

CONCENTRATOR ON WOOD RIVER MINE

Zinc Company, Composed of Portland Men, Does Rapid Equipment Work.

LEASE AND BOND ON THE MAY AUG, NEAR WAR DANCE

Both Mines Have Been Explored by Many Thousand Feet of Development.

The May Aug group of lode-claims, four of which are patented, in the Wood River district, Idaho, has been taken on a lease and bond by the Wood River Zinc Company, composed of Portland men. The May Aug is within two miles of the War Dance group, on which the Portland company is erecting a 100-ton concentrator and prosecuting thorough exploratory operations, preparatory to marketing a heavy tonnage of zinc ores.

Manager John Williams stated this morning that the May Aug was an excellent producer of silver-lead eight or ten years ago, during the period of activity in the War Dances, whose fate it shared when zinc began to dominate the metal content of the rock. It is well developed, has large bodies of zinc in sight, and is capably situated for economical mining operations.

There has been steady progress at the War Dance since the Portland concern took the property. Shipments of machinery for the concentrator have been made, and the heavy work on the foundation is practically completed. The concentrator will be erected soon, and the management expects that it will be ready to open by the middle of April. A good crew has been working on the property and everything is in shape for the time when production shall commence.

"At the commencement of our milling operations, I shall use the concentrating table without any effort at magnetic separation of the iron from the zinc," said Manager Williams. "By careful adjustment of the tables and classifying the product delivered to them, I think the saving will be satisfactory. If we find later that there is too much iron, we will employ the usual magnetic separation, by which means no trouble will be experienced in making a remarkably pure concentrate."

"The car of ore we shipped, which was sorted and may be classed as our high-grade, averaged 47.17 per cent zinc. I have a number of samples which need no milling, as such ore is pure enough to ship. On the May Aug, which we have just secured on lease and bond, we have what appears to be 2,000 tons of first-class zinc ore on the dump, which was removed during the days of lead-silver mining. There is enough of the precious metals in some of our ores to pay operating expenses, leaving the zinc net profit."

The War Dance property, which is opened to a vertical depth of 125 feet, has adit workings exclusively. By driving on the vein from the mill level a depth of approximately 2,000 feet may be had, so that hoisting and pumping are remote conditions of mining there. The ore will be hauled at first by wagon to the mill, but later the management will improve the mode of handling it.

Overbeck, Starr & Co. company, who are agents for the property, state that no difficulty is experienced putting it in excellent shape. No time has been lost in equipment, and after the concentrator begins to run at capacity the big profits expected from handling high-grade zinc in a mine that is already developed by adit workings will provide for the future.

NEW MANAGEMENT AT GOLCONDA CONFIDENT

L. E. Norton and H. H. McCarty, principals in the recent Golconda deal, have returned from Sumpter, where they inspected the property after it was signed over by its former management. They are still deep in the Silver and Fruit creek basins, and surface work will be handicapped for five or six weeks. The pipe line leading to the power station was tapped by the new management in order to prevent freezing, and is now covered so deeply that it cannot be repaired until the snow disappears. At

VERY FEW PEOPLE

Are Free From Some Form of Indigestion.

Very few people are free from some form of indigestion, but scarcely two will have the same symptoms. Some suffer most directly after eating, bloating from gas in stomach and bowels, others have heartburn or sour risings, still others have palpitation of heart, headache, sleeplessness, pains in chest and under the ribs, some have extreme nervousness, as in nervous dyspepsia.

But whatever the symptoms may be, the cause in all cases of indigestion is the same, that is the stomach for some reason fails to properly and promptly digest what is eaten.

This is the whole story of stomach troubles in a nutshell. The stomach must have rest and assistance, and by supplying those natural digestives which every weak stomach lacks, owing to the failure of the gastric glands in the stomach to secrete sufficient acid and pepsin to thoroughly digest an assimilable food eaten.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 2,000 grains of meat, eggs or other wholesome food, and this claim has been proven by actual experiment, which any one can perform for himself in the following manner: Cut a hard-boiled egg into very small pieces, as would be masticated; place the egg and two or three of the tablets in a bottle or jar containing warm water heated to 98 degrees (the temperature of the body) and keep it at this temperature for three and one-half hours, after which the egg will have been completely digested as it would have been in the healthy stomach of a child.

The point of this experiment is that what Stuart's Dyspepsia Tablets will do to the egg in the bottle they will do to the egg or meat in the stomach, and nothing else will rest and invigorate the stomach so securely and effectually. Even a little child can take Stuart's Tablets with safety and benefit if its digestion is weak, and the thousands of cures accomplished by their regular daily use are easily explained when it is understood that they are composed of vegetable acids, such as pepsin, diastase and Golden Seal, which mingle with the food and digest it thoroughly, giving the overworked stomach a chance to recuperate.

Dieting never cures Dyspepsia, neither do pills and cathartic medicines, which simply irritate and inflame the intestines. When enough food is eaten and promptly digested there will be no constipation, nor in fact will there be disease of any kind, because good digestion means good health in every organ.

The merit and success of Stuart's Dyspepsia Tablets in the moderate price of 35 cents for full-sized package in every drug store in the United States and Canada, as well as in Europe.

You can count the time by hours from now until tomorrow at 10 p. m., when this Grand Half Past Seven Dollar Suit Sale will end

The Chicago

THE BIG STORE IN THE MIDDLE OF THE BLOCK 69-71-73 Third Street, Bet. Oak and Pine

IF THE PRICE TOLD THE VALUE

Double Seven-Fifty Would Only Tell the Actual Truth

OF THEIR AVERAGE WORTH. WE WILL REPLENISH THE LINE FOR TOMORROW'S SELLING BY ADDING SEVERAL NEW LOTS, NOT FOR PROFIT'S SAKE, BUT IN ORDER NOT TO DISAPPOINT ANY MAN FROM 34 TO 44 BUST MEASURE, AND GIVE HIM A GOOD ASSORTMENT OF COLORS AND MATERIALS TO SELECT FROM. DON'T TRUST TO THE FUTURE TO SECURE AS GRAND AND GOOD A SUIT FOR SO LOW A PRICE, FOR YOU WILL BE DISAPPOINTED, AS THESE SUITS ARE BY FAR THE MOST ELEGANT LINE WE HAVE EVER BEEN ABLE TO OFFER AT SO REASONABLE A PRICE—SEVEN DOLLARS AND FIFTY CENTS.

\$7 1/2

Sale of \$12, \$15 and \$18 Suits

THESE SUITS CONSIST OF

Double and single breasted sack and cutaway designs, in pure all-wool, domestic and imported Scotch tweeds, chevots, cassimere, choice union fancy and all-wool clay worsted. The materials are all of standard and high class manufacture, in over 50 separate and distinct colors and styles of pattern, black, gray, stripes, plaids, overshots, check and neat mixtures. Crouse & Brandagee, Cahn, Wampold & Co. and Kohn Bros. are the wholesale tailors that produced these suits. They were made to retail at \$12, \$15 and a lion's share at \$18. They are unquestionably the grandest bargains we have ever offered. But The Chicago can always be depended upon to give the greatest values on the coast. We can fit you as there are all sizes from 34 to 44 bust in regular, also stout and tall men's special shapes; but not all sizes in every lot.

The Children's Department

Contains some grand price advantages in odd Knee Pants, Caps, Shirtwaists, Underwear and all the other things that boys require.

\$2 1/2

SATURDAY THE LAST DAY

Boys' Knee Pants Suits \$4, \$4.50, \$5 and \$6

SUITS IN BROWNS, REEFER, NORFOLK AND PLAIN DOUBLE BREASTED STYLES. THIS ELEGANT OFFERING CONTAINS MORE THAN A SCORE OF STYLES IN SIZES FROM 3 1/2 TO 4, BUT NOT COMPLETE IN ALL LOTS.

TO THE PANTRY FOR PANTS BARGAINS

\$1 85

Choice of about 900 pairs, in all-wool and union worsted, 30 to 44 waist, broken lots, worth to \$3.50.

\$2 35

A regular picnic for pants buyers; over 600 pairs to choose from, in form-fitting and peg top shapes, tailor-made, \$3.50 to \$4.50 values.

\$3 35

Gives you choice of over 600 pairs of extra quality tailor-made Pants, in the most desirable of merchant-tailor styles; splendid \$5 to \$8 values.

DAVID BISPHAM'S DREAMS COME TRUE

When David Bispham was a lad his greatest joy was the theatre. The stage of the Philadelphia Academy of Music was the one place of all others of which he dreamed by night and sought as often as his quaker guardians would allow him. During his most impressionable years he lived a life of dreams there. It was haunted with memories that were sacred. There he had seen the great

Booth, as Iago and Hamlet. This winter he has been engaged to recite the text of Byron's "Manfred" with an accompaniment of Schumann's music, interpreted by the Philadelphia orchestra. Knowing his feeling of reverence for the place, Mrs. Edwin Booth Grossman (daughter of Edwin Booth) has offered her father's prompt book for Mr. Bispham's use on that occasion. Mr. Bispham says that he will feel as if his youthful dreams had become a reality when he appears upon that stage to recite the lines made memorable there by so great a man, especially holding in his hand the very manuscript from which the beloved actor had learned his part.

David Bispham will sing here Thursday, March 9. Sale of seats Tuesday, March 7.
