HOUSE OF DEATH **CLOSED TO OFFICER**

Driven From Residence of Suicide E. F. Capps.

JAMES WELLS REFUSED TO ALLOW HIM TO ENTER

Nothing Personal in Action, But Many Did Not Want Dead Man's Friends Disturbed.

Despite the denial of Patrolman O. F. sakson that any trouble occurred on count of his attempting to force his my into a room in which were two grief-stricken women, after the suicide of E. F. Capps, at East Fourteenth and Beacon streets, last Sunday, the state-

Beacon streets, last Sunday, the statements of those responsible for keeping him from entering the house put an entirely different light on the affair.

It appears that the body of the suicide had been removed from the house and placed in a vehicle by Deputy Coronel Baldwin, who was conversing with a number of persons in front of the liouse when the incident occurred. Several witnesses state that Baldwin was not in a position to know what happened, so far as Isakson is concerned, and that his assertion, therefore, should carry no weight. The policeman was stopped from entering the room by James Wells, the timber man, whose residence is at 573 East Madison street. Mrs. Wells 13 a niece of the deceased,

"I am very sorry that so much promi-

a niece of the leceased.

"I am very sorry that so much prominence should have been given the incident," said Mr. Wells last night. "I have nothing against the policeman, but think he exhibited very poor judgment. While I grasped him by the arm and placed my-self between him and the door of the room, I did not use violence. However, if he had persisted in his attempt to enter and violence had been secessary to prevent him, it would have been used.

"The suicide occurred an hour before oroner, and that nothing called for

"Notwithstanding this, Isakson moved toward the door of a room in which were Mrs. Capps and my wife, both in a distracted condition, and placed his hand on the knob. Then I grasped him by the arm and placed myself between him and the door. I spoke more plainly this time, and told him that nobody was in the room but my wife and Mrs. Capps, who were sobbing and almost hysterical." Isakson, there is no occasion for your presence here. I said. The coroner is in charge and has removed the body. If you want any information, get it from him."

"He replied that he had orders from the chief to make an investigation. I told him I cared nothing about any orders he had, that the coroner was in the coroner was i

It was on leaving the house that Isakson met K McFarland, a brother-in-law of the deceased. At that time Mr. McFarland further explained to Isakson that his presence in the house was un-

HANAOKA CHARGED WITH WILLFUL MURDER

Japanese Held for Trial, and and Will Be Examined Friday.

Sakutaro Hanacka appeared in the police court before Judge Hogue this morning, with a charge of murder, willful and premeditated, standing against his name on the docket. The charge was preferred by Detective L. C. Hartman, who swears in the complaint that March 26, with malice prepense, Haracka cut and stabbed S. Fugertero to death in a lodging house at Fourth and Flanders street. The complaint was filled by the detective after the verdict filed by the detective after the verdic coroner's jury at the inquest held by Deputy Coroner Arthur L. Finley yesterday afternoon.

The alleged murderer was arraigned and entered a piea of not guilty. He was not represented by a lawyer. Judge Hogue decided to hold the preliminary examination Friday morning. Hanaoka will undoubtedly be bound over to an will undoubtedly be bound grand jury.

were the charge before the grand jury.

the inquest five Japanese and one At the inquest five Japanese and one woman appeared as witnesses, but did not testify to anything in the least dam aging to their countryman. They said they were drunk at the time of the af-

fray.
The testimony of Detective Hartman, to whom Hanaoka is said to have made damaging confessions, together with the fact that the Japanese admitted having used the knife previously are the facts on which the verdict was returned.

Night School.

The spring term of the Young Men's Christian association night school begins Monday, April 3. Courses will be given in mathematics, bookkeeping. hemistry, mechanical drawing, mechan ics, architectural drawing, penmanship, plumbing, shorthand and typewriting.

To Prevent the Grip.

WILL CARRY MESSAGE TO THE NORTH END

The greatest religious demonstration in the history of Portland is promised for tomorrow night, when upwards of 5,000 people will form in life behind a brass band and parade through the north end, drumming up crowds for evangelistic meetings that are to take place in two theatres at 11 p. m., lasting until midnight.

midnight.

At 10:15 p. m. the parade will begin.

The people of district 1 are expected to form on Seventh street, between Morrison and Alder streets; of district 2, on Alder, between Park and West Park; district 3, on Alder, between Seventh and Park; district 4, on Alder, between Sixth and Seventh; district 5, including the Salvation Army and Volunteers the Salvation Army and Volunteers of America, on Sixth, between Morrison and Alder; district 6, on Seventh, be-tween Alder and Washington; and dis-tricts 7, 8 and 9, on Alder, between Sixth

and Seventh.

The line of March will be from the corner of Morrison and Seventh, along Morison to Third, down Third to Flanders, on Flanders to Fourth, on Pourth to Burnside, on Burnside to Sixth, thence to the several theatres engaged for meeting purposes, which will not now be announced.

The regular street cars will run later than usual to accommodate the crowds. At several points on the line of march songs will be sung, but there will be no speaking until the theatres are reached.

A. J. TANNO WOULD BE A COUNCILMAN

Another candidate for councilman the Republican ticket from the fifth ward has appeared. He is A. J. Tanno, of 423 Fifth street, who filed his decauditor this afternoon.

"I shall favor a policy," said he, "which will be for the moral advancement of the people and a strict busi-ness administration of city affairs. I shall oppose 'grafting' in every form."

JUST A SUSPICION OF ICE THIS MORNING

Sidewalks and doorsteps showed suspicion of ice this morning, but there was no damage to flowers or the fruit crop. If it should remain clear tonight another slight freeze is expected. maximum temperature yesterday was 48 degrees. The indications are that there will be practically no rain in this dis-trict in the next 24 hours. The river at Portland fell two-tenths of a foot last

TO VOTE ON LOCAL OPTION IN WASCO

(Special Disputch to The Journal.) Hood River, Or., March 29.—Petitions are in circulation here this morning calling for a local option election in June for Wasso county. Business men are signing as a unit and there are strong possibilities that with the Hood River vote and the southern part of the county The Dalles will be made dry, and citizens of the county seat fear this result.

HOW TO MAKE SOUP.

Soup is one of the most nutritious articles of food, and so simple is the art. of making it that nothing on the table is so frequently spoiled. Hugh Miller, stonemuson's apprentice, acientist and geologist, wondered that his master did not like the first potato soup he made—"three kinds in the same pot, browned and thick at the bottom, clear and watery in the middle, vegetable oil on the surface." Miss Tingle's pupils will learn to make soup which will build up the tissues of the human body.

POLITICAL PLOT DECLARES BALLIN

Pronounced Unfit at Matthews' Command.

INSISTS THAT BOAT IS THOROUGHLY SOUND the

Complaints Have Been Politicians on Trial Trip There to Find Fault at Behest of Boss.

Complaint was made to the police of a gang of hoodlums, ranging in ago from 15 to 25 years, that infests the neighborhood of Twenty-fifth and Thurman streets. The immediate cause of the complaint was a free-for-all fight Monday night, in which about 39 young men took parj. The trouble was largely in the nature of a riot; many scalps bruised and lacerated.

Numerous complaints have been made to the police on account of the hoodlums making that part of the city their rendesvous. It is said that almost all of them live in other quarters of the

rolliterans made the trial trip of her and picked out a crew to run her," continued Mr. Ballin. "If a man who never steered an automobile in his life would mount one of the machines and attempt to run it, the probabilities are that he would collide with the first obstacle that lay in his path. It is the same way with a steamboat—an experienced hand

Is required at the helm, or damage will surely result. It is stated that the vessel could not be easily steered. Any one who imperstands steering can handle the Webster as easily as any other boat in this harbor. This was proved when she was over at Vancouver. That she bumped into the slip on her trial trip argues nothing against the boat when other facts are known."

Mr. Ballin and George H. Howell of the executive board of the city council were on the Webster Saturday afternoon when she was given a trial spin in the harbor. Both state that the "politicians" in the party formed a little group and kept up a constant talk in an undertone. When Mr. Ballin or Mr. Howell approached the party the conversation would cease, but as soon as they moved away it would be resumed with energy. This is regarded as evidence that they were scheming among themselves to have the boat pronounced a failure.

COLD BATH BORRED HIM

Had it not been for the prompt action Charles Ducott, watchman on the Had it not been for the prompt action of Charles Ducott, watchman on the steamer Regulator, an unknown man would have been drowned this morning in front of the Washington street dock. At about 3 o'clock a well-dressed stranger walked off the slip, when he struck the water he yelled for help. Ducott throw him a line, and as the man was going down for the third time he manged to grasp the rope, and was dragged aboard the Regulator. Ducott says that the man was intoxicated, but the cold plunge sohered him. He said he had a room at the Rheinphalz hotel, but the proprietor knows nothing about the accident.

ALLIANCE MAD ROUGE VOYAGE.

The steamer Alliance, which reached port this morning from Eureka by way of Coos Bay, had a very rough trip. The vessel was barbound at Coos Bay four days, but managed to cross Monday night. There at the time, unable to get away were the steamers Breakwater. Roanoke and Czarina. After leaving Marshfield the Alliance faced a strong southeast gale, which continued with terrific force until the mouth of the Columbia was reached. Her 80 passengers spent a week on the boat. Her cargo measured only 200 tons.

This morning the Oregon Round Lum is looking after the interests of the seamen, states that the men he represents assisted in the work of organizing the longshoremen's union, and if necessary they will help to disorganize it.

"In their memorable strike at San Francisco in 1901," said Mr. Paul this morning, "we fed the longshoremen and bought them all of the clothing they needed. The sailors were out \$60,000 on their account, and still they do not appear to appreciate these favors. Had it not been for us they would have lost

THRILLING RACE FOR LIFE DOWN MOUNTAIN

(Journal Special Service.)
Reno, Nev., March 29.—Mrs. E. Mc-Tigue, an old resident of Comstock, had a race for life for a distance of more grade. She was driving in a one-horse

grade. She was driving in a one-horse buggy when a four-horse team pulling a heavy load of ore just behind her took fright and became unmanageable.

"Look out!" shouted the driver.

Mrs. McTigue looked back and saw the frightened animals dashing up behind and then began a thrilling race. To turn a distance of one foot meant to be dashed to death at the bottom of a canyon hundreds of feet below. To stop meant to be ground to death between the hoofs of the horses or under the massive wheels of the freight tween the hoofs of the horses or under the massive wheels of the freight wagon. The freight team gained on the little buggy and when about half way down the grade one of the lead horses raised his forefoot, going over the axle of Mrs. McTigue's rig. At this moment one of the wagons swerved and went over the grade, pulling the four horses and the lead wagon with it. Daniel Horton, the driver, jumped and Daniel Horton, the driver; jumped and escaped. One of the horses was killed and the other slightly injured. The wagons were wrecked.

MR. STROWBRIDGE WON'T

RUN FOR JUDGESHIP A. Strowbridge, Jr., has with

Joseph A. Strowbridge, Jr., has with-drawn his declaration of intention to be-come a candidate, which he filed with the city auditor last Saturday. The communication asking that his declara-tion be withdrawn, follows:

"I hereby withdraw the petition filed with you declaring my intentions to be-come a candidate for the office of mu-nicipal judge of the city of Portland, and desire that no further petition re-questing my name be placed upon the ballot at the primary election be re-ceived by you."

ballot at the primary election be received by you."

'The personal sacrifice will be too
great, and I cannot afford to run," said
Mr. Strowbridge this morning after he
had withdrawn his declaration. "Since
I have declared myself I have been
thinking the matter over very carefully
and came to the conclusion that I could
not afford to give up my bractice. Resides, the campaign expenses would be
considerable."

THE NAME OF THE PARTY OF THE PA

NEWSPAPER MEN WARNED AWAY FROM GRAND JURY

Armour's Right Hand Man Is In- Second Debate to Be Held at O. Will Examine Them, and Repert dicted for Tampering With Testimony of Employe.

(Journal Special Service.)

Chicago, March 22.—Assistant Attorney-General Pagen announced today that the government has decided to place John E. Shields, an Armour employe of Brooklyn, under heavy bond to appear as witness in any trials growing out of the grand jury investigation of the beef trust. Shields has furnished bond for \$10,000 to appear at the July trials.

Thomas J. Connors, general superintendent of Armours, who was indicted yesterday charged with making overtures to Shields, who was brought here by the government as a witness. Newspaper men today were warned away from the vicinity of the grand jury under penalty of arrest.

WESTERN RAILROADS SHORT 50,000 CARS

Shipments Now Breaking Records and Lines Are Pressed in All Directions.

(Journal Special Service.) Chicago, March 29.—So heavy is Chicago, March 29.—So heavy is the freight traffic at present that the roads running east from Chicago are reported 50,000 cars short of meeting their present orders. Shipments of general merchandise are now breaking all records. East-bound shipments of grain have also increased greatly, so that the roads are pressed in both directions to meet their needs. Orders for additional equipment will have to be increased to place the roads in easy circumstances. It is also stated that the volume of west-bound general merchandise over the western roads is beyond all precedent, and the equipment capacity of these roads, too, is taxed to the atmost. Officials say that, large as the volume of merchandise traffic now is, it is barely sufficient to meet the consumptive necessities of the sections to which it is consigned. The merchandise is going into consumption just as fast as it reaches its destination. County merchants are accumulating no stocks, and, indeed, have difficulty in getting their goods delivered to them fast enough to supply their immediate needs. Should the year bring forth average crops, every road in the country will be in urgent need of large additions to its equipment.

FARMER NEAR NYSSA MURDERS HIS WIFE

Shoots at Son Who Interferes and Then Wounds Himself-Jealousy the Cause.

(Special Dispatch to The Journal.)
Ontario, Or., March 29.—H. Megorden,
a farmer living near Nyssa, killed his
wife last evening about 6:30 o'clock by
shooting her in the breast with a revolver. The builet penetrated the right lung. He also shot at his 16-year-old son three times because the boy inter-fered in his mother's behalf, and also inflicted a slight wound on himself after

Megorden was arrested and will have a preliminary hearing today. Jealousy was the cause of the act.

HELD IN PRISON TO **GROW WHISKER CROP**

(Journat Special Service.)

San Francisco, March 29.—Frank Wilson, alias Reynolds, alias Howard, an alleged forger and convict, is being held in the tanks of the city prison while he grows a crop of whiskers. It is alleged by the police that Wilson is a holdup man, and his beard is being grown in order that he may be identified.

Wilson was arrested Monday night by Detective Matheson, and from information given the police they feel sure he is the wanted robber.

The man shaved, however, shortly before he was arrested, and in this par-

The man shaved, however, shortly before he was arrested, and in this particular he fails to answer the description of the holdup man. The police will
hold him until he grows a beard, and
then confront him with the victims of
the holdup. They think he wore whiskers when he committed the crimes, and
with his beard grown out again he will
be easily identified.

A GOOD DEAL OF NONSENSE.

Every drop of blood, every bone, nerve and tissue in the body can be renewed in but one way, and that is, from wholesome food properly digested. There is no other way and the idea that a medicine in itself can purify the blood or supply new tissues and strong nerves is ridiculous and on a par with the folderol that dyspepsia or indigestion is a germ disease, or that other fallacy, that a weak stomach which refuses to digest food can be made to do so by irritating and inflaming the bowels by pills and cathartics.

Stuart's Dyspepsia Tablets cure indigestion, sour stomach, gas and bloating after meals, because they furnish the digestive principles which weak stomachs is ack, and, unless the deficiency of pepsin and diastase is supplied, it is useless to attempt to cure stomach trouble by the use of "tonics," "pills" and "cathartics," which have absolutely no digestive power, and their only effect is to give a temporary stimulation.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3,000 gralms of meat, eggs and similar foods, and experiments have shown that they will do this in a glass bottle at proper temperature, but of course are much more effective in the stomach.

There is probably no remedy so universally used as Stuart's Tablets, because it is not only the sick and alling, but well people, who use them at every meal to insure perfect digestion and assimilation of food.

People who enjoy fair health take Stuart's Tablets as regularly as they take their meals, because they want to keep well, prevention is better thus cure, and Stuart's Dyspepsia Tablets do both; they prevent indigestion and they remove it where it exists. The regular use of one or two of them after meals will demanstrate their merit and efficiency better than any other argument. About "Blood Purifiers" and "Ton

COUNTY OF BENTON WYOMING DISPL

VERDICTS RETURNED IN TWO JURY CASES

A. C. for Gatch Cup on Friday Night.

(Special Dispatch to The Journal.)
Corvallis, Or., March 29. — Benton county is out of debt, a call having just been issued by Treasurer Buchanan for all county Corvallis. Or., March 29. — Henton county is out of debt, a call having just been issued by Treasurer Buchanan for all county warrants outstanding since November 1, 1804, aggregating \$5,200, which this call cancels. After paying these warrants a sum will remain in the hands of the county treasurer sufficient for current expenses for a few months. Last year all warrants were called in in March and the county was run on a cash basis until July, when warrants were again issued.

A verdict in favor of C S Ireland was handed down by the jury of the Benton county court this week in the case of Ireland against Lilly for recovery or collection of a certain fee due Ireland for having sold to D. B. Taylor the Lilly hop yard near Corvallis.

The Palmer helrs lost their suit against E. W. Strong, to recover \$100 because of Strong's alleged failure to remove from a 160-acre tract of land all the milling timber.

Friday night at the Oregon Agricultural college will be held the second debate in the series for the Gatch cup. the question being, "Resolved, That the President of the United States Should Not Have the Power of Veto." The Zetogatheans have the affirmative, their speakers being Mr. Thayer, Mr. Clark and Mr. Forest. The negative will be debated by the Sorosis girls, as follows: Leona Webber, Pauline Davis and Edna Irvine. The first debate in the series took place at the college last night between the Pierian and Philadelphian societies.

A German study club has been organ-

A German study club has been organized in Corvallis, with the following charter members: Miss Mary Sutherland, Miss Juanita Rosendorf, Miss Lena Rusk, Miss Sadie Dixon and Bush Wilson. The members are all young college people. The club is to meet Tuesdays and Fridays, and will take up the study of Faust and William Tell.

Miss Alice Wicklund will be the O. A. C. representative at the state prohibi-

C. representative at the state prohibi-tion oratorical contest at McMinnville in May. In the O. A. C. local contest for piaces Misa Wicklund was first, re-ceiving the gold medal, and Ray Stout took second position.

FINE LANDS TO BE **OPENED TO SETTLERS**

After Uintah Indians Get Allotment, Reservation Will

Be Free.

Lands in the Ulntah Indian reserva-tion are being allotted in severalty to the Indians, and the unallotted land re-maining will be thrown open to white-settlers September 1, this year. The government surveys show that 2,435,000 acres of arable land will be offered to homeseckers under the federal land laws.

The tract lies in Ulntah and Wassich counties and extends from Green fiver

counties and extends from Green fiver on the east to within a short distance of Heber, county seat of Wasatch county, and to the crest of the great Ulntah mountains on the north. It is Ujntah mountains on the north. It is the Uintah basin, with fertile soil, temperate winds and a climate of almost perpetual sunshine. The nights are cool during the summer season, and there are few places in the country where vegetation grows so luxuriantly without the penalty of oppressive heat. The soil is a sedimentary deposit of vegetable mold, the heritage of an ancient inland sea, and watered by the Duchenne and Uintah rivers and their tributaries, affording meny facilities for irrigation and enormous water power. Government reports say the land is adapted to grain and small fruits and the water supply is about 500,000 acre feet a year.

supply is about 500,000 acre feet a year.

The Uintah Indians are said to be the purest type of the North American Indian and are no longer savages; many of them work for wages, or till their own lands and raise stock. Under the allotment each Indian head of a family receives 50 acres, and each member of the family gets 40 acres, some families thus securing large farms.

The manner of opening the lands to settlement will be set forth in a proclemation to be issued by the president 50 days in advance of ine date of the opening. The rights of union soldiers and sailors in the civil war and in the Spanish war will be observed by the usual provisions.

A MOONSHINER'S OUTFIT IS RAIDED AT ROSALIA

(Special Dispatch to The Journal.)
Rosalia, Wash., March 29.—An illicit still and 50 gallons of apple jack have been seized by Deputy United States Internal Revenue Collector C. A. Colo and Deputy United States Marshal Davenpack in a raid made on a farmhouse 12 miles northwest of this place. George Allman, owner of the farm, was arrested and taken to Spokane.

In an unusued outbuilding the moonshiner's outfit was unearthed. A large mash tank, several feet of pipes and vesseis to receive the distilled product were found. A cask containing 50 gallons of apple jack was also found. The outfit was taken to Plaza and stored and will be taken to Spokane later. Allman claims the still was on his place when he bought it. He stated that he had never sold the apple jack and had made no use of the still. The officials are inclined to believe his story.

At 10 o'clock tomorrow the seats for the second and last week of the Pollard Opera company will be on sale at the box office of the Marquam Grand theatre. "A Runaway Girl" will be the opening attraction and will be given up to and including Thursday night. On Friday night and Saturday matinee "A Galety Girl" will be the bill, and on Saturday night, "An American Millionaire" will close the engagement. Pollard popular prices as usual.

MILLIONS FOR ARMY.

Rome, March 29.—The Italian premier has agreed to a demand of the minister of war to vote 20,000,000 lire to complete Italy's military armaments.

Government Fears Beef Trust Call Issued for All Warrants Out- Executive Members of Gemmis standing and Sum of Money sion Express Surprise at Mag-

OUR FARMING METHODS WOULD BENEFIT THEN

to Commercial Bodies of Their State.

missioners to the St. Louis fair. They say the buildings and grounds of the Lewis and Clark fair will prove far beyond the expectations of people who will come to see the show.

Accompanying the commissioners is M. B. Henderson of Cheyenne, state examiner for Wyoming, and the three men constitute a committee appointed by the Cheyenne board of trade to investigate the methods of dry farming in Oregon. They will visit Umatilla county, the Bend country, and perhaps others sections of the state, and take observations. It is their purpose to introduce this method of production of grains, grasses and forage plants in arid parts of Wyoming.

of Wyoming.

"We believe that if the Oregon method of dry farming is understood in Wyoming great tracts of sagebrush land carries at least forage for the contract of the cont ing great tracts of sagebrush land can be made to produce at least forage for live stock," said Mr. Henderson. "Wyoming is a great cattle and sheep country, and also raises many good hogs and horses. We were particularly impressed on our way here by the beautiful scenery and the inferior class of horses and cattle along the route. We expected to see more fine stock in Oregon. This is a beautiful and fertile state. I have seen most of the best scenery in America, and there is no place so beautiful as the scenery of the Columbia river."

when Mr. Henderson's attention was called to the fact that Oregon holds the world's championship for the finest beef cattle and the best milch cows he predicted that it would be only a few years until grades of live stock in central and eastern Oregon will be greatly improved by breeding pedigreed stock into the herds.

He save there is no accordant

He says there is no organization or united action by boards of trade Wyoming to take advantage of homeseckers' movement accompanying the Lewis and Clark fair, but that in-dividual efforts would be made in all parts of the state to attract settlers.

UTAH'S EXECUTIVE COMING TO THE CITY

Governor Cutler Will Arrive Tomorrow to Select Site for State Building.

Governor Cutier of Utah will arrive in Portland tomorrow for the purpose of selecting a site for the Utah building at the Lewis and Clark fair. He will be accompanied by the fair commissioners, Wesley K. Walton, F. W. Fishburn, Rudolph Kuchler, Webater Green and Spencer Classon, manager of the Utah exhibit.

and Spencer Clawson, manager of the Utah exhibit.

Besides selecting a site for the state building the commissioners will complete arrangements for the state's participating. The party will remain in the city for several days.

It is likely that an appropriation of \$35,000 for the Lewis and Clark fair will be made before the adjournment of the legislature of Colorado. In a private telegram to Dr. Day, in charge of the mining exhibits at the fair, it was stated last night that a bill for that purpose would be made a special order today. It was also said in the telegram that it was practically assured that the bill appropriating \$25,000 would be passed.

In addition to its regular exhibit Wyoming is to be represented at the fair by seven typical cowboys. A Cheyenne newspaper has inauguarted a contest for the purpose of sending the seven most popular cowboys of the state to the fair.

JEFFRIES WILLING TO MEET MARVIN HART

(Journal Special Service.)

New York, March 29.—Jim Jeffries, heavyweight champion of the world, this morning declared his willingness to meet Marvin Hart if the public desires him to fight the Louisville pugilist. Jeff says he is glad Hart won, as it places the negro out of the running. "I will retire from the ring this year, and when I do retire it will be forever," added the champion.

AS TO COLDS

Feed a cold-yes, but feed it with Scott's Emulsion. Feeding a cold in this way kills it. You cannot afford to have a cough or cold at this season or any other. Scott's Emulsion will drive it out quickly and keep it out. Weak lungs are strengthened and all wasting diseases are checked by Scott's Emulsion. It's a great flesh producer.

COTT & BOWNE, sop Part Street, New York.
