eport Suggests Methods to Put Tenner Creek Conduit in Good Condition.

ELLIOTT MADE IT AND WANZER HAS CONCURRED

Vould Cost Less Than Five Thousand Dollars, to Be Charged to Contractors.

Ex-City Engineer W. C. Elliott and City Engineer Charles Wanter have made their report to Mayor Williams regarding the repairs which are necessary to put Tanner creek sewer in a safe condition. They estimate the cost of the work to be \$4.912, and recommend that the city make the repairs and charge the cost against the contract.

W. C. Elliott signed the report December 30, and Mr. Wanser concurred, and presented it to Mayor Williams this morning. In all probability the recommendations of the engineers will be carried out by the mayor. The report fol-

ed out by the mayor. The report fol-

morning. In all probability the recommendations of the engineers will be carried out by the mayor. The report follows:

"In company with Charles Wanser, at your request. I, as December 37 ult. examined the conditions of the Tanner creek sewer with a view of recommending to you the proper method of remedying the defects in the same, and would report as follows:

"Tirat—All the debris should be promptly removed. This consists of loose brick, stone and mortar, and seriously reduces the capacity of the sewer; also preventing thorough inspection of its bottom.

"Second—There are several places, where for a distance of from five to 20 feet, the arch does not rest fairly upon the invert of the sewer, which defects can be remedied from the inside by means of removing the wait for a short distance at one time, and rebuilding the same on proper lines. This work should not cost to exceed the sum of \$500.

"Third—There exists substantial evidence, that the sides and top filling around the sewer has in some instances been slighted, consequently throwing a doubt as to the entire length which was rebuilt and repaired. This backing of the wall of the sewer with puddled and rammed earth up to, and around the apring of the arch is essential, and, unless it is known that this proper filling has been done, no one can confidently pronounce the sewer to be in a safe condition, and I therefore recommend that either a drift or an open cut be run along the top of the sewer for the entire length of that portion resulted and rebuilt under ordinance No. 14,671, which shall expose to view, the outside of the arch is essential, and, unless it is known that this proper filling has been done, no one can confidently pronounce the sewer to be in a safe condition, and I therefore recommend that either a drift or an open cut be run along the top of the sewer for the entire length of that portion resulted and rebuilt under ordinance No. 14,671, which shall expose to view, the outside of the arch to the top of the open cut or drift.

"I recommend f

ment.

"I estimate the probable cost of the above work for a distance of 1,175 feat, as follows: Cleaning and repairs of inside, \$500; excavation, repairs and refilling trench on outside, \$4,112.50.

Total, \$4,612.50.

"This expenditure will make the sewer first class in every particular and as strong as contemplated under the original contract and specifications."

Milwaukie will levy a tax of 3 mills will be all in Scandinavian, with perfor the ensuing year. Three new arc formers of that nationality. Mr. Elsen lights will be placed, one at the electric rallway station, one near the postoffice. His daughter from Chicago, who has a om all charming soprano voice, and Miss Lar-yenue sen, the violinist, will be on the pro-thus gram, besides the Danish and Swedish aloon, consuls.

When you want a purse, pocketbook, or bilibook—something better and more durable than commonly found in most stores, and yet at a moderate price—call on Albert Berni, the druggist, Second and Washington, and let him show you his large variety of fine leather goods in the latest styles and designs. Another shipment of money belts just received.

J. C. Windle has been appointed executor of the will of his mother, Isabella Windle, who died a few days ago. The petition sets forth that the real property is worth about \$10,000, and the personal property is of \$12,000 approximate valuation.

Indigestion?

Offer All Stomach Sufferers a Full Dollar's Worth of My Remedy Free to Try.

I can afford to offer a fall dollar's worth free because mine is so ordinary remedy. Ordinary remedies treat symptoms. My remedy treats the causes that produce the symptoms. Symptom treatment must be kept up forever—as long as the cause is there. My treatment may be stopped as soon as it has removed the cause, for that is always the end of trouble. Stomach trouble is not really a sickness, but a symptom. It is a symptom that a certain set of nerves is alling. Not the voluntary nerves that easible you to walk and talk and act—but the automatic atomach nerves over which your mind has no soutrol.

I have not room beet to explain how these tender, tiny nerves control and operate the atomach. How worry breaks them down and causes indigestion. How minuse wears them out and causes drappais. How asplect may bring on kidney, heart and other troubles through sympathy. I have not room to explain how these nerves may be reached and strengthened and vitalized and made well by a remedy I spent 30 years in perfecting—now known by Druggista everywhere as Dr. Shoop's Restorative. I have not room to explain how this remedy, by cemoring the cause, puts a certain end to indigestion, beliching, hearthurp, insomnia, nervousness, dyspepsia. All of these things are fully explained in the book I will send you when you write.

In more than a million homes my-remedy in the shook is will send you when you write.

In more than a million homes my-remedy in the remedy. So I make this offer to you, a stranger, that every possible gacase for doubt may be removed. Send me no money—make me no promises—take nor risk. Simply write and ask. If you have not tried my remedy. I will send you have heart he of the every delayed or doubted. So I make this offer to you, a stranger, that certain part is not a sample, but the regular standard bottle hot as sample, but the

AT THE THEATRES.

"The Holy City" Next Week. The Columbia theatre will next week present magnificent scenes of eastern splendor such as has seldom if ever been witnessed on a Portland stage before. "The Holy City," which opens Sunday afternoos, has been under preparation for several weeks. The cast required is a very large one and the stage will at times be crowded.

"Everyman"-"Twelfth Nght." To see Shakespeare's delightful comedy "Twelfth Night" acted exactly as it was in the days of its original performance upder the direction of Shakespeare himself is the novel entertainment designed by Ben Greet to be offered at the Marquam Grand next Friday and Saturday evenings. On Friday and Saturday evenings on Friday and Saturday afternoons "Everyman" will be given in response to popular demand, and these performances

"Everyman" will be given in response to popular demand, and these performances will be given at popular prices.

As Briday night happens to be Twelfth night, Mr. Greet has selected the comedy of that name, as it is his custom to revive this play on January 6 each year. Ben Greet will be the Maivolio, said to be his best part. Erick Blind will be Orsino; Constance Crawley, Viola; John Sayer Crawley, Sir Andrew; Bydney Greenstreet, Sir Toby; Helena Head, Olivia, and Agnes Scott will be Maria. Seats are now selling.

William H. West's big Jubilee Min-strels will be the attraction at the Marquam Grand theatre tomorrow night. In no minstrel company the world has ever known, is so much capital invested, and it is the largest of its kind travel-ing. This measure there are 14 of the

array of balladists ever gathered to-gether on one stage. Watch for the big parade tomorrow at noon. The Merry "Show Girl." The Merry "Show Girl."

Her ladyship, "The Show Girl." continues merrily on her way at the Empire, where she is holding court nightly to overflowing audiences. The success this musical comedy has made is not surprising after one sees the performance. One of the features is the English pantomimist. Charles Parcor, who gives the eleverest impersonation of a cat ever presented to an audience. Sid Forrester is very successful in his "coster" songs, and taken sitogether the comedy is full of good things. The engagement is for one week with matinee Saturday.

"Rudolph and Adolph" Coming. "Rudolph and Adolph" Coming.

The funniest of all farces, "Rudolph and Adolph," will be presented at the Empire theatre four nights next week, starting Sunday matinee. The piay has been one of the greatest laughing successes since Hoyt's "A Trip to Chinatown." It is by Charles Newman, who has won fame in writing musical farce comedies. It is generally conceded that "Rudolph and Adolph" is far superior to Mr. Newman's previous attempts.

Williams and Walker will appear for the last time at the Marquam Grand to-night in their great success, "In Da-homes"

Where's Your Home?

Do you live in Woodstock? Montavills, perhaps; or is it St. Johns or
Pledmont? Then you will especially
appricate the film shown on the bijougraph this week. "The Suburbanites"
is the name. The rest of the Bijou program is exceptionally good this week.
O'Connell and Summers and the ragamuffins with the lighting dances and
Mamie Norris, the soubrette with the
silver hoops, are top-liners.

Interest so keen as to hold the audience breathless is the fitting tribute paid to the Okabes at the Star theatre this week. These seven wonderful Japanese acrobats and jugglers present some novelties from the mikado's kingdom which have never before been paralleled in America. Four of the troupe are little boys, and their dexterity and cuteness keep the audience in a continuous uproar of applause.

Tenth and Couch Sta

IN GRAND RECITAL Frices Lower Soor, \$5.00, \$2.50, \$2.00, \$1.50, \$1.00. Balcony, \$2.50, \$2.00, \$1.50, \$1.00.
