

ROSE IS AFTER REINSTATEMENT

Well Known Michigan Athlete Applies for Admission at Cornell.

MAKES APPLICATION TO ENTER LAW SCHOOL

President of A. A. U. States That Amateurs Cannot Tolerate Professionalism.

(Journal Special Service.) Ithaca, N. Y., Feb. 15.—After passing through a series of athletic troubles which disturbed college sports throughout the country, Ralph Rose, champion shot-putter of the world, is now making application to enter the law school at Cornell.

Rose says his purpose is to study law, and not to enter athletics. Under the one-year rule he would be debarred from taking part in sports until next spring, anyway.

Since it is known that Rose's troubles are all of an athletic nature, it is believed that he will get an honorable discharge from Ann Arbor, and that he will be accepted by Cornell.

An agreement between the A. A. U. and various athletic bodies of this continent and abroad to put a stop to the migration and immigration of athletes under the guise of amateurs, when in reality they are professionals, is soon to be made.

One of the first steps in this direction will be the establishment of a better understanding with the Canadian A. A. U. and the three ruling Canadian hockey leagues in relation to the agitation now at its height in Canada over the migration of star hockey players to this country.

The A. A. U. is subject upon which the Canadian hockey authorities are thoroughly aroused, and the statement was made but a short time ago that if necessary the United States immigration authorities would be asked to assist the crusade by refusing to admit to the state hockey players who cross the border under contract either to play the game or to occupy certain positions given in return for their presence upon certain hockey teams.

This move will not be made until after the A. A. U. has been approached upon the subject, according to reports, and will not be necessary, as the latter body is ready and willing to co-operate with the Canadian authorities to stamp out this practice.

President MacCabe of the A. A. U. says that the A. A. U. cannot stand on an honest basis when it tolerates such acts, and that just as soon as the Canadian authorities write to him as president of the A. A. U. they would have his co-operation in immigration authorities would be started. He states plainly that if there is not a control of hockey in the right spirit, the Amateur Athletic Union will at once suspend immediately any man that crosses the border to play hockey, unless he has the sanction from a Canadian association, and comes to this state to compete with their consent.

MAKING OF COLUMBIA MINE

(Special Dispatch to The Journal.) New York, Feb. 15.—Manager Tom Thorp of the Columbia university baseball team, has issued a general call for candidates. Although the new coach, "Billy" Lauer, of the New York Yankees, will not start serious practice until next Monday, the players were put through preliminary cage work this week.

Prominent players from last year's "varsity" team have enrolled themselves. Among them are Frambach, catcher, captain of last year's squad; Tyler, pitcher, captain of this year's nine; Flier, pitcher; Collins and Farrell, shortstops; McEwen and Joyce, third base; Cannon, center field; Fitzgerald, right field; Buell, left field; Pettreth, catcher; O'Connell, first base; Hastings, second base.

MINOR OF SEATTLE TEAM

Russ Hall, manager of the Seattle team, announces his lineup for the coming season.

Catchers—Fray Curtis and Leahy. Pitchers—C. Hall, Jay Hughes, Skel Roach, Nick Williams, O. Laughlin, E. Franklin, Charles Shields, D. Henderson and W. Starr. The last three are southpaws.

First base—Bob James. Second base—Johnny Burns, Dick Egan. Third base—Dave Voorhees, Dick Culver.

HOKE SAYS FOR SECOND TIME

(Journal Special Service.) Toledo, O., Feb. 15.—For the second time in the history of local bowling, a 300 score was made last night by "Fred" Albrecht, a member of the Troquois team. Every strike was clean and perfect. The Troquois team, of which Albrecht is a member, rolled the biggest team total of the year, a score of 3,165, in a match game.

YALE BOATHOUSE TO BE REBUILT

(Journal Special Service.) New Haven, Conn., Feb. 15.—Through the generosity of Payne Whitney, captain of the Yale 1933 varsity crew, the Yale boathouse at Gale's Ferry will be rebuilt and enlarged this spring, and will be fully equipped in time for the reception of the crew squad in June.

SCOTT'S EMULSION

Scott's Emulsion Scott's Emulsion Scott's Emulsion Scott's Emulsion

—the old story, told times without number and repeated over and over again for the last thirty years. But it's always a welcome story to those in need of strength and health. There's nothing in the world that steps wasting diseases as quickly as Scott's Emulsion.

Well and getting on their feet.

SCOTT & BOWNE, 39 Pearl Street, New York.

BOWLERS MAKE SPLENDID SCORES

Taylor and McMenomy Pin an Average of Two Hundred Three Per Game.

The old bowlers are all bowling up to form and a number of new bowlers to come and from the front steadily. The particular stars among the new bowlers are Ball and Hoffman. They are both bowling in fine form and the older bowlers have to hustle to hold their own with them.

The management is making arrangements to hold a tournament of 20 games for bowlers to qualify for the Portland or all-star team. It is open to all bowlers. The five men finishing with the highest total of pins at the end of the twenty games will be the regular team, and the two players finishing next high will be the substitutes on the team.

The tournament will take place shortly after the 15th inst., and should prove very interesting, as most of the best bowlers in the city have already entered.

Ladies, do not forget Thursday, the 15th—that is your day. The three upstairs alleys will be reserved free of charge on Thursday. The management will also give a prize to the lady making the highest score.

The following averages in the league up to February 10 were:

Table with columns: Name, Team, Average. Lists bowlers like Taylor, Pin Knights, McMenomy, Gold Leaf, etc.

CLUB PROGRAM IS CARRIED OUT

The Multnomah Amateur Athletic Club Ratifies Directors Chosen by Committee.

At the annual election of the Multnomah club last evening the candidates for directors chosen by the nominating committee some two weeks ago were unanimously elected. The attendance was factoring in the club's welfare along smoothly and without the least friction.

The only speech of the evening was a short address made by President Dan J. San Francisco, Feb. 15.—Honiton, after getting away badly, made a strong finish and won the race with ease.

HONITON MAKES GREAT FINISH WINNING RACE

(Journal Special Service.) San Francisco, Feb. 15.—Honiton, after getting away badly, made a strong finish and won the race with ease.

Three and a half furlongs—Hollens won, George A. Knight, second, Isabau third, time, 1:43 1/2.

Six and a half furlongs—Saccharate won, Mistress of Rolls second, Bob Ragon third, time, 1:21.

Five and a half furlongs—Sir Preston won, Silent Water second, Revolt third, time, 1:37 1/2.

Future course—Honiton won, Rector second, Sea Voyager third, time, 1:49 1/2.

Five and an eighth—Sunny Shore won, Cinnabar second, Theodora L. third, time, 1:45.

At Ascot Park. Los Angeles, Feb. 15.—Three well-played favorites took first money at Ascot yesterday. They were Position, King Thorpe and Aselina. Aselina went the six furlongs in 1:13 and easily defeated Dod Anderson and Mocrito. Results:

Steeplechase, short course—Cazador won, Jim Boseman second, Graftier third, time, 3:05 1/2.

Slauson course—Handillo won, Bailey second, Nellie May third, time, 1:16.

Brooks course—Position won, Ripper second, Invictus third, time, 3:04.

Slauson course—King Thorpe won, Frank L. Perley second, Metakatia third, time, 1:16.

Six furlongs—Aselina won, Dod Anderson second, Mocrito third, time, 1:13.

WHITMAN TO PLAY FULLMAN

(Journal Special Service.) Walla Walla, Wash., Feb. 15.—The Whitman college basketball team will leave Thursday morning for Pullman, where they will play W. A. C. in their home gymnasium on Friday evening.

This game is the third of the series between Whitman and Pullman this year. The two teams met in Pullman on two games played in Walla Walla in January and this game will, therefore, decide the championship for the year.

Captain Elmo Ross says that if the faculty will let him take with him the men he wants he can get together the fastest basketball team now in the northwest. They are Cox, Resor, Davenport, Garrod and Dutcher, with Pecher as sub.

President Penrose returns tomorrow morning from Seattle, where he attends the D. K. E. banquet tonight. He has also been in Olympia since leaving Friday.

NO AMATEURS ON LOCAL STAFF

Cates and Gillpatrick, the New Acquisitions, Are Eronously Referred to as Beginners.

SECURING OF GARVIN DISAPPOINTED MORLEY

Small Talk of the Coast League Ball Tossers and What They Are Doing.

In a recent issue of an exchange article appeared concerning the local baseball team, in which it was stated that pitchers Cates and Gillpatrick, the new men acquired by McCreedie, are amateurs. This piece was reprinted in a local paper in the same manner.

For the benefit of the local fans, the Journal states that both Cates and Gillpatrick are not amateurs in any manner whatever. Both pitchers had several years' experience and are believed to be capable players. Ely Cates has been a member of the Kansas City team for two seasons, but last year was taken ill with typhoid fever shortly after commencing the season, and there by was incapacitated from further work that year, and as he is well this season, and believing himself capable as ever, he has joined the local team.

Two or three years ago George Gillpatrick, the other so-called amateur, was rated as the best pitcher in the Western League. Ball players now in this city knew him in those days, state that if he still retains his skill he will rank among the leaders in this league at the end of the coming season. Gillpatrick quit the game about two years ago to go into the laundry business at Kapuska City, at which business he has been highly successful, but the anxiety to again wear the spangles has proven too great, and after two years he will again grace the diamonds. As he was an old friend of McCreedie's and heard of the world's fair in this city, he decided that he would like to play in Portland.

All tales about these men being amateurs emanate from those who know no more thereof than they.

McCreedie, who is the youngest manager in the league in years as well as in managerial experience, has surprised a great many of the older heads by the speed with which he has organized his team, and the quality of material he has assembled together. For it compares well with any of the other teams in the league.

A San Francisco exchange recently printed an article stating that Henry Harris had a chance to sign Garvin before McCreedie secured him, but had turned him (Garvin) down.

This is more likely a case of sour grapes, for the author stated that Harris did not want Garvin on account of the pitcher's habits, and yet Uncle Hank is praising his acquisition of Roosevelt Miller to the skies. The only trouble with the signing of Garvin is the better pitcher of the two.

"Brother" Jimmie Morley of Los Angeles town was greatly disappointed in not securing Garvin for Jimmie's new team, which he commented on the signing of Garvin to the local team, and especially on the splendid record of the football team. Among his remarks on the game of football, was that of referring to the needless expense of sending the team on the California trip when the club lost considerably.

It seems to be the sense of the club to cut out that trip in the future. Mr. Moore also urged that the club's station be raised to 42nd, and also that reinstated members should be charged an initiation fee.

At the conclusion of Mr. Moore's remarks chairman H. H. Herdman of the nominating committee presented the names of W. H. Chapin, Dan J. Moore, C. F. Swigert, J. W. Holmes and A. S. Rothwell as candidates for the board of directors, and they were elected by unanimous ballot.

The winding of the evening came in the shape of a surprise to the members of the football team, each of whom was presented with a little gold pin suitably engraved with "Kornishman" and "1934." "Chester" Murphy was presented with a special loving cup for his services in having coached the team.

Jack Drennen, the popular outfielder of the last season's team, received his unconditional release from the local club last week, and is now free to do as he chooses. A report is in circulation to the effect that he is circulating with Salt Lake, but it is more likely that he has signed with Seattle, as he is a great favorite in the found city.

W. E. "Billy" Murdock, the former local favorite, is wintering at Los Angeles and states that he is putting in time practicing up for the season. He has been playing on the all-professional team, composed of the following well known players: Householder, who joins McCreedie; Courtney, of last year's Buffalo team; Rayner, of the Boston Nationals; Del Mason, of Baltimore; Glenavlin, the old-time Portland manager; Billy Hogg, who goes to the New York Americans; Russ Hall, manager of the Seattle team; Wild Bill, Selley (the only man that ever stole a plane out of a hotel and got away with it—Extract from Murdock's letter), and Le Brand, a promising young catcher.

Many of the local fans will be surprised to learn that there is no objection as to whether or not Joe Tinker will be a regular player on the Chicago team during the coming season.

It seems that Selee has signed a youngster named "Tinker" who is (Selee) claims is a better man than Tinker.

The main difference between Tinker and the Chicago club is that the shortstop has suffered a slump in his work during the past two years, and his salary was cut this season he balked and threatens not to make the California training trip with the Colts. Selee says that if Tinker doesn't make the trip he will play on the bench during most of the season.

Tinker graduated to the Chicago club from the Portland champions of 1931, when, after the close of that season, he was drafted from the Portland team by the major league team. In his first year in fast company Tinker made such a splendid record that he was heralded as the find of the season, but during the past few years he has not maintained the speed that characterized his earlier efforts.

DAD MOULTEN SIGNS TO TRAIN PACIFIC

(Journal Special Service.) Pacific University, Forest Grove, Or., Feb. 15.—The athletic committee has accepted Moulten's offer to train Pacific University's track team. "Dad" Moulten had signed up with Willamette university, but because he could not leave the Stanford team as soon as W. U. wished, they released him, which was very acceptable to Moulten. He had been trying all year to make some satisfactory arrangement with P. U., but Pacific's finances are rather low and it has been only the last few days that they have decided to accept the

Stanford man's offer. Moulten will come to Forest Grove in the first of March.

Pacific will put out a strong track team this year. Captain Peterson is getting the boys out for their cross country runs and many of the athletes are in the gym every evening or on the basketball court. Captain Gilbert of last year's team, who broke the northwest record in the mile walk, is in Yale this year and will be greatly missed. About all the other men are back and will do their best to get the championship of Oregon again.

WOMAN HORSEWHIPS DEFAMER IN PUBLIC

(Journal Special Service.) Minneapolis, Minn., Feb. 15.—A sensational horsewhipping, planned and advertised with a fanfare of trumpets that would have done credit to a French duel, took place today in a downtown realty office, to the great enjoyment of several reporters present, as invited by the wife of a prominent woman named Mrs. S. W. Goldstone, who entered the private office of W. C. J. Herman, a prominent insurance and real estate man, and struck him several times with a whip drawing blood by his face and hands. The woman says that Herman outrageously slandered her, and says she will now bring a suit for defamation of character. The most unusual system of preparations were made to have the whipping occur in the street in front of the office building, but failed. Mrs. Goldstone led the next best thing, breaking herself to the gentleman's office. Herman says it is a case of blackmail.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer long than you should. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

CONFERR PALLIUM UPON ARCHBISHOP OF HOGAN'S COSTS

Ceremony Performed for Bishop Moeller, New Metropolitan of Cincinnati.

SACRED GARMENT IS PLACED BY CARDINAL

Prelates and Members of the Roman Catholic Clergy Witness Event.

(Journal Special Service.) Cincinnati, Feb. 15.—St. Peter's cathedral was filled with an assemblage of distinguished prelates and members of the clergy of the Roman Catholic church today when Archbishop Henry Moeller, the new metropolitan of Cincinnati, was invested with the pallium in mark of his high ecclesiastical office.

At 10 o'clock the procession of prelates and priests formed at the Archbishop's house, escorted Cardinal Gibbons and Archbishop Moeller to the cathedral. The procession was headed by censer, cross and banner bearers. The cardinal, the archbishops and the bishops were all robed in vestments, and each was accompanied by two priests, walking on either side, and followed by train-bearers. There were more than a dozen archbishops and bishops in the procession, which also included nearly a hundred priests of the archdiocese.

The beautiful and imposing services opened with a solemn votive mass performed by Bishop Hartley of Columbus. The venerable Bishop McCloskey of Louisville delivered a brief opening address.

When Cardinal Gibbons arose to confer the sacred pallium, the eager interest of all was manifested by the profound silence that prevailed. After the sacred garment was placed on the shoulders of Archbishop Moeller, he addressed himself with evident affection and high personal regard to Archbishop Moeller, upon whose broad shoulders he placed the sacred garment in an emblem of the high rank conferred upon him by the church. Archbishop Moeller responded eloquently. Interspersed at appropriate intervals throughout the services were sung by the vested choir of St. Mary's seminary. The exercises closed at 12:30 p. m. Then the procession of prelates and priests reformed and marched out of the cathedral to the Archbishop's residence, an hour later the distinguished visitors were entertained at dinner at St. Joseph's orphan asylum.

The pallium, meaning literally a cloak or a mantle, is a band of white lamb's wool, with purple crosses and is worn about the neck by the pope and all prelates of archiepiscopal rank, including patriarchs and metropolitans.

In former times it was made of purple ermine, but since the time of the high rank conferred upon him by the church, Archbishop Moeller responded eloquently. Interspersed at appropriate intervals throughout the services were sung by the vested choir of St. Mary's seminary. The exercises closed at 12:30 p. m. Then the procession of prelates and priests reformed and marched out of the cathedral to the Archbishop's residence, an hour later the distinguished visitors were entertained at dinner at St. Joseph's orphan asylum.

MINERS BELIEVE TWENTY-STAMP PLANT COULD HARDLY GET DOWN TO SIXTY CENTS

Idaho State Inspector Says Conditions Are Favorable for Very Low Costs.

WITH NEW EQUIPMENT THIS MAY BE POSSIBLE

Idaho State Inspector Says Conditions Are Favorable for Very Low Costs.

(Special Dispatch to The Journal.) Elk City, Idaho, Feb. 15.—Since State Mine Inspector Robert N. Bell made an examination of the big Hogan mine, of this place, and stated that conditions seemed favorable for the management to mine and mill for 60 cents a ton, as soon as the water supply, much interest has been shown in the subject. Some miners insist that the reported cost of 60 cents a ton does not include elements that should be computed in this total, and that the Hogan really pays more than that figure. The Big Indian mine of Montana claims a better record than the Hogan, but is working on a larger scale. The Royal mine of California has the latest of the state equipment of far greater capacity than the Hogan. The old Black Spanish mine of California, which was believed to have the world's record for so long, did not slightly better than 60 cents for shinning and milling. The management of the Big Indian mine insists that costs there have been held for a month below 50 cents.

When the Hogan gets the old Republic mill from Republic, Wash., which transfer is being made, the Idaho property will be in better condition to go against the world's record than at present.

When State Inspector Bell visited the Hogan mine, he was handling but 100 tons daily, working a crew of 14 men, and the saving on the plates did not exceed \$2 a ton. When the Republic plant is installed the capacity will be increased to about 500 tons, and the savings will be less. With this enlarged equipment no doubt is felt that better work will be done, and Idaho may be a close competitor for world's honors in low cost of operation.

The Inspector Bell describes the deposit as a zone of altered granite country rock several hundred feet wide, which has been shattered and schistated thoroughly, and then enriched with a gold-bearing iron solution until it is estimated to contain from 10 to 15 per cent with an average of \$3 to \$4 gold per cent of which may be saved on the plates and 80 per cent of the balance by cyanide leaching.

Some opinion conditions are pronounced the best of the zone parallels Crooked river valley, giving easy access by adits and abundant water power. Water wheels and glory hole mining, with gravity motion of the ore from the time the tailings are crushed, by which the ore is discharged through the tailings launders, mark other salient features of operation. A 50
