Women's Furnishing Shops

Saturday, the Buyers' Favorite Day to Shop, Is Studied Thickly With Sales That Contain Sensational Values

Again We Beg to Remind Our Public That THIS STORE IS NOT OPEN NIGHTS

We believe that every employer is morally bound to respect the rights and promote the welfare of his employes. The claim that it is a necessity to keep open shop nights in order to accommodate the wage earners employed during the day is as far as it is false—a paper bulwark, thin as smoke.
