TOMORROW we resume a popular feature introduced by this store several years ago and conducted at intervals since, growing constantly in public favor, familiarly known as "HOURLY SALES." Combined with these we have brought together a congregation of matchless special values for the entire week, making in composite a Sale the like of which has never been known in the annals of February merchandising in Portland. We are upsetting traditions and revolutionizing retailing in this city, turning the once dull month of February into one of the busiest of the year. We are wrecking values this week as never before, upsetting regular prices and offering bargains that fairly glisten with peerless worth. Read this page. Do the values not fairly and strongly appeal to your best economic nature? Are they not worth coming for—from almost any distance? Fresh bargains will be brought forward every day, whether advertised or not. It's your time to buy, and your own interest must bring you here tomorrow—and through the week. Read on through the page and read tomorrow's news crowded out today—every word must interest if saving is an object. Mail orders filled EXCEPT on HOURLY SPECIALS.

To be given ABSOLUTELY FREE to the person chosen by popular vote. A scholarship to the value of \$100.00 (the most valuable taught by the school), which includes all needed text-books entirely free.

In every business there is a deal with two sides—the man on one side makes the money, the man on the other does the manual work. On which side of the desk are you? On which side will you be when you are 50? The man before the desk works with his hands and is paid for his labor; the man behind the desk works with his head and is paid for his knowledge.

An education acquired through the medium of the I. C. S. puts one on the right side of that desk. It is merely a question of knowing how. To know how today is a simple matter as compared with a few years ago. There is no reason why a man who can read and write, and who has the ambition to earn more money in a higher position, cannot succeed if he wants to. He may work from seven o'clock in the morning until six o'clock at night; he may receive but little pay and have a wife or some one else to care for; he may have said a thousand times, "It is no use trying," and yet there is. The I. C. S. course points out and leads to a way, to get by mail, to the knowledge he needs to advance in his present occupation. Or, they give him the training that will enable him to change to a more congenial occupation in which there is better pay and greater opportunities. Or, if he is a young man without prospects for the future, they qualify him to step into the occupation of his choice at a point which he would be years in reaching by any other method.

A FREE SCHOLARSHIP.

Choice of any taught by the I. C. S. and included in the list above. Any person employed under salary or wages, excepting employees of Olds, Wortman & King, are eligible. No votes for employees of this store will be counted. Ballot boxes will be placed at the entrance to each elevator and at the different store entrances where votes may be deposited. A ballot will be given with every 25c purchase. Contest opens tomorrow, Monday, February 13th, at 8 A. M., and closes Saturday, April 22d, at 6 P. M., a period of ten weeks; ending, and result to be announced on Easter Sunday, through the local papers. See window exhibit illustrating course of study, in corner window of store, Fifth and Washington streets.
