic enough to first consider the welfare of the Portland Kennel club, which has been remarkably successful under W. K. L. jurisdiction. The conservative members can see nothing to be gained by such a move, but that much would have to be relinquished, as all the past work of the club would be practically worthless if such a step were taken in this locality; but on the other hand has done everything possible to break up the home league, and at the present moment promises to taboo it by maintaining certain disqualifying rules. This taboo is almost too funny for serious consideration, as the worst effect would be to deprive league club members of the services of only one or two prominent judges who are officially associated with the A. K. C. should their services be desired. There are many others in the field, however, equally competent, and as a dog show judge is always remunerated with a good fee, it is hardly likely that the taboo will be long-lived. In the meantime it does not seriously worry a large percentage of coast fanciers, who claim that the rules of the W. K. L. are in fact an improvement on those of the A. K. C. That its official form of registration in the F. D. S. B. is far more perfect and provides much better protection to the breeder and purchaser than that of the eastern club. Kennel clubs as far east as Chicago continue to come under the jurisdiction of the league.

Several of the present office holders are desirous of retiring, which will make an opening on the board for some fresh blood. Owing to the intention to hold an international bench show at the Lewis and Clark fair much interest is manifest in the personnel of the new board and there is sure to be a large meeting as the club now numbers about 300 members. It is not likely, however, that any attempt will be made for a change of government.

## PROFITABLE AT THIRTY TO ONE WINS AT OAKLAND

(Journal Special Service.)  
San Francisco, Dec. 1.—Profitable furnished the surprise of the day, by winning the second event, while quoted at 30 to 1. Winners: Golden Breeze won time, 1:03. Seven furlongs, selling—Profitable won; time, 1:02 1/2. Five and a half furlongs, selling—Bell Reed won; time, 1:01 1/2. One mile, handicap—Arcade won; time, 1:42 1/2. ## FOOTBALL FUMBLERS.

The football rosters throughout Oregon are opened over the report that Corvallis will play Multnomah on Christmas. This match would be worth a long trip to witness. Right Tracks Griffith of the Albany eleven is not a resident of this city. Griffith is one of the sturdiest players that Albany ever turned out, and has always played great ball against M. A. A. C. It is understood that he will be out for an end position on the club eleven. Astoria comes along on Saturday for the second struggle of the year. Captain Stockton and his warriors are always welcome in this city, as they are true sportsmen and understand football.

## CUP SAFFS FOR ANOTHER YEAR.

(Journal Special Service.)  
New York, Dec. 1.—It is now a certainty that there will be no race for the America's cup next year. The rules and regulations governing the races require that the challenging club shall be given ten months' notice in writing, and it is the general understanding that the races should be sailed in August or September, it is now too late for a challenge to be received for a contest in 1923. Nothing authoritative has been heard from Sir Thomas Lipton, but those well acquainted with the character and views of the man are inclined to the belief that he has merely postponed but not abandoned his attempt to secure the coveted trophy.

## KICK SCHOOL ELDER'S CAPTAIN.

The Portland high school football eleven held their annual meeting last evening and elected officers for the ensuing year. Henry Pinkham was chosen captain and Harry Blagen was elected manager.

## DIAMOND GLISTENINGS.

Messrs. Morley and Fisher have started the post season struggle, and the southern manager has drawn first blood. Oscar Jones, the Brooklyn importation, had the "Injun sign" on the Tigers yesterday, and the champions were shut out. Jake Thielman left yesterday afternoon for Seattle, where he will visit his brother for a few days. Jake states that he will return to Portland before going to his home in Minnesota. Ralph Frary left last night for Seattle, where he intends to spend the winter. Eddie Davey and Slats Davis, who are organizing an indoor baseball team, have secured several well known players' consent to join their team. Charlie Shields, Louis Castro, Jack Drennen, Lew Mahaffey, Erv Beck, Ed Davey and Slats Davis are already enrolled on the team, and they expect to have Andy Anderson and Van Buren join them and complete the nine. As soon as the club is completely organized an effort will be made to arrange for a series of games to be played through the winter. "It is a funny thing about Gochbauer and me," said Danny Shay the other day. "He has been following me all over the country. After I left New Bedford he joined the club. Then I went to Dayton, and he came there. After I left Cleveland Gochbauer looms up and plays short. Then I wouldn't be surprised to hear of him going to St. Louis now."

## ANGELS TAKE FIRST.

San Francisco, Dec. 1.—In the first game of the special series yesterday, the Angels easily whitewashed the Tigers, through Jones' splendid pitching. Score: R.H.E. Los Angeles . . . 0 0 1 0 1 0 2 2—4 11 1 Tacoma . . . 0 0 0 0 0 0 0 0—0 2 3 Batteries—Jones and Spies; Thomas and Graham. Umpire—McDonald.

## MATTHEWS WON FROM FAY.

New Orleans, Dec. 1.—Matty Matthews, Philadelphia welterweight, won the decision over Billy Fay, a local man, at the end of a 10-round bout before the Unexpected Athletic club last evening.

## The Other Side.

From the Chicago Tribune.—"Hear about the rioting they're having in Chicago?"  
Second Citizen—"No; I heard the strike was all settled several days ago. It's getting so you can't believe any news you hear from Chicago at all."

## Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I have been afflicted for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by Red Cross Pharmacy, corner Ninth and Oak, on the way to the postoffice. Trial bottles free. Regular sizes 50c and \$1.00.

## SEASON'S SCHEDULE FOR INDOOR BALL

The indoor baseball season at the armory will open Saturday evening with a game between Companies H and K. The schedule for the entire season, which will continue until April 8, is as follows: December 3, Co. H vs. Co. K; December 10, Co. E vs. Co. F; December 16, Co. B vs. Co. C; December 17, First battery vs. Co. E; January 7, Co. C vs. Co. K; January 14, First battery vs. Co. F; January 21, Co. C vs. Co. H; February 4, Co. B vs. Co. K; February 8, Co. F vs. Co. F; March 18, First battery vs. Co. E; March 21, Co. F vs. Co. G; March 25, Co. B vs. Co. K; March 27, First battery vs. Co. H.

## COURTESY IN NEBRASKA.

From the Nebraska State Journal.  
A woman who returned recently from a visit to one of the smaller towns of Nebraska, tells how they operate the street car system there. Her host was escorting her to the depot to take her departure and as she could not sprint the two blocks to the car line, she was obliged to do the next best thing. He placed her on the train standing still and for hours the efforts of the railroad men to find it were unavailing. The accident occurred a little after midnight. From that time until daylight the railroad telegraph operators along the line from the scene of the wreck to Portland made the wires hot in their efforts to trace the missing car. It was thought that it might have got uncoupled and jumped from the train, or had been left at some station. The mystery of the lost car was solved at dawn, when the car was driven completely into a car of the Pennsylvania railroad. The cars had been telescoped in such a way that by lantern light they looked like one whole car, and had thus escaped notice. The telescoping of these cars was regarded as remarkable, inasmuch as they were in the train standing still. So tremendous was the shock that the engine of the stationary train was forced back against the Boston & Maine power, and it was only by the use of the Pennsylvania car that it was possible to get it out of the jam.

## WAGES IN GERMANY.

In the principal German cities the day wages for unskilled labor for adults are as follows: Berlin, 63 cents; Hamburg, 71.4 cents; Bremen, 83.2 cents; Altona, 87 cents; Breslau, 87.1 cents; Dusseldorf, 71.4 cents; Hanover, 74.3 cents; Cologne, 59.5 cents; Munich, 71.4 cents; Frankfurt, 73.8 cents; Dresden, 66.6 cents; Leipzig, 71.4 cents; Stuttgart, 71.4 cents; Bonn, 83.2 cents; Mainz, 64.2 cents; Konigsberg, 55.5 cents; Muenster, 67 cents; Magdeburg, 57.5 cents.

## O. A. C. WILL PLAY MULTNOMAH TEAM

Game with the Agries Practically Assured for Christmas Afternoon.

Oregon football followers will be pleased to learn that a game between Multnomah and Corvallis is practically assured for Christmas afternoon in this city. Manager Watkins has been trying for several months to arrange a game with the Oregon Agriculture men, but the requests would not give their consent, but it was learned this morning that a majority of the regents were in favor of the scheme, and that the only thing necessary to do was for the board to give its formal sanction.

There is no team on the Pacific coast that can give Multnomah a harder game than O. A. C. Although Oregon defeated them 6 to 5, and while not detracting in the least from Eugene's victory, the loss of three of O. A. C.'s star men greatly handicapped the Corvallis eleven. Now that Multnomah only defeated Oregon 7 to 0, or really 5 to 0, the meeting between the club and O. A. C. should be a most interesting event. The fact that the game will be played on Christmas will give both teams plenty of time to get in shape for the fray. The Corvallis eleven is a strong aggregation, and, in addition, can cope with any team on the coast. Anyway, it will be a treat to see such a match, and the football partisans trust that the negotiations for the match may not fall through.

For the first time since the Thanksgiving game the Multnomah football squad will meet this evening for practice at the B. S. A. gymnasium. The close approach of the Astoria game, which is scheduled for Saturday afternoon, has had the effect of getting the boys together, as each member of the team realizes that a hard game will result when Multnomah and Astoria meet.

Although the club men have defeated Albany and Oregon and other well seasoned teams, and scored a 5 to 4 victory over the Astorians, the feeling prevails that the coming match on Saturday will be a stubbornly fought one.

Another thing that is worrying the club members is the strong team which is being played by "Chancy" Bishop's Willamette eleven. Willamette recently defeated Albany 16 to 0, the same score by which M. A. A. C. beat Albany, and Bishop's men are in fine condition, and have been splendidly coached, their chances against Multnomah are exceedingly bright. Of course, the superior weight and greater experience of the club men will prove over their younger and lighter opponents, but it is an assured fact that the club men will have to keep their eyes open in this match.

## LOG RAFTS PREVENT USE OF FIREBOAT

Fire Underwriters Call Attention to Very Serious Menace to Lumber Yards.

Fire underwriters have undertaken to prevent the blocking of the entrance-way from the river channel to the various lumber plants along the waterfront. It is feared that in the case of fire the fireboat may have difficulty in finding its way through the rafts of logs that are moored in the river.

J. C. Stone, manager of the board of fire underwriters of the Pacific, has written to the members of the fireboat committee directing their attention to the matter, and has suggested that the lumber plant owners along the river asking their co-operation. The letter follows: "It having come to the attention of this office that log rafts are being moored in the vicinity of a number of sawmills in this city in such a manner that action of the fireboat might be seriously hampered in event of fire on adjacent shore, I beg to direct your attention to the advisability of establishing and maintaining an entranceway from the river channel to your mill, to be kept open at all times. Chief Campbell agrees with me that where log rafts interfere as described above, the fireboat would probably be rendered powerless, owing to its inability to find a way through the logs to the property endangered. "Will you therefore kindly let me hear from you as to whether the maintaining of such an entranceway would necessarily inconvenience your mill? A similar letter is being written all over the lumbering districts at Portland, and I trust we will receive the co-operation of the owners concerned in our efforts to derive the largest possible measure of protection from the fireboat."

## FREIGHT CAR THAT DISAPPEARED.

From the Boston Globe.  
In a recent railroad accident on the Worcester, Nashua & Portland division of the Boston & Maine at East Harrington, N. H., when an extra freight train from Nashua crashed head on into an extra freight from Portland that was waiting there to meet it, a Boston plaine car on the train standing still disappeared and for hours the efforts of the railroad men to find it were unavailing.

## Prompt Action is Pleading Many Portland Citizens.

Get down to the cause of everything. Bad backs are caused by sick kidneys. Cure the kidneys, you cure backache. Doan's Kidney Pills are for kidneys only. No time wasted trying to cure other troubles. Portland people endorse their merit. Mrs. A. M. Hollabaugh, wife of A. M. Hollabaugh, proprietor of shoe repair shop at 192 Third street, place of residence 223 Gilliam street, says: "For two or three years I had kidney disorder and inflammation of the bladder. There was not so much backache, the principal symptoms being in connection with the kidney secretions, which were much too frequent and accompanied by pain. Learning about Doan's Kidney Pills, I bought a box at the Lane-Davis Drug Co., corner of Yamhill and Third streets, and got a box. Before I had completed it I felt the beneficial results in every way. I hold a very high opinion of Doan's Kidney Pills and can cheerfully recommend them."

## BRILLIANT SEASON HAS PECULIAR END

This Year Will Go Down in Pigeon History with Honors in Doubt.

## WILL HARVARD AND YALE END RELATIONS?

Scheme Proposed Whereby Eastern Championship May Be Satisfactorily Settled.

With one of the most peculiar seasons on record just brought to a successful conclusion by the brilliant contest at Philadelphia between the army and navy it would seem a trifle premature at this time to talk about what is likely to happen next season, but there is some talk among football men now which merits attention even at this early day. First in importance, if true, is a report which comes from New Haven to the effect that there is a possibility that a break may come between Yale and Harvard. The cause assigned for the friction between the great eastern university rivals is the insistence on the part of Harvard in playing Matthews, her negro football star, in spite of the fact that Yale has intimated strongly to the Harvard football authorities that there was great opposition on the part of many Yale men, particularly those of southern birth, against playing with a negro opponent.

Princeton also is said to share Yale's feelings in the matter—the negro question standing in the way of the arranging of athletic relations between these two great institutions. If there is anything in these stories, the portion referring to Princeton and Harvard is more likely to be true, the southern element being stronger at Nassau than at any of the eastern universities.

Another football story is to the effect that negotiations are either under way or soon will be, in which Yale, Princeton, Columbia and Pennsylvania are mentioned. For the arrangement of a football schedule which will truly determine the eastern championship instead of leaving it up in the air, as it is this season. This report has the merit of being most desirable in any event. If the four universities mentioned should take up this matter in earnest they will settle it without any difficulty, and should also easily arrange a match with the champions of the east and the west, and so settle the national championship. It is true that the shortness of the season makes the arranging of a schedule between the half dozen leading teams, which have a right to championship aspirations, difficult. These difficulties are by no means insurmountable.

The ending of the football season turns the attention of college athletes to other games. There is every indication that this will be an exceedingly successful season for basketball, hockey and similar games. All the leading universities have good basketball teams and the schedules are being rapidly arranged. The eastern season opens on December 10 with the game between the University of Pennsylvania and Swarthmore at Philadelphia, and from then on till spring basketball playing will be lively. The college gymnasts also are busy arranging their schedules for the season.

Capt. Samuel Hull, who has a small cottage at Riverside, has tamed a large gray rat so that she is as docile as a kitten and comes when called with a rat adish. Recently the rat appeared with three young ones, who are becoming as tame as his mother.

## Not for General Circulation.

From the Chicago Record-Herald.  
"Say, pa, when I'm a man, won't I have to obey you no more?"  
"No; but you'll have a boss then who will make you wonder whether you thought you were tired to lead with. You needn't tell your ma, however, that I told you."
