CITY NOTICES.

PROPOSED ASSESSMENT FOR IMPROVEMENT OF JESUP STREET.

Notice is hereby given that the Auditor of the City of Portland has prepared a proposed assessment for the improvement of Jesup street from the east line of Michigan avenue to the east line of Borthwick street, and has ascertained what he deems a just apportionment of cost of the improvement in accordance with the special and peculiar benefits derived by each parcel of land and lot or part thereof within the assessment district, and has apportioned the cost for said improvement in the amounts set opposite each parcel of land and lot or part thereof as its share of such proposed assessment.

Any objections to the apportionment of cost for said improvement must be made in writing to the council and filed with the Auditor within 15 days from the date of the first publication of this notice, and said objections will be heard and determined by the council before the passage of the ordinance assessing the cost of said improvement.

CITY NOTICES.

SUPPLEMENTARY ASSESSMENT FOR IMPROVEMENT OF SECOND STREET.

Notice is hereby given that the Council of the City of Portland, Oregon, at a meeting held on the 5th day of April, 1905, declared the assessment by ordinance No. 16558, for the improvement of Second street, from the center line of Arthur street to the north line of Woods street in the manner provided by ordinance No. 13000, upon each lot, part of lot and parcel of land, which are specially and peculiarly benefited, to be as follows, viz.:

CARUTHERS ADDITION to Caruthers addition to the City of Portland—BLOCK 60, lot 1, R. C. Smith, $39.30; lot 2, R. C. Smith, $21.30; the parcel of land lying between the north line of Woods street and a line 100 feet south of and parallel with the south line of Bicker street and between the west line of Second street, and a line 100 feet west thereof and parallel therewith, R. C. Smith, $141.12; total, $201.68.

The assessment of aforesaid assessment has been entered in the docket of City Liens and is now due and payable at the office of the City Treasurer, in lawful money of the United States and if not paid within thirty days from the date of this notice, such proceedings will be taken for the collection of the same as are provided by the charter of the City of Portland.

The above assessment will bear interest ten days after the first publication of this notice.

THOS. C. DEVLIN,
Auditor of the City of Portland, Oregon.
Date of first publication, Portland, Oregon, April 10, 1905.

PROPOSED ASSESSMENT FOR IMPROVEMENT OF ALBINA AVENUE.

Notice is hereby given that the Auditor of the City of Portland has prepared a proposed assessment for the improvement of Albina avenue from the north line of Killingsworth avenue to the north line of West Piedmont, and has ascertained what he deems a just apportionment of cost of the improvement in accordance with the special and peculiar benefits derived by each parcel of land and lot or part thereof within the assessment district, and has apportioned the cost for said improvement in the amounts set opposite each parcel of land and lot or part thereof as its share of such proposed assessment.

Any objections to the apportionment of cost for said improvement must be made in writing to the Council and filed with the Auditor within 15 days from the date of the first publication of this notice, and said objections will be heard and determined by the Council before the passage of the ordinance assessing the cost of said improvement.

PROPOSALS FOR STREET MAINTENANCE.

Sealed proposals will be received at the office of the Auditor of the City of Portland until Friday, April 21, 1905, at 3:00 o'clock p. m. for the repair and maintenance of the proposed improvement of Irving street from the west line of Fifth street to the east line of Seventh street, in the manner provided by ordinance No. 14,536.

Bids must be in accordance with printed blanks, which will be furnished on application at the office of the Auditor of the City of Portland. Said improvement must be repaired when the proper municipal authorities shall direct and shall be maintained in good condition for a period of 10 years.

Each proposal must state the number of years for which the bidder proposes to maintain said street improvement, and the amount each year for which he proposes to do said work.

For all contracts for maintenance of hard surface pavements where the cost of the improvement is $10,000.00 or less the amount of the bond required with the maintenance contract shall be 25 per cent of the cost of the improvement, and where the cost of the improvement is more than $10,000.00 the amount of the bond required with the maintenance contract shall be $5,000.00 and an additional sum equal to 25 per cent of the amount of the cost of the improvement in excess of $10,000.00.

No proposal or bid will be considered unless accompanied by a certified check payable to the order of the Mayor of the City of Portland, certified by a responsible bank, for an amount equal to 10 per cent of the aggregate proposal, to be forfeited as fixed and liquidated damages in case the bidder neglects or refuses to enter into contract and provide a suitable bond for the faithful performance of said work in the event the contract is awarded to him.

The right to reject any and all bids is hereby reserved.

By order of the Executive Board.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon, April 15, 1905.

PROPOSED IMPROVEMENT OF BROADWAY.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to improve Broadway from the east line of Union avenue to the east line of East Seventeenth street, in the following manner, to-wit:

First—By grading the street to the grade established by the City Engineer's plans and specifications.

Second—By constructing artificial stone sidewalks in accordance with the City Engineer's plans, specifications and estimates.

Third—By constructing artificial stone curbs.

Fourth—By laying crosswalks.

Fifth—By constructing wooden sidewalks in accordance with the City Engineer's plans, specifications and estimates.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for a sewer in East Morrison street from the center line of East Thirty-ninth street to the sewer in East Morrison street at the west line of East Thirty-eighth street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet north of and parallel with the north line of East Morrison street and a line 100 feet south of and parallel with the south line of Broadway and between the east line of Union avenue and a line 100 feet east of and parallel with the east line of East Seventeenth street.

The Engineer's estimate of the probable total cost for the improvement of said Broadway is $2,734.00.

The plans, specifications and estimates of the City Engineer for the improvement of said Broadway are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrances against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

PROPOSED IMPROVEMENT OF WEST ONE-HALF OF WATER STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to improve west ½ of Water street from the south line of Clay street to the north line of Columbia street, and the southeast ¼ intersection of Water and Clay streets, in accordance with the plans and specifications of the City Engineer, in the following manner, to-wit:

First—By grading the street in accordance with the City Engineer's plans, specifications and estimates.

Second—By constructing artificial stone curbs in accordance with the City Engineer's plans, specifications and estimates.

Third—By constructing artificial stone sidewalks 12 feet wide, including curbs, in accordance with the City Engineer's plans, specifications and estimates.

Fourth—By constructing artificial stone sidewalks 6 feet wide in accordance with the City Engineer's plans, specifications and estimates.

Fifth—By bringing the street to grade with stone blocks on a bed of concrete not less than 6 inches in depth in accordance with the City Engineer's plans, specifications and estimates.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for the improvement of Water street from the south line of Clay street to the north line of Columbia street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet east of and parallel with the west line of Water street and a line 100 feet west of and parallel with the east line of Water street, and between the north line of Columbia street and the south line of Clay street.

The Engineer's estimate of the probable total cost for the improvement of said Water street is $1,122.00.

The above improvement is to be classed as a stone block improvement and shall be maintained by the city for a period of 25 years, provided that the owners of a majority of the property benefited by said improvement or any portion thereof shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Water street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrances against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 15, 1905.

PROPOSED ASSESSMENT FOR IMPROVEMENT OF EAST TWENTY-NINTH STREET.

Notice is hereby given that the Auditor of the City of Portland has prepared a proposed assessment for the improvement of East Twenty-ninth street from the north line of Hawthorne avenue to 100 feet north of the north line of East Main street, and has ascertained what he deems a just apportionment of cost of the improvement in accordance with the special and peculiar benefits derived by each parcel of land and lot or part thereof within the assessment district, and has apportioned the cost for said improvement in the amounts set opposite each parcel of land and lot or part thereof as its share of such proposed assessment.

Any objections to the apportionment of cost for said improvement must be made in writing to the Council and filed with the Auditor within 15 days from the date of the first publication of this notice, and said objections will be heard and determined by the Council before the passage of the ordinance assessing the cost of said improvement.

CITY NOTICES.

diameter from a point in the center line of East Thirty-ninth street to a point in East Morrison street on the East Thirty-ninth street; thence of 12 inches clear inside diameter to a point in East Morrison street at the west line of East Thirty-eighth street.

Said sewer to be constructed in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for a sewer in East Morrison street from the center line of East Thirty-ninth street to the sewer in East Morrison street at the west line of East Thirty-eighth street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said sewer to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet north of and parallel with the north line of East Morrison street and a line 100 feet south of and parallel with the south line of Broadway and between the east line of Union avenue and a line 100 feet east of and parallel with the east line of East Seventeenth street.

The Engineer's estimate of the probable total cost for the improvement of said Broadway is $2,734.00.

The plans, specifications and estimates of the City Engineer for the improvement of said Broadway are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrances against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

PROPOSED IMPROVEMENT OF TWENTY-FOURTH STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to improve Twenty-fourth street from the north line of Flanders street to the center line of Glisan street, in the following manner, to-wit:

First—By grading the street full width with full intersections to proper sub-grade.

Second—By constructing artificial stone sidewalks in accordance with the City Engineer's plans, specifications and estimates.

Third—By constructing artificial stone curbs.

Fourth—By laying crosswalks.

Fifth—By constructing stone gutters.

Sixth—By bringing the street full width with full intersections to the established grade with macadam.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for the improvement of Twenty-fourth street from the north line of Flanders street to the center line of Glisan street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet east of and parallel with the east line of Twenty-fourth street and a line 100 feet west of and parallel with the west line of Twenty-fourth street and between the north line of Flanders street and the south line of Glisan street.

The Engineer's estimate of the probable total cost for the improvement of said Twenty-fourth street is $978.00.

The above improvement is to be classed as a macadam improvement and shall be maintained by the city for a period of four years, provided that the owners of a majority of the property benefited by said improvement or any portion thereof shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Twenty-fourth street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrances against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

REASSESSMENT FOR IMPROVEMENT OF EAST 99½ FEET OF RIVER STREET.

In compliance with a resolution adopted at the regular meeting of the Council, held on the 5th day of April, 1905, declaring the district benefited by the improvement of the easterly 99½ feet of River street from the south line of Albina avenue to 100 feet south of the south line of Albina avenue, and directing the Auditor of the City of Portland to prepare a preliminary assessment upon the lots, blocks and parcels of land within said district.

Now, therefore, notice is hereby given that such assessment is on file in the office of the Auditor of the City of Portland and with whom any and all objections shall be filed in writing, and notice is further given that the Council at its regular meeting on May 3, 1905, will hear and consider all objections to said assessment, if parties aggrieved thereby or interested therein, and all such parties are hereby warned not to depart therefrom until such reassessment is completed.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Date of first publication, April 8, 1905.

PROPOSED SEWER IN EAST MORRISON STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to construct a sewer in East Morrison street from the center line of East Thirty-ninth street to the sewer in East Morrison street at the west line of East Thirty-eighth street, in the following manner, to-wit:

First—By grading the street as shown by the City Engineer's plans and specifications.

Second—By constructing artificial stone sidewalks in accordance with the City Engineer's plans, specifications and estimates.

Third — By constructing artificial stone curbs.

Fourth—By laying crosswalks.

Fifth—By constructing wooden sidewalks in accordance with the City Engineer's plans, specifications and estimates.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for a sewer in East Morrison street from the center line of East Thirty-ninth street to the sewer in East Morrison street at the west line of East Thirty-eighth street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said sewer to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet north of and parallel with the north line of East Morrison street and a line 100 feet south of and parallel with the south line of East Morrison street and between the east line of East Thirty-eighth street and a line 50 feet east of and parallel with the east line of East Thirty-ninth street.

The Engineer's estimate of the probable total cost for the construction of said sewer is $317.51.

The plans, specifications and estimates of the City Engineer for the construction of said sewer are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed construction of said sewer as provided by the city charter.

Remonstrances against the above sewer may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

PROPOSED SEWER IN FORD STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to construct a sewer in Ford street from 25 feet north of the north line of Park avenue to the sewer in Twenty-third and Washington streets. Said sewer to be constructed of vitrified sewer pipe of 8 inches clear inside diameter with all necessary catchbasins, manholes, lampholes and branches.

Said sewer to be constructed in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for a sewer in Ford street from 25 feet north of the north line of Park avenue to the sewer in Twenty-third and Washington streets, and the estimates of the work to be done and the probable total cost thereof."

The cost of said sewer to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet east of and parallel with the east line of Ford street and a line 100 feet west of and parallel with the west line of Ford street, and between the south line of Washington street and the north line of Park avenue.

The Engineer's estimate of the probable total cost for the construction of said sewer is $549.18.

The plans, specifications and estimates of the City Engineer for the construction of said sewer are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed construction of said sewer as provided by the city charter.

Remonstrances against the above sewer may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.
