RELIEF ASSURED MINERAL REGION

Railway Seems Certain for Great Illinois Basin in Southern Oregon.

SECTION TO TAKILMA PROBABLE THIS YEAR

Vast Resources in Addition to Copper-Gold Ore Tonnage in Sight.

(Special Dispatch to The Journal.)

Grants Pass. Or., Jan. 2.—The most important rail project taking this city for a terminal which has yet been projected, will in all probability be commenced next spring. All late work by the promoters of the line between Grants Pass and Crescent City, on the coast of Del Norte county, California, indicates success. Col. T. W. M. Draper, who has been the principal in the project, and is so closely associated with the smelting enterprise at Taklima and the Monumental mine in Del Norte county, said beyond doubt that the line would be built at least to Taklima in 1905. The extensive work done by the Colorado capitalists at the smelter proves that they expect a railway soon. The haut of \$1 miles by wagon for delivery of coke and supplies and return of matte would be a grievous handleap for such an enterprise as has been commenced by President Charles L. Tutt.

The extensive resources of the territory, in addition to the possible mineral product, is alone a temptation to rail way builders. The extreme southwestern part of Oregon and the northwestern part of Oregon the territory, in addition to the possible mineral product, is alone a temptation to rail way builders. The extreme southwestern part of Oregon and the northwestern part of Oregon

BLUE LEDGE BOUGHT SITE FOR SMELTER

(Special Dispatch to The Journal.)

Waldo, Or., Jan. 2.—Preparatory work by the Blue Ledge Copper company, on iributaries of the Upper Applegate, confirms the report of extensive operations next year. Since the management took a bond on the Joe's Bar property of 160 acres, situated three and a half miles from the Blue Ledge, assurance is had that this will be the smelting site. The tract is on Elliott creek, where an abundance of water is had for all smelting or milling operations, and the altitude is not such as to cause interference from snow.

Development in the mine continues unabated, the drifts on three levels being pressed steadily. The upper drift, which opened the great copper shoot on

CURES Coughs and Colds PREVENTS Pneumonla and Consumption

Feley's Honey and Tar not only stops the cough, but heals and strengthens the lungs and prevents serious results from a cold.

There is no danger of Pneumonia, Consumption or other serious lung trouble if Foley's Honey and Tar is taken, as it will cure the most stubborn coughs—the dangerous kind that settles on the lungs and may develop into pneumonia over night.

If you have a cough or cold do not risk Pneumonia when Foley's Honey and Tar will cure you quickly and strengthen your lungs.

Remember the name - Foley's Honey and Tar-and refuse any substitute offered. Do not take chances with some unknown preparation that costs you the same when you can get Foloy's Honey and Tar, that costs you no more and is safe and certain in results. Contains no opiates.

Cured After Physicians Said He Had Consumption.

E. H. Jones, Pastor M. E. Church, Grove, Md., writes: "About seven or eight years ago I had a very severe cold which physicians said was very near pneumonia, and which they afterwards sounced consumption. Through a riend I was induced to try a sample of Foley's Honey and Tar, which gave me much relief that I bought some of the regular size. Two or three bottles cured me of what the physicians called consumption, and I have never had any trouble with my throat or lungs since that time."

Three sizes—25c, 50c, \$1.00.
The 50 cent size contains two and one-half times as much as the small size and the \$1.00 bottle aimost six times

WINTER FOUND HUMP DISTRICT PREPARED

(Special Dispatch to The Journal.)

Buffalo Hump, Idaho, Jan. 2.—Frank
Brown, manager of the Jumbo mine.
states that the chlorination plant for
the property will start January 15. A
large part of the work is now done and
the tanks will be in place in a short
time.

time.

"The electrical machinery is expected almost any time." said Mr. Brown, "and when that arrives we shall resume on the lower level, which is now in 1,000 feet. There is not much snow in the lower tunnel, and we have had no thaw, so that the water supply remains low. Only ten stamps are working at the Jumbo."

Mr. Brown stated that work would be started on the Little Giant early in the new year. This property joins the Jumbo. It has a tunnel of 200 feet, which will be driven in another 100 feet,

Jumbo. It has a tunnel of 200 feet, which will be driven in another 100 feet, when he expects to reach the ore chute. The Mother Lode No. 2 is working about 20 men, and the new mill is nearly ready to start. The working force on the Big Buffalo is five or six men, and good ore is being taken out. The Hump is showing considerable activity for this season of the year.

JOHN DAY COMPANY IS READY FOR ROAD WORK

(Special Dispatch to The Journal.)
John Day, Or., Jan. 2.—Completing his plans as announced some time ago. George W. Dart is preparing for a large hydraulic plant on the combined placer claims recently acquired by himself and associates. The several properties inassociates. The several properties included in this deal have been worked for many years, but owing to the fact that individual limits prevented one thorough plan of work the aggregate results before will not compare with possibilities under the merged plan. A deep flume will be laid, crossing several properties that have been acquired, and the entire water rights of all concerns may be concentrated for effective operation. Mr. Dart worked for a long time on the project, endeavoring to harmonize all connected with the placer section covered, but not until recently did he get the properties in such shape that he felt warranted in proceeding. There was some rumor that another dredge project was afoot, but this is a mistake, as hydraulic operations will be adhered to.

Ing endorsements appear, so that his family might be informed regarding his personal belongings in the event of his being killed in battle:

"An invoice of such things as I Have Left at fort Edward. June 25, 1768:

"a pair of Blue Breechs Lind with Leather "a pair of Blue Bheechs Lind with Leather "a Pair of gray worsted Stockings "Left in the Care of Commissary Flavel Ewings Commissary of Fort Edward "And I Have Left my Hat and Sword in Col. Williams Chest. "JOHN HAWKS."

DEEDGES FOR BOLIVIA.

Bolivia has a dredge boom, and several plants are being erected or have been ordered. Most of these so far have been shipped from New Zealand, the original home of the industry, but an active effort is being made to get the Pacific coast machine in that market. Three hundred miles of the San Juan de Oro river have been leased by the Pacific coast machine in that market. Three hundred miles of the San Juan de Oro river have been leased by two large companies, and the entire tract is said to be dredgable. If this statement is correct, the entire area indicated will maintain dredges, the number of machines for that concession in a few years will exceed those now operting in California. a few years will exceed those now oper-ating in California. The development in the south has caused Pacific coast man-ufacturers to study the field closely, to drive an opening wedge into the business of building the proposed machines. In this respect it is probable that Portised should be in the list, for the facilities for dredge building here are the

TWO DREDGES PROMISED.

(Special Dispatch to The Journal.)

Placerville, Idaho, Jan. 2. — Further assurance is given the people of this vicinity that two dredges will be installed on placer ground next spring. Since a representative of a prominent San Francisco firm was on the ground, and stated that work on two large dredges had commenced, there has been other evidence of the same character.

EQUIPPED FOR PLACERING.

(Special Dispatch to The Journal.)
Waldo, Or., Jan. 2.—The placer property acquired recently by James Camp
of California, in the Althouse district of or California. In the Attouse district of Oregop, will be operated during the lat-ter part of the season, according to plans of the new management. Equipment is for thorough hydraulic work, and a wa-ter supply ample for such requirements

HOMESTEAD PATENTS.

(Special Dispatch to The Journal,)
Lewiston, Ida., Jan. 2.—The patents
for II9 homesteads received at the local
land office on Wednesday embrace some
of the most valuable land in the county
and will add materially to the taxable property in Nes Perces county. A large number of patents are for agricultural land located on the Nez Perces Indian reservation in localities where land of the same character has recently sold for \$4,000 per quarter section.

ECHO FROM CRADLE OF THE NATION

Letter From John Hawks, Gallant Soldier, Written Nearly Century and Half Ago.

WROTE IT AT A TIME BIG WITH DREADFUL EVENTS

Prayed He Might Valiantly Play the Man for Land and Cities of His God.

George H. Himes, curator of the Ore-gon .Historical society, has a letter which was written 147 years ago by an

which was written 147 years ago by an American-English soldier in the French and Indian war. The letter is the keep-sake of Mrs. Waiter Hoge of Forest Grove, a descendant of the author, and she has kindly lent it to Mr. Himes to make a copy for the museum.

John Hawks, the author of the missive, was a colonial soldier, and while stationed near Fort Edward. New York, shortly after the outbreak of the war, wrote a detailed account of the operations of the opposing armies to his wife, Mrs. Elizabeth Hawks. Following is a copy of the letter:

wife, Mrs. Elizabeth Hawks. Following is a copy of the letter:

'Camp near Fort Edward June 25 1758.

'Dear Wife These with my love to you, informing you that I am well at this time and Have Ben Ever since I came from Home through the goodnass of god and Hope these Lines will find you and all my family in the Like circumstances. It is a general time of you and all my family in the Like circumstances. It is a general time of Helth in the army our men are all in Right good Spirits and full of Resolution. There is a grate prospect of Doing Business this year, many of our troops Have marchd to Lake George, six thousand are to march this night to take possession of the first Narrows it is to the admiration of all Persons in the army to see with what Expediency things are carryd on, But Eight Days ago No forces had marchd from this fort and Now there is Eleven Baftoes at the Lake and Provition for 20,000 men 20 Days Besides a grate Number of Cannon and mortars and other Emplements of war—our Legiment Has marched to the Lake our Company it yet ments of war-our kegiment Has marched to the Lake our Company it yet Hear But are to morrow morning accompanyd with four other troops to guard His Excellency General Abercromby, Commander of our Forces, the New England troops are chiefly arived Here there is three prisoners that was taken at Oswego Lately came in here. They say the french are gathering at the Narrows and that the french Have Deserted Fort Duquisne at the Ohlo and are in grate want of Provition, & ect. Last Tuesday came in Heare a flag of truce from the french I Know not their Business they are desirous to go Back.

fruce from the french I Know not their Business they are desirous to go Back again But our General tells them to Be Easy and He will wait upon them himself in a short time with a guard of 50.000 men to tyconderoga—and it Seems as though the time was Nigh at Hand when all those near and dear to us to us will be tryd at the Point of the Sword a time Big with Dredfull Events as to our american afairs and though our Forces are Numerous and Strong yet we Need the assistance of Him our Forces are Numerous and Strong yet we Need the assistance of Him who over Rules all the Events of wars and orders the fafe of Nations acording to His own will and Pleasure and I Desire your Prayers and the Prayers of all gods People that I may Be supported in this hour of tryal that I may Valliantly Play the man for our Land and the Citys of our god Let the Lord Do as seemeth Him right

"I Being in heete must conclude with my Love to you and our Children and Respects to sir inquiring Priends I Remain your Loving husband

ward
"And I Have Left my Hat and Sword
in Col. Williams Chest.
"JOHN HAWKS."
The letter is addressed, "For Mrs
Elizabeth Hawks in Deerfield."

AMERICAN DOCTORS TO **GATHER IN PANAMA**

American continent, will arrive here by special train tomorrow and will be received by President Amador and other members of the Panama government. The congress will be formally opened

tomorrow evening.
The congress will discuss questions of hygiene largely and matters pertaining to quarantine. The afternoons will be devoted to scientific sessions and the devoted to scientific sessions and the mornings and evenings to trips and so-cial functions. Excursions to the canal and down the bay to Taboga island are features of the entertainment program. After the congress ends most of the delegates are expected to attend the meeting of the Public Health association in Havana nest week.

GIRL FOUND DROWNED IN BARREL OF WATER

(Journal Special Service.) Watsonville, Cal., Jan. 2.—The lifeless body of Annie Erickson, the daughter of a respectable family of this city, was found submerged in a barrel containing rain water yesterday morning. The young woman was 27 years of age and the circumstances surrounding her death the circumstances surrounding her death indicate that it was a case of suicide.

The discovery of the body was made by the girl's mother, Mrs. Fritz Erickson, about 5 o'clock this morning. The body was hanging over the edge of the barrel used to conserve rain water. The head and shoulders were submerged in water.
