

# WILLIAMS AGAINST THE FIELD FOR MAYOR

Rowe, Clarke and Albee Will Form No Combination, and Result Will Be Three-Cornered Fight That Will Give Present Incumbent a Lead in Primaries.

## SALOON MEN ARE BY NO MEANS SOLID FOR EXECUTIVE

Merrill Makes Friends by Above-Board Open-Town Platform and May, Rather Than Jeopardize His Policy, Throw Strength to Man With Same Leanings.

H. S. Rowe's declaration that he is in the majority fight to stay until the primaries have been held, effectively settles the question of coalition of the three elements of the Republican party susceptible to combination in opposition to Mayor Williams. The Glacks, Albee and Rowe forces will wage a three-cornered fight to the end.

Frank T. Merrill will persist in his candidacy, although it has been rumored that, before he would jeopardize the prospects of the open-town policy, he would resign his friends from their pledges and permit them to go to Mayor Williams.

Frank T. Merrill, Open Town Candidate for Mayor of Portland, is printed on a large placard displayed in the front window of Merrill's automobile livery on Seventh street. Mr. Merrill appears to have won no little commendation for his above-board honesty in making no concealment of his position on the law enforcement issue.

Spencer H. Cooper, according to the estimates of the politicians, is a negligible quantity in the mayoralty fight, and will not figure as a considerable factor.

With the expiration of the time for filing petitions for the nomination, therefore, it is now possible to write down the Republican candidates as follows: Mayor Williams, the incumbent; Merrill, the open town candidate; and Cooper, the law enforcement candidate.

Open town—Williams and Merrill. Law enforcement—Albee. Business administration—Glack, Rowe and Cooper.

In the light of the recent keynote utterances of the several candidates, this classification will not be seriously questioned.

Predicted on this alignment, the fight becomes one between Albee, as the avowed candidate of the law enforcement forces, and Glack, Rowe and Cooper, ignoring this issue and appealing to the voters on the business administration argument, with Williams and Merrill bidding openly for the support of those who believe in licensing vice.

Under this classification, too, the disposition of the vote of the owners of saloons becomes an important matter. It has been assumed all along that the saloon element goes to Williams, the main, with a small portion assigned to Merrill, and none supporting other candidates. In the light of a declaration made today by a well-known promoter of saloons, this presumption appears to have been incorrect.

## Worry Goes To The Stomach

Tears down the little Telegraph Lines that Operate and control the Digestive Processes.

## How To Repair These Telegraph Lines.

I Will Gladly Give Any Stomach Sufferer a Full Dollar's Worth of My Remedy Free to Try.

I ask no deposit—no reference—no security. There is nothing to risk—nothing to pay, either now or later. Any stomach sufferer who does not know my remedy may have a full dollar's worth free, if he merely writes and asks.

Dr. Shoop's Restorative is not an ordinary stomach remedy. It goes beyond—it treats the nerves that control and operate the stomach. The nerves that send out the orders to the GASTRIC stomach trouble. For stomach trouble is really only a symptom that there is serious nerve trouble.

Dr. Shoop's Restorative even claims to reach brain nerves. I do not mean the nerves you ordinarily think about, about the head, but the nerves that control the stomach and brain. These nerves are the ones that may be vitalized and restored.

When you write I will send you a book which will make these points clear. This book, and the medicine, will come to you in a plain, simple, and safe way. The medicine will cure these ailments. Only one remedy will do this. No other remedy than Dr. Shoop's Restorative even claims to reach brain nerves.

Does the stomach nerve? Worry, stress, anxiety, mental strain, destroys their tiny strands and tears down the telegraph lines without which the stomach cannot function. The stomach is a nervous organ. It is a nervous system. It is a nervous system. It is a nervous system.

# CANNOT COMPEL TO CLEANSE COACHES

Railroads in Oregon Not Amenable to Authority of State Board of Health.

## MARION COUNTY GRAND JURY TAKES A REST

Many Indictments Are Expected—Booth Kelly Company May Be Big Loser.

(Special Dispatch to The Journal.) Salem, Or., April 21.—Attorney General Crawford, in an opinion given to the state board of health yesterday, holds that that body cannot compel the Southern Pacific Railroad company and the Oregon Railroad & Navigation company to cleanse the passenger coaches on trains coming into the state at Ashland and at Huntington.

The opinion was given in answer to a letter from Dr. T. C. Smith, president of the board, in which the doctor alleged that for the sake of the health of the state the cars should be thoroughly cleaned. He wished to know if the board had any authority to compel the company to clean their cars.

Judge Crawford held that the only case in which they would have any power to act in such a manner would be in case of contagious disease, and then they could simply quarantine the train.

The Marion county grand jury, unseated yesterday, adjourned until April 24 at 10 o'clock. The reason for this, it is thought, was to give District Attorney McNary time to draw up the indictments, which that body is expected to return.

Frank E. Alley of Roseburg, who is under indictment by the federal court at Portland for complicity in the land frauds, stopped off in this city yesterday on his way home. Mr. Alley is engaged in the abstract business in Roseburg. He presented to the attorney general and other state officials reasons why the issuing of deeds on certificates for state lands should not be held up.

A letter received in this city yesterday from P. Willard Gear, manager of Homer Davenport's farms, states that he is now in London purchasing birds and animals, which will be shown at the Lewis and Clark fair.

## SALMON EGGS FOR THE PORTLAND FAIR

Big Shipment to Be Placed in Cold Storage—Mrs. Edyth Tozier-Weathered to Talk.

(Special Dispatch to The Journal.) Albany, Or., April 21.—A large quantity of salmon eggs from the Yaquina hatchery at Elk City on the Yaquina river came out yesterday afternoon and was placed in cold storage for use in the working exhibit of the state fish commission at the Lewis and Clark exposition.

The Yaquina hatchery is now one of the most successful of those plants kept up by the state and thus far more than nine million salmon eggs have been taken there, of which number more than one million are those fish entering the Yaquina river. The plant is very successful and when the young fry is set out and matured, the returns from the investment of the state will make the river one of the richest of the state outside the Columbia.

Mrs. Edyth Tozier-Weathered of Portland will this evening deliver a lecture at the United Presbyterian church on the Lewis and Clark expedition. Mrs. Weathered is very popular throughout the valley and the popularity of her subject is sure to draw a large crowd.

The Alumni society of the Albany college last evening held a business session and elected officers for the coming year. P. A. Young was chosen president, C. C. Bryant, vice-president, and Miss Emma Sox, secretary-treasurer. The society will take part in the festivities incident to the commencement season and on June 14 a banquet will be enjoyed by the alumni, the preparations of which will be undertaken by the officers elected last evening and a committee to be appointed by them.

## HOLD CHAMPIONSHIP DEBATES AT MONMOUTH

(Special Dispatch to The Journal.) Monmouth, Or., April 21.—Tonight in the chapel of the Oregon State Normal school at Monmouth the debate will be held that will decide which college shall hold the championship of the Collegiate Debating League of Oregon. The contestants are Albany college, represented by R. W. Knotts, R. E. Miller and E. L. Jones, and the Oregon State Normal school, represented by A. E. Wheelock, Graves Crowley and Herbert Coffey.

The question under discussion will be, "Resolved, That Reciprocity Is a Better Method of Regulating Our International Commercial Intercourse Than a Protective Tariff."

The O. S. N. S. will support the affirmative side of the question and Albany college the negative. Each team has previously defeated its opponents, Albany having won two debates with Pacific college and the Oregon State Normal school with McMinnville college. The judges who are to officiate at the debate tonight are Governor George E. Chamberlain of Salem, W. H. Wainwright of Portland and E. L. Alderman of McMinnville. A banquet will be served after the program.

## NEW PRIDELETON MARSHAL

(Special Dispatch to The Journal.) Pendleton, Or., April 21.—O. W. Coffman who has been night policeman for the last year, has been elected by the city council as marshal to succeed M. J. Chasey when the latter's resignation into effect June 1. The resignation of Marshal Carney is for private business reasons. The salary of the position is \$109 a month.

H. G. Meyer of Salem, J. C. Wells of Portland, and R. K. Wallace of Astoria, the members of the state barber commission, are in Eugene today examining applicants for certificates, and looking into the sanitary condition of the shops here.

Miss L. Anna Ham and J. P. Nickelsen were married Wednesday night at the home of the bride's parents, Mr. and Mrs. J. A. Ham, Rev. H. K. Mouton, pastor of the First Presbyterian church, performed the ceremony in the presence of about 30 guests. The groom is manager of the Western Union Telegraph office in this city.
