GRANDFATHER PROSPECTIVE HAS A CHECK READY

George Tremble of Leadville, Will Send It to W. L. Edwards When Child Is Born.

(Journal Special Service.)

Denver, Col., March 17.—When the stork now hovering over the home of W. L. Edwards of San Francisco shall have deposited its burden, George Tremble, one of the richest men in Leadville, will write his check for $1,000,000 for the child of which he will be the grandfather, Mrs. Edwards being his daughter. The shadow of the stork recently united two widely known Colorado persons, whose marital happiness was split several months ago by domestic infelicities.

This couple is Mr. and Mrs. Wilkie L. Edwards, whose matrimonial smash-up at Colorado Springs furnished the public with food for gossip some time ago. Edwards brutally assaulted his wife and they separated.

The fact that Mr. and Mrs. Edwards patched up their differences and are living happily together is not generally known, as they settled down in a handsome home in San Francisco. Tremble long ago said that he would give $1,000,000 to the first child to call him "grandpa," and says he will keep his word. Now the dream seems near realization.

THREE LITTLE INDIANS RETURNED TO CHEMAWA

(Special Dispatch to The Journal.)

Chemawa, Or., March 17.—Chief Clerk Spink arrived at the school last evening with the three Yakima boys who had taken "French leave" and departed for climes unknown. The boys got through Portland, escaping the vigilance of the Portland police, and got as far as Goble, where they were placidly sleeping when they were told to put up their hands. The Goble marshal said that his greatest trouble was to get the boys to put them down again after he had them in town. The boys were of a party of pupils whom Superintendent Chalcraft brought to Chemawa last week, and simply had a severe case of homesickness. The boys say they are glad to be back to the school and three meals a day, as they had a hungry time of it on the road.

BOARD OF BARBER EXAMINERS REPORT

Adopts New Rules and Regulations in Accordance With Supreme Court Decision.

(Special Dispatch to The Journal.)

Salem, Or., March 17.—The fourth semi-annual report of the state board of barber examiners was filed with the governor yesterday afternoon. It shows that the total receipts of the board is $1,158.45, and the total expenditures $1,045.85, leaving a balance on hand of $112.60. The receipts were all from renewal cards, permits and apprentice cards. By far the greater part of the expenditures, or $956.30, was for salaries and individual expenses of the members of the board.

The report also stated that the board of examiners had "adopted new rules and regulations in accordance with a decision of the supreme court of Oregon, on December 12, 1904, setting forth the qualifications of barbers, the conducting of schools, shops and colleges, in regard to sanitary conditions, and regulating the apprentice of students in shops, schools and colleges, thereby protecting the public and apprentices from impositions that have been practiced by proprietors of shops, schools and colleges.

"The board will endeavor to enfore these rules and regulations, and in the near future will visit every shop, school and college in the state, and any one found violating said rules and regulations will be prosecuted according to law."

Too Plain.

From the Philadelphia Press.

"You see," he explained, apologetically, "I didn't know just what to do."

"But," protested his friend, accusingly, "surely you saw your plain duty in the matter."

"Yes, I saw it, and I guess because it was so very plain it didn't attract me."

PROPOSED TELEPHONE ORDINANCE.

An ordinance granting to Charles E. Sumner, his successors and assigns, the right, privilege and franchise to erect poles and string wires and cables thereon, to construct underground conduits and manholes, and to lay wires and cables in underground conduits and through manholes, and to stretch wires and cables along, over, upon and across the streets, alleys, avenues and public places of the City of Portland, for the transmission of sounds, signals, conversation and intelligence, through and over said wires by means of electricity, and to construct, establish, equip and install a telephone and telegraph business within the said City of Portland, and fixing the compensation to be paid therefor.

The City of Portland does ordain as follows:

Section 1. That Charles E. Sumner, his successors and assigns, be and he is hereby granted the right, privilege and franchise to erect poles, with the necessary supports, cross-arms and fixtures, and string wires and cables thereon, and to construct underground conduits together with the necessary manholes and other appliances, and to lay, place and stretch wires and cables therein, along, over, upon, under and across the streets, alleys, avenues and public places of the City of Portland for the transmission of sounds, signals, conversation and intelligence, through and over said wires and cables by means of electricity and to construct, establish, equip and install a telephone and telegraph system, and to conduct a general telephone and telegraph business within the said City of Portland.

Sec. 2. Said grantee, his successors and assigns shall construct the said underground system, under the supervision and direction of the Executive Board or other properly constituted authority of the City of Portland.

Within the fire limits of the said City of Portland, as the same existed on the 21st day of February, A. D. 1902, the grantee herein shall place, lay, maintain and operate his main line wires and other conductors in underground conduits and pipes, and shall also within seven years from the date of approval of this ordinance remove his main line wires from the streets and alleys within the limits beginning on Front and Mill streets and running thence westerly along Mill to West Park street; thence northerly along West Park street to Stark street; thence westerly along Stark and Burnside streets to Thirteenth street; thence northerly along Thirteenth street to Irving street, and thence easterly along Irving street to Front street and thereafter said wires shall be maintained and operated in underground conduits and pipes within said district. All necessary connections to subscribers' stations and to other points may be made from such wires and conductors, and with such means, apparatus and appliances as may be requisite. Said grantee shall file with the Auditor of the City of Portland plans in duplicate of all conduits, manholes, distributing poles and all other construction proposed within the limits of the streets, alleys, highways and public places of the said city, in such form and detail as the Executive Board or other properly constituted authority may require and approve in writing, and all relocations and changes shall be indicated thereon. During the entire work of construction authorized by this franchise an inspector may be appointed by the Executive Board or other properly constituted authority to see that all the terms and conditions of this franchise are strictly conformed to. All poles erected hereafter by virtue of this franchise and grant shall conform in height to the reasonable rules and regulations prescribed by said Executive Board. Said grantee, his successors or assigns shall not remove the poles after once being set from one location to another unless permitted so to do by the said Executive Board or other properly constituted authority.

Provided, that nothing in this section contained shall be construed as prohibiting the City of Portland or the Council thereof from, at any time hereafter, exercising its police power to require the main line wires of the grantee to be placed in conduits in any other section of said city, provided that such police power shall not be exercised except by ordinance applicable alike to all telephone and telegraph wires and poles.

Sec. 3. The traps or manholes may be constructed along the line of said conduit for the purpose of affording access thereto, provided that said traps or manholes shall be located as constructed in conformity with the instructions and to the satisfaction of the Executive Board or other properly constituted authority of said city; said traps or manholes shall be so capped and covered as to be flush with the surface of the street and not to interfere in any way with the use of said streets for travel or traffic.

Sec. 4. That said grantee, his successors or assigns may, under the direction of the Executive Board or other properly constituted authority of the City of Portland, make all necessary excavations, in any part of the said streets, alleys, or public places, for the purpose of erecting and maintaining poles and other supports for his or their wires or conductors, and for repairing the same, and for the purpose of laying, repairing and maintaining said underground pipes or conduits, and said manholes, and for placing, repairing, maintaining and operating said wires and conductors therein. All poles that are erected and maintained pursuant to the terms of this ordinance shall be erected at the edge of the sidewalks, unless otherwise directed by the Executive Board or other properly constituted authority, in a good and substantial manner. The Executive Board or other properly constituted authority shall have the right to require said grantee, his successors or assigns, to move the location of a pole whenever the public convenience shall require the location of the same elsewhere; the expense of said removal to be paid by said grantee, his successors or assigns. When any excavation shall have been made pursuant to the authority hereby granted, the grantee, his successors or assigns, shall restore the portion of the street, alley or public highway, excavated to the same good order and condition to which it was prior to said work, and all said work shall be done in compliance with the reasonable and necessary rules, regulations, ordinances or orders which may during the continuance of this franchise be adopted from time to time by the said Council, or provided by law, and said work of repairing said streets, alleys and public highways shall be done to the satisfaction of said Council or such official or officials as the law may designate.

Sec. 5. Nothing in this ordinance shall be construed as in any wise to prevent the proper authorities of the said city from sewering, grading, paving, planking, repairing, altering or doing any work that may be desirable on any of the streets, alleys or public highways of said city, but all such work shall be done if possible in such manner as not to obstruct, injure or prevent the free use and operation of the said telephone and telegraph system of said grantee, his successors and assigns.

Sec. 6. The grantee, his successors and assigns, whenever or wherever electric currents are used or employed in or about the use of the franchise by this ordinance granted, or the ground connected therewith, shall provide and put in use such means and appliances as will control and effectually contain such currents in their proper channels on his or their own wires, so as to prevent injury to the property, pipes and other structures belonging to the City of Portland or any other person, firm or corporation within said city, and shall repair and restore said means and appliances and from time to time change and improve the same as may be necessary to accomplish said purposes, all at his or their own charge and expense and at his or their risk, selecting and adopting such means and appliances as shall prevent injury to the property, pipes or other structures belonging to the City of Portland or any person, firm or corporation.

Sec. 7. Whenever it shall be necessary in grading any street or alley of said city or in building any sidewalk or making any other improvements thereon, to remove any pole or poles belonging to said grantee, his successors or assigns, on which any line or lines, wire or wires belonging to said grantee, his successors or assigns, shall be stretched or fastened, the said grantee, his successors or assigns, shall, upon receiving 24 hours' notice from the Executive Board or other properly constituted authority remove such pole or poles, and if said grantee, his successors and assigns, upon such notice, shall neglect or refuse to remove such pole or poles, then such pole or poles shall be removed by the Executive Board or other properly constituted authority, at the expense of said grantee, his successors or assigns.

Sec. 8. Whenever any person or company shall have obtained permission of the properly constituted authorities of the City of Portland to remove any building through any street or streets, the grantee, his successors or assigns, if he or they have a line on said streets, on due notice from such person or company, shall raise, remove or adjust his or their lines so as to allow an unobstructed passage of such building, and if said grantee, his successors or assigns, shall after said notice neglect so to do, the properly constituted authority of the City of Portland shall, at the expense of said grantee, his successors or assigns, remove said lines as far as they are an obstruction to the passage of said building.

Sec. 9. For the purpose of effectually securing efficient service and for the purpose of the continued maintenance of the property, plant, system and exchange constructed and operated under this franchise, the grantee, his successors and assigns shall keep and maintain his or their poles, conduits, plant, system and exchange in good order and repair and shall render efficient service throughout the entire term of this grant. If the grantee, his successors and assigns, shall fail at any time to keep in good repair the poles, conduits, wires, plant, system and exchange constructed, operated and maintained under this franchise, or shall fail during the period of this franchise to render efficient service, the Council of said city may declare this grant and all the rights and privileges herein conferred forfeited, and upon adjudication of forfeiture by a court of competent jurisdiction this franchise and all the rights and privileges conferred thereby shall become null and void, but no decree of forfeiture hereof shall be made if before the rendition of such decree adjudicating such forfeiture the said grantee, his successors or assigns, shall place said plant, system, exchange and property in good order and repair and shall render efficient service thereby and thereafter.

Sec. 10. That except as hereinafter provided said grantee, his successors or assigns, shall not, without the consent of the city, evidenced by ordinance, sell or transfer the conduits, poles, wires or appliances of any kind or description, or sell, lease, assign or transfer any of the rights or privileges herein authorized or granted, to any person, company, trust or corporation, now or hereafter engaged in the telephone and telegraph business, and shall not at any time enter into any combination, directly or indirectly, with any person or persons, or any corporation, concerning the rate to be charged for telephone and telegraph services, with any officer or officers, employes or managers of any telephone or telegraph system constructed or being operated in said city; provided, however, that said grantee, his successors or assigns, may assign this franchise to a corporation organized by him under the laws of the State of Oregon, or some other state of the United States, for the purpose of carrying on a general telephone and telegraph business, and of owning, constructing, maintaining and operating lines, conduits, cables, wires and other electrical conductors, together with all necessary fixtures, service wires and house connections, to be used for the transmission of sounds, signals and intelligence by means of electricity in the City of Portland; and provided, further, that notice of said assignment shall be filed with the Auditor of the City of Portland within sixty (60) days after the execution of said assignment.

Sec. 11. That all telephone lines, constructed or operated, under said franchise shall have complete copper metallic circuits, and that the conduit system constructed and laid down under said franchise shall be of such size and capacity as to accommodate wires, cables or conductors sufficient to provide for ten thousand (10,000) telephones.

That the rent or charge for an unlimited, independent, metallic circuit, telephone service in the system established or maintained under said franchise, so long as such system does not connect and exchange with more than ten thousand (10,000) telephones shall not exceed Six Twenty-five One-Hundredths ($6.25) Dollars per month for a telephone installed in any business office or premises for business purposes, or Two Seventy-five One-Hundredths ($2.75) Dollars per month for a telephone installed in a private residence, and that when said system shall comprise more than ten thousand (10,000) telephones, the annual rent or charge for the aforesaid service shall not be increased by more than a sum equal to Six ($6.00) Dollars per annum for each one thousand telephones in said city connected with said system in excess of ten thousand; provided that a discount of Twenty-five ($0.25) Cents per month shall be made for payment on or before the 10th day of the month in which the service is rendered; and provided, however, that in any case the rate shall not exceed $8.00 per month for business houses nor $4 for residences.

Sec. 12. The said grantee, his successors and assigns, in consideration of the franchise, rights and privileges granted by this ordinance and as compensation therefor, shall, on the first day of January of each year during the term of said franchise, pay to the City of Portland a sum equal to one per cent of the gross income or receipts of said grantee, his successors and assigns holding said franchise and operating the same, for each and every preceding year during the term of said franchise, which compensation shall, however, amount to not less than the sum of $1,000 for each of the following years, to-wit: 1906, 1909, 1910, 1911, 1912, 1913, 1914, and not less than the sum of $2,000 for each of the following years, to-wit: 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, and not less than the sum of $3,000 for each of the following years, to-wit: 1927, 1928, 1929.

And as further compensation the said grantee, his successors and assigns, shall within ____ days from the commencement of the operation of the said telephone exchange, install, equip and maintain a police patrol telephone system for the City of Portland, connected with suitable switchboard in police station, telephones to be placed in boxes on poles of the fire patrol or at places designated by the city, the same to be placed where so designated within the district covered by the company's wires, conduits or poles, or where other poles or conduits are available. Seventy-five (75) telephones are to be installed as soon as the company has poles erected and wires laid, and 35 telephones are to be installed each year thereafter until 300 thereof are so installed. Five (5) telephones may be placed on one line and the city is to supply the boxes to be placed on the poles therefor. The entire police telephone system shall be the property of the City of Portland at the termination, forfeiture or abandonment of this franchise.

The said grantee, his successors and assigns, shall, as further compensation to the city, connect his system with the operating room or headquarters of the Fire Department of the City of Portland by two or three lines, as requested, and place telephone and extension in each general officer's headquarters of the Fire Department and one in each of the general officers' residences, the said grantee to provide fire alarm telephone system when required by the City of Portland. The City of Portland shall have the use of such conductors and of such character as needed by the fire alarm, police patrol telephone and telegraph systems and water department telegraph and telephone systems in the underground conduits and river cables of the company and the right to string wires for such purposes on the grantee's poles. The City Hall, City Crematory, City Barn, City Jail and other offices of the City of Portland shall be supplied with such telephones as may be necessary for the uses of the several departments and officers of the city.

And said franchise may be forfeited by the failure of the grantee, his successors and assigns, to make payment of the compensation above provided for and to perform the acts above provided for. Provided, however, that the compensation above fixed shall be in addition to all other, either general or occupation, taxes now imposed upon the owners or holders of similar franchises, or which may be hereafter so levied or imposed.

Provided, that the said grantee, his successors or assigns, shall keep at all times during the time for which this franchise is granted, full and correct books of account and make quarterly reports in writing to the Auditor of the City of Portland, said reports to contain an accurate statement in summarized form, as well as in detail of all receipts from all sources, and expenditures for all purposes, together with a full statement of all assets and debts, as well as such other information as to the costs and profits of said service and the financial conditions of the said grantee, its successors or assigns, and the Auditor of the City of Portland may inspect or examine, or cause to be inspected or examined, at all reasonable hours, any and all books of account and vouchers of the said grantee, his successors and assigns.

Sec. 13. The work of constructing said telephone plant, system and exchange to be constructed, maintained and operated under the provisions of the franchise herein granted shall be commenced in good faith within not more than eight months from the date of the granting of said franchise and shall be continuously prosecuted thereafter in good faith and shall be completed within not more than three years thereafter. That the said grantee, his successors and assigns shall in good faith lay out and expend for material and labor used and performed in the construction of said telephone plant, system and exchange, including office and exchange buildings, poles, conduits, manholes, wires, cables, switchboards, telephonic apparatus and appliances, the following sum within the period hereafter mentioned, respectively: Fifty Thousand ($50,000) Dollars within one year after the grant of the franchise herein provided for is passed, approved and become effective; Two Hundred and Fifty Thousand ($250,000) Dollars within two years after the grant of the franchise herein provided for is passed, approved and becomes effective, and Five Hundred Thousand ($500,000) Dollars within three years after the grant of the franchise herein provided for is passed, approved and becomes effective. That the entire total cost of said plant, after being fully completed, is estimated at One Million ($1,000,000) Dollars.

Section 14. The Executive Board of the City of Portland, or other properly constituted authority thereof, shall have the power and authority to regulate the manner of erecting said poles, constructing said conduits and stringing and laying said wires and carrying out the provisions of this ordinance.

Sec. 15. Said grantee, his successors and assigns, hereby agrees and covenants to indemnify and save harmless the City of Portland against all damages, costs and expenses whatsoever, to which said city may be subject in consequence of the acts or neglects of grantee, his successors and assigns, his or their agents or servants, in any manner arising from the rights and privileges granted herein. All rights, authority and grants herein contained or conferred are further conditioned upon the express understanding and agreement that the privilege in the streets and public places, herein conferred are not to operate in any way as an enhancement of the grantee's properties or values or be an asset or item of ownership in the appraisal thereof in the event that said city shall ever acquire by purchase any or all of said grantee's, his successors' or assigns' property.

Sec. 16. The rights, privileges and franchise hereby granted shall terminate at the expiration of twenty-five years from the date of the passage of this ordinance, and shall commence the day this ordinance becomes of force and effect.

Sec. 17. That upon the expiration of the period for which this franchise is granted, the City of Portland reserves the right at its election and upon the payment therefor of a fair valuation thereof to be made and determined as hereinafter provided, to purchase as an entirety and take over to itself all of the property, plant, system and exchange constructed, operated and maintained under the rights conferred by this grant which may be situated on, in, above and under the streets, avenues and public places of the City of Portland enumerated in Section 1 of this ordinance, together with all real, personal and mixed property, apparatus, appliances, appurtenances of every kind and description, including all choses in action, contracts, subscriptions and good will, making up, constituting and used in connection with such plant, system and exchange so operated and maintained under the rights and franchises herein granted. Provided, however, that before the city shall have the authority to purchase or take over such plant and property the question, whether or not the city shall acquire or take such plant and property shall first be submitted to the voters of the city at the regular election for city officers next preceding the expiration of the period for which this franchise is granted. In case the valuation of said plant, system and exchange in its entirety can be paid out of the annual revenues of the city, in addition to the payment of the other necessary expenditures thereof, then the affirmative vote of a majority of the electors voting at such election shall be necessary to authorize the acquisition of such plant, system, exchange and property by the city. In case, however, the valuation of said plant, system and exchange shall so far exceed the annual revenues of the city in addition to the payment of other necessary expenditures thereof in such an amount as to render it necessary to incur a municipal bonded indebtedness for such purpose, then the submission of such proposition to the electors for the acquisition thereof shall specify therein the amount of the proposed bonded indebtedness, the rate of interest thereon and whether such bonded indebtedness shall be incurred. An affirmative vote of at least two thirds (2-3) of the electors voting thereon at such election shall be necessary to secure such acquisition and to warrant the issuance of municipal bonds therefor. In determining the valuation of said plant and property to be purchased and ta
