

WALKER'S NIGHTMARE BEFORE OREGON GAME

Remarkable Dream That Came True to the Letter Last Month.

The Oregon Agricultural college students and players are so highly wrought over the coming match between the Corvallis and Multnomah eleven on Monday afternoon next that they are dreaming about the result.

"Dow Walker is not a dreamer, but occasionally he dreams. It is true of him that once he had a remarkable dream. It is also true that he made a touchdown in the game between the Oregon Agricultural college and the University of Oregon, November 13, and thereby hangs the unusual tale that it is the strand of this article to tell.

"I had a dream last night," said the redoubtable center to his mates at the breakfast table the morning of the game. "I dreamed that the game was on, and that it was close, and so were we fighting desperately, and so were we. The ball was changing hands frequently, and every man on both sides of the scrimmage line was playing as for his life. All at once, there was a big pile-up and I was on the rest. Suddenly I saw something rolling toward me, and I was unprepared. It was the ball. To see it was to seize it, and I began a desperate run up the field for the Eugene goal. As I neared the goal line, I awoke, to find that it was all a dream."

The marvelous part of the tale is that the dream as told morning at the table, is an exact and correct statement of what actually occurred on the field nearly eight hours afterward, except that Mr. Walker finally plunged across the Eugene goal line and scored a touchdown and a score of five points for the Oregon Agricultural college.

When it comes to dreaming victories the Multnomah men claim that they are not in it for a moment. Captain Dowling says that he had a correct dream of the Multnomah-Berkeley game this year, but it occurred the night after the game. Dr. Block's dream was a big pile-up, and his hunch came true, because Tom believes that dreams go in the contrary.

On account of all these strange signs and hunches the Multnomah squad has taken upon itself the task of disproving visions by getting down to the hardest kind of work for the next two games. Corvallis will be here on Monday next with a splendid football team. Dr. Block's men are in fine condition and know the game thoroughly. They are coming here to win, as a victory over Multnomah means everything to the Ags, as Oregon only defeated them 4 to 5.

To meet this powerful aggregation on an equal footing Multnomah must place her best team in the field. If the Corvallis players could have seen the club men at work during the last three weeks, their terror would invade their breasts. No better work at practice has been done this year, and Captain Dowling deserves great credit for being able to get such a large squad of players. Multnomah defeated Corvallis on Monday and a week from Monday expects to vanquish Seattle. Last night's workout was most satisfactory. Ross and Seely were in the guard positions and put things into the play. Steve and the game. Koller was in his place. Kirkley showed up cleverly and demonstrated to the boys how tackle should be played. Roy is in fine condition for a game and will make his opponent in the Oregon Agricultural college contest go home. In the back field Loneragan, Dolph, Murphy, Corbett and Johnson put up glittering ball, while Dowling and Jordan pranced around as end rushers. Grievie was at center. Foley, Crosby and Bennett were tried out and may be given a chance in Monday's game.

NEW BOWLING RECORD. New York, Dec. 22.—A new world's record was made last night at the Grand Central alleys by Peter Eichelie in the Consolidated stock exchange tournament. His scores were 255, with nine strikes and 219 with 10 strikes, an average of 272 pins.

In the first game he had a split in the eighth frame on the five and seven pins on which he made a spare. In the second game he scored 10 straight strikes. The team totals were in the first game 1,009 and in the second game 951.

LADIES' NIGHT PROVES BRILLIANT AFFAIR

Multnomah Club's Young Men and Women Cleverly Distinguish Themselves.

The Multnomah Amateur Athletic club observed "ladies' night" last evening at the club, and the affair was one of the prettiest and most successful functions of its kind ever held by that popular organization. The entire building was crowded with the members and their friends, and the program was pronounced the best ever. The grace and skill displayed by the youngsters was a revelation, and credit is due Instructor Krohn for this splendid showing. Charles Brandon and Irving Rohr, who had the program in charge, were complimented upon the excellence of their work.

The sweetest part of the entire affair was when the day juniors won the marching contest. Upon receiving the award each boy junior also received a box of candy, and gallantly and gracefully the entire corps of boys rushed over to the girls, who were their competitors, and passed each one with the candy they had won.

In the apparatus work Seniors King and Nielsen performed perfectly and received well-earned applause. In fact, all the girls and boys did creditable work. Edgar Frank showed his skill in the wrestling match by winning two falls out of three from O. Drange. In the basketball game the Multnomah team defeated the Corvallis team 4 to 1. In the boxing or "walking contest," there was no decision given. The wand drill was a pretty piece of work. Other interesting features were the marching band, parallel bars and the swimming exhibitions.

DEBUT KIBBO DEAD. Chicago, Dec. 22.—Robert Waddell, the pride of Chicago race-goers, and about the shiftest gelding the Salem track has been destroyed by his owner, "Pa" Bradley, on the Virginia farm where the race horse was passing his last days. Robert Waddell broke a shoulder and Bradley took him home to nurse the horse back, as he did not wish to kill the great money winner. However, the horse did not respond, and his death has ended his suffering.

It was in 1901 that Robert Waddell came west from Benning and did a few stunts around Chicago. An undersized horse and looking a lot like a mule, the little fellow did not attract much attention. Yet he trained on and won the great American Derby, following this by winning at every distance asked, from a sprint up.

BASEBALL AT HOMEBOOTH. (Special Dispatch to The Journal.) Monmouth, Or., Dec. 22.—The normal basketball team will meet the Salem basketball team this evening at Salem Y. M. C. A. The game is expected to be a good one. The normal team will start on a tour during the holiday week, and will cover about six games before returning.

GRAVE CHARGES MADE AGAINST OFFICERS. (Journal Special Service.) New York, Dec. 22.—Congress will be called upon to investigate the scandal at Governor's Island. Charges have been made by a special civilian committee so sensational as to involve so many officials that members declare the war department could not be an impartial tribunal. It is charged that officers of the post misappropriated \$37,000 for their own comfort from a fund of \$40,000 appropriated by congress for the benefit of enlisted men.

It is alleged that \$40,000 set aside by the secretary of war for a club house for enlisted men has not been used for the purpose named. The money, the committee declares, has been used to build an addition to the officers' club house and to refurbish and remodel the building. Only \$2,000 of the \$40,000 appropriated was spent on that part of the building devoted to enlisted men. It is alleged that the so-called reading room contains no books, magazines or newspapers of any kind.

The officers of the post made a partial admission of the truth of the charges, but declared there must have been a misunderstanding as to what use the money was to be put to.

DOUBLE DECK STRUCTURE PROMISED IN NEAR FUTURE OVER COLUMBIA RIVER AT VANCOUVER. Slowly but surely events are shaping an enterprise undertaken by capitalists to bridge the Columbia river at Vancouver, B. C., with a double-deck structure. The bridge will be a double-deck, the lower part to be used by the steam road and the upper part by the street railway. Preliminary work is being done, and Chief Engineer Crosby, in charge of the Pacific coast division of the Northern Pacific, with headquarters at Tacoma, is studying the currents of the Columbia river with a view to determining location. Street railway officials who were interviewed today on the subject said: "There is no ground for the report that the street railway company is considering a bridge proposition jointly with the Northern Pacific Railway company. We would be pleased, however, to see such a project undertaken, and consider ourselves fortunate in receiving a proposition on terms that we could afford to accept to make use of the bridge in the operation of our Vancouver ferry line."

COACH YOST SUGGESTS CAMP'S SUGGESTION

Wants Ten Yard Gain to Prevail Between Two Twenty-five Yard Lines.

DIFFICULT TO SCORE UNDER TEN-YARD RULE

Inside of Twenty-five Yard Mark the Old Rules Should Govern.

(Journal Special Service.) Ann Arbor, Mich., Dec. 22.—A working plan for Walter Camp's suggestion of 10 yards for a first down in football has been devised by Coach Yost of Michigan. His scheme provides for the objection that teams cannot score under a 10-yard rule by playing the last 25 yards toward touchdown under the present plan, does not put the 10-yard rule in operation inside the 25-yard line, but only that of the team on defensive. Yost's statement is as follows: "The 10-yard rule might be made effective, providing the rules governing the attack were changed so as to make it possible to gain the necessary distance for a first down. I believe that the second team to 4. In the boxing or 'walking contest,' there was no decision given. The wand drill was a pretty piece of work. Other interesting features were the marching band, parallel bars and the swimming exhibitions."

Knowledge of any negotiations to that end by D. O. Mills of New York is denied, although it is admitted that D. O. Mills is a heavy stockholder in Portland Consolidated, and that he is also a big man in the Northern Pacific Railway company. He was the owner of 40 per cent of the stock of the old Portland Railway company. Reduced to cash values, his interest amounted to \$400,000, and to that amount he is now interested in the \$5,000,000 corporation known as the Portland Consolidated Railway company.

The street railway company has been reached by the Northern Pacific Railway company to use the pier built some years ago opposite Shaw's Island by the Oregon Railroad & Navigation Company. The location of the proposed bridge will be governed by the findings of Engineer Crosby after an investigation covering many months. The bridge will be a double-deck structure, the lower part to be used by the steam road and the upper part by the street railway. Preliminary work is being done, and Chief Engineer Crosby, in charge of the Pacific coast division of the Northern Pacific, with headquarters at Tacoma, is studying the currents of the Columbia river with a view to determining location. MANAGER SEKS WIFE FUGITIVE. (Journal Special Service.) San Francisco, Dec. 22.—Batting Nelson secured a warrant this morning charging his manager, Ted Murphy, with felony embezzlement. He accuses them of stealing and taking with them \$7,871 which belongs to him. \$5,371 of which was a check representing his share of the receipts from Tuesday night's contest with Britt, and the \$2,500 balance in cash. The accused men were apprehended at Stockton early this morning and detectives have been detailed to bring them back to San Francisco.

BATTILING NELSON MARRIED. (Journal Special Service.) San Francisco, Dec. 22.—A surprise was sprung on the sporting fraternity here yesterday when Batting Nelson swore out a warrant for the arrest of his manager, Ted Murphy, whom he charged with larceny of \$10,000. Murphy left town last evening, but was apprehended at Stockton about midnight. Murphy expressed considerable surprise upon being arrested, and denied the accusation. Only \$150 was found on his person.

BALL MANAGER'S HOME. The judge W. W. McCredie, Manager Walter McCredie and Ben C. Ely of the Portland baseball club returned this morning from California, where they attended the league meeting, and in the interest of the local club they expressed themselves as satisfied with the treatment accorded them at the meeting, and are arranging matters for the season.

TEN BOUNDS TO A DRAW. (Journal Special Service.) Kalamazoo, Mich., Dec. 22.—Clarence Forbes of Chicago fought a 10-round draw here last evening with Harry Cobb of Detroit.

TWO IN TEN MINUTES. Transactions amounting to nearly \$600 made in less than ten minutes at Eilers Piano House yesterday.

The statement will probably be doubted by many, but it is an actual fact that Eilers Piano House without any previous solicitation sold yesterday in less than 10 minutes two instruments which in the aggregate amounted to nearly \$600. The first was a beautiful Chickering baby upright, one of the special holiday styles. The name Chickering on the fallboard was sufficient guarantee of the merit of the instrument to Mr. and Mrs. Lumsden of 654 Washington street, and the case so exactly suited them, they decided upon a complete loan, their names going on the sales report before they had been in the store five minutes.

The other sale was one of the dainty little miniature uprights, which was purchased by prominent Portland citizen for his little girl, but as it is intended for a Christmas present the name cannot be given. The pretty little piano, which had been in the window less than a day, caught the eye of the gentleman as he passed the store. He came in, priced the piano and ordered it sent to his home without any hesitation. The entire transaction consuming at the utmost three minutes. These are simply additional illustrations of the fact that the instruments Eilers Piano House is offering the people this season are what the people of Portland want. Store 131 Washington street.

UNOFFICIAL COUNT OF NOVEMBER VOTE

Roosevelt's Gain Over Showing Made by McKinley Exceeds Four Hundred Thousand.

PARKER'S SHOWING IS NOT UP TO BRYAN'S

Total Vote Falls Four Hundred Thousand Below That Cast in 1900 Campaign.

(Journal Special Service.) Chicago, Dec. 22.—An unofficial canvass of the vote for president was completed yesterday on the receipt of the returns from the last states. It shows that Roosevelt's majority over Parker is 2,547,878, and his plurality 1,745,768. The total vote cast is 13,503,494, a decrease of 460,978 under the vote of 1900. Parker's vote is 1,277,773, less than that cast for Bryan in 1900.

Despite the fact that Roosevelt broke the "Solid South" by his carrying Missouri, his vote in Alabama, Georgia, Kentucky, Louisiana, Maine, Maryland, Mississippi, New Hampshire, North Carolina, South Carolina, Tennessee, Texas and Virginia is less than that given McKinley, but in 22 other states he exceeds McKinley's running record by such a round number that his total vote is 409,822 more than was McKinley's. The total net gain of the Republican party is 419,749 votes. Democratic net loss is 1,240,699 votes. Following is the tabulated official vote by states:
