

H. W. SCOTT'S ATTACK PROVES BOOMERANG

Editor Sought to Undermine Hitchcock and Get His Portfolio.

WAS IN THE RUNNING TILL HE THREW DUD

Now, It is Said, Scott's Hopes of Becoming Secretary of Interior Are Futile.

(Washington Bureau of The Journal.) Washington, Dec. 14.—It is well known to high authorities that Harvey W. Scott, of Portland, Ore., desires to succeed Ethan Allen Hitchcock as secretary of the interior, and is sending every energy and bringing to bear every pull at his command to that end; and the odd part of the situation, according to this same high authority, is that he actually had at least a slight chance of being considered until he was hoisted by his own petard.

It has been known in inner circles here for several months that Scott has been working steadily for the portfolio. As the editor and part owner of a newspaper in Portland he passed current with many as a leader in Oregon affairs. Finding that his usual methods were not bringing the political plums of the ground, he adopted tactics which it is said by those who have seen his newspaper are customary in his campaigns. He assailed with great gusto every act of Secretary Hitchcock's, particularly in connection with the land-fraud cases in Oregon, presumably hoping thereby to undermine the secretary of the interior and thus by making his resignation questionable in order to strengthen the Scott claims for office.

The "politics" which seem to have been used in the far northwest, as a rule are frowned on in Washington. It is not considered the height of good form to undermine a man whose place is being sought, and such action becomes particularly odious when the aspirant is the directing voice in a newspaper which is used for such purpose.

Scott's candidacy, it is believed by those who are familiar with the situation, has been rendered absolutely void by his editorial utterances.

WILL TRY TO CHANGE EMINENT DOMAIN LAW

(Special Dispatch to The Journal.) Seattle, Wash., Dec. 14.—The first thing taken up by the municipal convention when it met this morning was a bill which will be presented to the legislature for passage, changing the state law of eminent domain. It provides that when property is to be sold for delinquent assessment, on account of condemnation proceedings within a certain district, only such part of it as is sufficient to pay the tax shall be disposed of. The purpose is to prevent money sharks from bidding the property in at almost its market value and then charging 10 per cent under the law for the full period of its redemption.

Most of the other bills which the convention will recommend for passage to the legislature have to do with taxes for public improvements, including a special tax to be levied against state, school and county lands for all about-time improvements, within cities of the first and second class.

The meeting will adjourn and after a banquet the delegates from all over the state will return to their homes.

DREAM OF SEATTLE MAN IS FULFILLED

(Special Dispatch to The Journal.) Seattle, Wash., Dec. 14.—Sunday night Howard Cobb, who lives in a villa on an island in the middle of Lake Washington, dreamed that his house was on fire and he had a narrow escape. The following morning he told his wife, who reminded him that he must not put any faith in dreams.

Monday night about 11 o'clock Cobb and his wife were awakened. The house was full of smoke, and it was only after a hard fight they managed to escape with their lives. The origin of the flames is a mystery. At the time the couple went to bed there was no fire in the house, and so far as they were aware there was no one besides themselves on the island that night.

TO CONSTRUCT ROAD IN GRAND RONDE VALLEY

(Special Dispatch to The Journal.) La Grande, Or., Dec. 14.—The Eastern Oregon Development company has secured a right of way for the construction of an electric road in the Grand Ronde valley from all the principal towns, including Union, Cove, Summerville, Island City, Elgin and La Grande, which means that the construction of the road will be pushed through at once.

HUNTERS SEE WILD MAN ON VANCOUVER ISLAND

(Special Dispatch to The Journal.) Vancouver, B. C., Dec. 14.—Word has been received here of the presence of a wild man in the vicinity of Horse Lake, Vancouver island. Four residents while hunting Saturday from the lake saw a being in the form of a man, evidently young with long beard and body covered with hair. The creature was surprised on catching sight of the hunters and ran away into the undergrowth.

LA GRIPPE—PNEUMONIA

So many people who have apparently recovered from an attack of La Grippe are stricken with Pneumonia. This is due to the fact that the Bronchial Tubes and Lungs are left weakened and unable to resist disease.

FOLEY'S HONEY AND TAR

not only cures La Grippe Coughs, and prevents Pneumonia, but strengthens the Lungs so they will not be susceptible to the development of serious lung troubles. Do not take chances with some unknown preparation that may contain some harmful drug when FOLEY'S HONEY AND TAR costs you no more and is safe and sure. Contains no opiates.

I had a bad case of La Grippe about ten years ago which left my Lungs so weak that I have been troubled more or less every winter since until I used FOLEY'S HONEY AND TAR, which cured me completely and my Lungs no longer trouble me.—J. H. BROWNING, D.D.S., Orrick, Mo.

G. VACHER, 157 Osgood St., Chicago, says: "My wife had a very severe case of La Grippe, and it left her with a very bad cough. She tried a bottle of FOLEY'S HONEY AND TAR and it gave immediate relief."

The 50c bottles contain two and one-half times as much as the small size and the \$1.00 bottles almost six times as much.

SOLD AND RECOMMENDED BY LAUE-DAVIS DRUG COMPANY AND WOODARD, CLARKE & COMPANY.
