Interior View of Gray's New Haberdashery.

R. M. Gray has just opened at 269 and 271 Morrison street, between Third and Fourth, one of the finest stores in Portland for exclusive men's wear. Mr. Gray claims it is the finest store of its kind on the Pacific coast, and any one who will visit the store will see on what Mr. Gray bases this claim. No expense has been spared in fitting up the store, and features have been introduced which cannot be found in any other store in the United States. One of these features and one most striking is the loungingroom for men. In the rear of the store and brilliantly lighted is a handsomely furnished room. In it is a desk-table, and on it are found all the daily newspapers and the latest magazines. It is also supplied with a telephone—no nickel-in-the-slot affair, but free to any gentleman who wants to use it. There is also stationery and other conveniences, including toilet and washrooms. Mr. Gray has not introduced this feature for the benefit of his customers, but he wants gentlemen to use it, whether or not they are his patrons. It is there as a meeting place for friends, or where a gentleman, if he wants to, can rest comfortably in a good rocking-chair, or he can telephone to a friend or write a letter. It is practically a downtown clubroom for gentlemen, and in this respect supplies a want that no other store does.

A visit to the store will demonstrate to any one its handsome fittings, and what is shown in the fittings is represented in the goods Mr. Gray handles. It is strictly an exclusive store for gentlemen's fine wear. In the way of clothing Mr. Gray has his own make, and he has secured the copyrighted name of "Chesterfield" for Oregon. One thing that Mr. Gray insists on is that his customers must be pleased. There is nothing like forcing, but a customer is requested to go over the whole stock and select what he wants. Every garment has to be satisfactory or money is refunded, thus operating the store on the lines of those exclusive men's stores in big eastern cities. In the way of men's furnishings Mr. Gray carries a full stock of exclusive styles and the latest importations.

Another feature of the store is the character of the salesmen, each of whom is a polished gentleman, courteous and anxious to care for the wishes of his employer that customers must be pleased. Frank Moore is assistant manager, and he is assisted by Travis Cockerill, Edward W. Blum, Charles McCrum and Walter Bliss as salesmen. A. M. Estabrook as tailor, and Miss Pearl Shaw as cashier.

At the opening of the new store two handsome floral designs were shown. One of these was a massive horseshoe with the following inscription: "Wishing you abundant success and a hearty welcome to Portland. Ben Selling." Another design was a large horseshoe given by the employes of the store.

A Lane county young woman shot at a target, a cookhouse stovepipe, with a rifle, and the usual result for a woman—shot a boy who was on the ground.

Worry Goes To The Stomach

Tears down the little Telegraph Lines that Operate and control the Digestive Processes.

How To Repair These Telegraph Lines.

I Will Gladly Give Any Stomach Sufferer a Full Dollar's Worth of My Remedy Free to Try.

I ask no deposit—no reference—no security. There is nothing to risk—nothing to pay, either now or later. Any stomach sufferer who does not know my remedy may have a full dollar's worth free, if he merely writes and asks.

I willingly make this liberal offer because Dr. Shoop's Restorative is not an ordinary stomach remedy. It does not, indeed, treat the stomach itself. It goes beyond—it treats the nerves that control and operate the stomach. The nerves that wear out and break down and CAUSE stomach trouble. For stomach trouble is really only a symptom that there is serious nerve trouble inside. That is why ordinary remedies fail. That is why my remedy succeeds. That is why I can afford to make this offer.

Yet do not misunderstand me when I say "nerves." I do not mean the nerves you ordinarily think about. I mean the automatic stomach nerves over which your mind has no control. I have not the space here to explain to you how the nerves control the stomach, or how they may be vitalized and restored. When you write I will send you a book which will make these points clear. But this much is certain—failing nerves cause all forms of stomach trouble—indigestion, belching, heartburn, insomnia, nervousness, dyspepsia. No stomach medicine will cure these ailments. Only nerve treatment will do that. No other remedy than Dr. Shoop's Restorative even claims to reach these nerves.

What ails the stomach nerves? Worry, probably. Mental anguish destroys their tiny fibers and tears down the telegraph lines without which the stomach has no more self control than a sponge. Overwork will do it. Irregular habits will do it. Overeating will do it. Dissipation will do it. But the effect is the same—stomach failure.

No matter how these nerves became impaired—I know a way to rebuild their strength—to restore their vigor. It is a remedy which took thirty years of my life to perfect—a remedy which is now known in more than fifty thousand communities—in more than a million homes—as Dr. Shoop's Restorative.

If you have stomach trouble and have never tried my remedy, merely write and ask. I will send you an order on your druggist which he will accept as gladly as he would accept a dollar. He will hand you from his shelves a standard sized bottle of my prescription, and he will send the bill to me. This offer is made only to strangers to my remedy. Those who have once used the Restorative do not need this evidence. There are no conditions—no requirements. It is open and frank and fair. It is the supreme test of my limitless belief. All that I ask you to do is to write—write today.

For a free order for a full dollar bottle send you most address Dr. Shoop, Box 1, 972, Racine, Wis. State which book you want.

Book 1 on Dyspepsia. Book 2 on the Heart. Book 3 on the Kidneys. Book 4 for Women. Book 5 for Men. Book 6 on Rheumatism.

Mild cases are often cured by a single bottle. For sale at forty thousand drug stores.

UNION PACIFIC TO BE INVESTIGATED

Stockholders' Committee to Examine Into Condition of Harriman's Control.

(Journal Special Service.)

New York, March 24.—There is talk today of a protective committee of Union Pacific stockholders to investigate the property and the Harriman management. It is believed that the investigation will show that the control rests elsewhere than in the hands of Harriman and his friends, and an appeal may be made under the laws of Utah, under which the company is organized, to put the real owners in control. The law permits the ousting of a minority management on 30 days' notice. The selling of the Union Pacific and Southern Pacific, which recently unsettled the stock market, is traced to Harriman, according to good authorities. It was said that, realizing his loss of control, he was liquidating his holdings regardless of the consequences.

Morgan and Rockefeller brokers have quietly absorbed the Union Pacific stock thrown over by the Harriman brokers, and it is beginning to dawn in the street that Harriman no longer represents the Rockefeller interests, as intimately as he once did.

SHERIFF WOUNDED IN FIGHT WITH BANDITS

(Journal Special Service.)

Tonopah, Nev., March 24.—Harry Mannon, deputy sheriff of Nye county, was shot three times and fatally wounded last night in a desperate battle with the bandits called the "Black Boys," who held up a party of Italians at Montezuma, seven miles from Tonopah, Tuesday. In the fight one of the desperadoes was captured.

At the time of the holdup the robbers secured $400 in money and a considerable amount of jewelry. They have been hunted unceasingly by the sheriff's posse ever since. When the six Italians halted on the road and showed fight, in the battle which followed two horses ridden by the foreigners were killed. Every member of this outlaw gang is a murderer. The rendezvous is on the Black desert.

ALL STARS ACT FOR BENEFIT OF HOLLAND

Theatrical Luminaries Give Services in Play for Benefit of Sick Actor.

(Journal Special Service.)

New York, March 24.—One of the most remarkable aggregations of actors and actresses ever formed was seen on the stage of the Metropolitan opera house this afternoon. They were the participants in a performance given for the benefit of Joseph Holland, the actor, who, by reason of physical disability is incapacitated from further stage work.

All the seats in the theatre were sold several days ago, and it is expected the net profit to Mr. Holland will aggregate fully $10,000. The Lambs' club and the Players' club each paid $1,000 for single seats, while leading members of the professions and admirers of Mr. Holland in the outside world paid fabulous prices for boxes and seats. All of those who took part in the performance contributed their services, and the same was true of the stage mechanics and others who aided in the testimonial.

The program of the entertainment was made up of sketches and bits of plays now being seen in the leading theatres of the metropolis. An original burlesque was also given.

Among the prominent players who took part were Blanche Walsh, Mrs. Leslie Carter, Fritzi Scheff, Ethel Barrymore, Blanche Bates, Marie Dressler, Grace George, Phoebe Davies, Robert Edeson, Arnold Daly, William Gillette, Frank Daniels, David Warfield, Francis Wilson, Digby Bell, Lew Fields, Joseph Weber, Wilton Lackay, Henry E. Dixey, Jefferson De Angelis, Robert Mantell, Clara Bloodgood, Sam Bernard, Maxine Elliot, Viola Allen, Henry Miller and W. H. Thompson.

Show girls from the various musical comedies in town distributed flowers in the lobby and sold programs.

THOUSAND DOLLARS FOR LOSS OF BEER CAPACITY

(Journal Special Service.)

Camden, N. J., March 24.—Because injuries in a streetcar accident caused the reduction of his beer-drinking capacity from 30 glasses daily to 18 glasses, Louis Gurber has secured a verdict of $1,000 against the Camden & Suburban Railway company. The case was tried in the circuit court. Counsel for the railway company argued that a curtailment of Gurber's enjoyment of beer was a distinct advantage to him, physically and financially. Gurber's lawyer maintained that his client's material happiness was lessened by just 12 glasses of beer daily. The beer figures prominently in the judge's charge.

BULGARIA AND TURKEY MAKE READY FOR WAR

(Journal Special Service.)

Sofia, Bulgaria, March 24.—There is an uneasy feeling here owing to the fact that Turkey continues to mass soldiers in Macedonia. Thirty thousand rifles and 2,000,000 rounds of cartridges have been dispatched to Uskup and large quantities of guns sent to Salonica.

RENDERS OPINION ON EXEMPTION LAW

Articles or Stock to Amount of Three Hundred Dollars May Be Retained.

(Special Dispatch to The Journal.)

Salem, Or., March 24.—Attorney-General Crawford rendered an opinion this morning on the famous exemption law passed by the recent legislature. He holds: "Household goods, furniture and utensils are exempt to the amount of $300 if owned by a householder and kept for use in the family."

Ten sheep, two cows and five swine or any part thereof are exempt up to the value of $300, but no more than this number could be exempt, no matter how many the person owned.

"A person may exempt tools, implements, apparatus, team, vehicle, harness or library necessary to enable him to carry on his trade to the amount of $300, and a taxpayer can choose articles from these lists which may be exempt. But the exempted property must be selected from these and cannot exceed $300."

EXPIRES AT DALLAS.

(Special Dispatch to The Journal.)

Dallas, Or., March 24.—Cuminie Brown, a son of H. M. Brown, a real estate dealer of this city, died of appendicitis late yesterday evening. He was operated upon three days ago by Dr. Bird of Salem, but the advanced stage of his disease made it impossible to have much hopes for his life.

WHAT IS CATARRH?

Hyomei Cures This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages of the lungs. It kill the germs of the catarrhal poison, heals and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectually driving this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the nose, throat, bronchial tubes or tissues of the lungs.

offensive breath	huskiness of voice
dryness of the nose	discharge from the nose
pain across the eyes	stoppage of the nose at night
pain in back of the head	aching of the body
pain in front of the head	droppings in the throat
tendency to take cold	mouth open while sleeping
burning pain in the throat	tickling back of the palate
hawking to clear the throat	formation of crusts in the nose
pain in the chest	dryness of the throat in the morning
a cough	loss of strength
stitch in side	spasms of coughing
losing of flesh	cough short and hacking
variable appetite	low spirited at times
raising of frothy mucous	cough worse nights and mornings
expectorating yellow matter	loss in vital force
difficulty in breathing	a feeling of tightness across the upper part of the chest
frequent sneezing	

Hyomei will cure the disease, destroy activity of all germ life in the respiratory organs, enrich and purify the blood with additional ozone, and after a few days use of this treatment the majority of these symptoms will have disappeared. In a few weeks the cure will be complete.

Catarrh or catarrhal colds cannot exist when Hyomei is used. This is a strong statement, but Woodard, Clarke & Co. emphasize it by agreeing to refund your money if Hyomei does not cure.

HUNDREDS OF MILLIONS SPENT IN NEW SUBWAYS

(Journal Special Service.)

New York, March 24.—Plans for subways to cost $230,000,000 were submitted by the New York City Railway company and Interborough company to the board of rapid transit commissioners today. The Interborough company's plans call for a four-track extension of the present subway from Grand Central station to One Hundred and Fourty-ninth street, the Bronx on the east side, and an extension on the west side from the Times square to the Battery. The plans of the New York City railway provide for three complete new lines paralleling the present subway to the cross town line at Thirty-fourth and Brooklyn bridge.

THREE FEET OF SNOW.

(Special Dispatch to The Journal.)

Cottage Grove, Or., March 24.—Men down from the Crystal sawmill, Bohemia, say that there are three feet of snow. This has caused a shutdown of outside operations, but work is going on at the mines. This snow will soon go off, as the earth is warm and will not hold it very long.

NO GOSPEL PREACHED IN IMMENSE TERRITORY

Reno, Nev., March 24.—C. A. Shompe, a prominent resident of Lincoln county, after a complete tour of his county, covering 16,000 square miles, discovered that nowhere in its confines is there such a thing as even a missionary house where the gospel is preached. Probably it is the greatest extent of country in the civilized world where a minister is not stationed or where religious services are not held.

There is a population of several thousand people in the territory, including such well-known towns as Delamar, Pioche, Monpa and others. The vast county covers a greater area than Massachusetts, Connecticut and Delaware combined. There is no record in any section of the county that religious services have been held for years.

(Journal Special Service.)

Dover, March 24.—The royal yacht Hamburg, with Emperor William on board, arrived here this morning en route to the Mediterranean.

The Hamburg only stopped to receive dispatches. Royal salutes were fired from the castle in honor of the kaiser.
