

F. A. KILBURN WILL CALL AT EUREKA

General Manager of Russell & Rogers Line Says Business Warrants This.

ONE OF THE IMPORTANT CITIES OF THE COAST

Portland Will Profit by the Change as Travel is Heavy Both Ways.

Fred Russell, general manager of the Russell & Rogers line, says that from this time forward Eureka will be made one of the port of entry calls of the steamer F. A. Kilburn.

"Eureka is rapidly becoming one of the important cities of the coast," said Mr. Russell this morning, "and that is the reason we have decided to call there."

If conditions warrant, Mr. Russell said, the company would add another steamer to the Portland-San Francisco run in the spring—probably of the same size as the Kilburn and equally fast. Should this plan carry the Aurelia will be used together as a freighter.

"The addition of the fleet would probably be made at once," continued Mr. Russell, "if a boat suitable for the run could be secured. There is none on the Pacific coast, and it would require too much time to have one built. There are several fine steamers on the Atlantic coast, and it is probable that one will be purchased. A vessel can be bought much more cheaply than built."

The general manager further said that the Lewis and Clark fair will be a big coast attraction next summer. He expects many California people to come north at that time, and he believes the majority of them will patronize the boats.

The report that the Kilburn was to be taken off the run as soon as she returns to San Francisco was denied in most emphatic terms.

SEEK A COMPROMISE.

Port Commissioners Refuse Payment for Supplies for Dredge Columbia.

The Port of Portland commission decided not to pay in full a bill of \$850 for 10 sleeves purchased from the Bowers Rubber company almost three years ago for the dredge Columbia.

Commissioners Driscoll, Pease and Willis will endeavor to effect a compromise with the company. Of the 36 sleeves purchased 10 were rejected because they failed to come up to the standard. One of the commissioners explained that all the information they had on the subject was received from Engineer Lockwood.

"Well, the engineer was not always infallible," answered Commissioner Thomas. "I know a number of bad mistakes he made."

Thomas was one of the members who favored paying the bill. Commissioner Willis was of the same opinion.

At the request of Daniel Kern the Columbia Contract company will have to

pay only \$26 a day instead of \$160 for the use of the dredge Portland in clearing out the channel near Fisher's landing. Mr. Kern stated that owing to the washing away of the jetty trestle at the mouth of the river the company could not deliver any rock, and therefore the dredging proved of practically no value to it.

Commissioners Willis and Adams will inquire into the matter of levying a tax to raise funds with which to carry on the river improvement work during the coming year.

The following bids for supplying the steamer Wagon with a new boiler were received: Astoria Iron Works, \$1,825; Willamette Boiler Works, \$1,590; Portland Boiler Works, \$1,950; Marine Iron Works, \$1,962.

ALLEGES BROKEN PACT.

Balfour, Guthrie & Co. Sues Asiatic Steamship Company.

Balfour, Guthrie & Co. brought suit in the United States courts yesterday against the Portland & Asiatic Steamship company for \$1,500 damages. The allegation is that after space had been engaged on the Nicomedia scheduled to sail last August, the contract was canceled, and the shipping company did not deliver 2,000 tons of flour to Hong Kong and way ports. The exporters were compelled to make their shipment by way of Puget sound.

ALONG THE WATERFRONT.

Schooner S. T. Alexander moved from the lower harbor this morning to the Portland mill, where she will receive a cargo of lumber.

Owing to shoal water at various points in the Columbia river, the steamer Charles H. Spencer did not reach Portland from The Dalles until late yesterday. She struck bottom repeatedly while landing at Hood River.

If they can be loaded in time, oriental liners Numanita and Ellerie will sail Sunday. The Ellerie will go to San Francisco for additional freight for Hongkong and way ports.

Major W. C. Langfitt returned this morning from a trip to Puget sound. He inspected the harbor at Sehome, near Blaine, where a site has been selected for the erection of a new lighthouse. The contract has been let to a San Francisco firm.

District Forecaster Beals ordered storm warning displayed all along the coast at 7 o'clock this morning. Three hours later a wind was raging off the mouth of the Columbia at the rate of 43 miles an hour.

MARINE NOTES.

Astoria, Or., Dec. 9.—Arrived at 7:45 and left up at 10 a. m.: Steamer Redondo, from San Francisco. Arrived down at 11 a. m.: French bark Europa.

San Francisco, Dec. 9.—Arrived at 10 p. m.: Steamer Geo. Loomis, from Portland.

Astoria, Or., Dec. 9.—Sailed at 2:35 p. m.: Steamer Aberdeen, for San Francisco.

Astoria, Or., Dec. 8.—Condition of the bar at 8 a. m. rough; wind south; weather rainy, light.

LOCAL SHIPPERS WANT JUSTICE.

Only in an indirect way are the local shippers interested in that portion of the steamship Arabia's cargo which is being held at Vladivostok as contraband of war. They have been paid by the marine underwriters for the loss of the freight, but they are desirous of seeing the latter get justice in the matter. They believe a wrong decision was rendered by both prize and admiralty

courts. A local representative of M. C. Harrison & Co. says Secretary Hay, of the state department, will take the case up with the St. Petersburg government.

GRANTED BATES FOR REEDS.

The British ship Glaucous, chartered by Girvin & Eyrse the other day to load wheat for the United Kingdom, received a rate of 22s 6d. The British ship Dunrogan, which was engaged by the Portland Flouring Mills at the same time to carry flour to South Africa, will be paid 21s 6d. The Glaucous will begin loading the first of the week.

FAST LAUNCH FOR FAIR TRADE.

E. McLean and Grant Key have let a contract for the building of a gasoline launch which they will operate in the harbor during the Lewis and Clark fair. The craft will be 60 feet long and will be built for speed. The engines which are now in the Jessie Harkins were bought for her yesterday from Hosford Bros., and the Jessie Harkins will be supplied with much larger engines.

FREIGHT AGENTS WILL BE WELL ENTERTAINED.

A committee of local railway men will meet at the Grand Central station at 5:30 o'clock this afternoon to receive the Northern Pacific railway's freight agents, who arrive at that hour on their tour of the Pacific northwest. They will be taken to the Portland hotel for supper and at 8 o'clock they will attend a "smoker" at the Commercial club parlors, where they will be introduced to Portland manufacturers, shippers, railway men and representatives of the Lewis and Clark fair board.

No set program has been prepared, but brief informal talks will be made by a number of Portland speakers. The visitors will remain in Portland tomorrow and the day will be devoted to seeing the exposition grounds and the city.

Local members of the Concatenated Order of Hoop-Hoo are arranging a reception to be given Saturday evening to the visiting freight agents of the Northern Pacific railway. The freight agents have been tendered the courtesy of the Columbia & Astoria railway by President Hammond for an excursion to Astoria Sunday. They will go in a special train, leaving Portland at 7:30 a. m., returning in the afternoon in time to leave for Walla Walla on the O. R. & N. regular train.

AGED MAN ELECTROCUTED.

(Journal Special Service.) Columbus, O., Dec. 9.—William Nichols, 63 years old, who was convicted of the murder of Alfred Minard, a civil war veteran, at Kenton, in 1903, was electrocuted in the penitentiary at midnight.

NOTICE OF RECEIVER'S SALE OF LAUNDRY IN

trusteeship to the decree of the circuit court of the state of Oregon for the county of Multnomah, entered on the 24th day of December, 1921, in case of T. J. Geisler, trustee, vs. Portland Federated Trades Laundry Company, defendant, the undersigned will sell at public auction, for cash, on Monday, the 10th day of December, 1921, at 12 o'clock, noon, at the laundry plant, 222 1/2 North Commercial street, in the city of Portland, this property, to-wit: all fixtures and appurtenances of said laundry business. Further particulars hereof may be obtained at my office, 520 Chamber of Commerce, in said city of Portland, and an inspection of the property so to be sold may also be had, if desired. The sale of said business will be continued in operation until the sale of said property, and the continuation thereof by said court. Dated, December 6, 1921. T. J. GEISLER, Receiver.

SHANAHAN'S SHANAHAN'S SHANAHAN'S SHANAHAN'S

Santa Claus Wishes the Children to Call on Him

He will try and remember all, but he says his lot of toys at Shanahan's will not be sufficient to accommodate Portland's younger generation. Think of that, children, and there are more toys here than ever before. Santa has ordered more and we think they will get here in time. Santa Claus is very tired now. He has so many children visiting him daily that he scarcely has time to jot down what they all want, but he is a pretty good bookkeeper. He has to set up nearly all night now answering letters. He says if they keep on coming so fast he will have to get an assistant to help do his work, because he can't lose so much sleep. He wants every little child in town to come down to Shanahan's to see him. Every mother should bring her children down to our TOY WORLD. Such a toy store was never seen in Portland. It is a grand feast for their eyes; it pleases them; it sets their little minds to work; it has a tendency to make them better children. Mothers that have "wee" ones so small they must be carried will find Monday a very good day to call, since the store is not usually so crowded on that day. Whatever you do, DON'T OVERLOOK OUR TOY WORLD on both floors.

O, YES, WE GIVE TRADING STAMPS

Buy HOLIDAY PRESENTS

Notwithstanding that the bargains here are plentiful and of the latest and best quality, we give you trading stamps with every 10-cent purchase.

WHAT YOU CAN DO WITH B. & H. STAMPS

For every 10-cent purchase or multiple thereof we will give you B. & H. stamps. Paste these on the back of a sheet, which contains four pages, which we give you, holding 60 stamps each.
