ENORMOUS SALES AT MODERATE PROFIT IS OUR RULE!

WE MAKE MORE MONEY ON THE BUYING END OF MERCHANDISING THAN ON THE SELLING

Any observing person who walks thro' Portland's shopping district during business hours will note that this store has the biggest crowds of any of the city shops—the news has gone abroad and been proven true that better goods are here than elsewhere, and that prices are everlastingly lower. This powerful organization is in control of the markets and is bound to undersell competition of every sort, great and small. We are price dictators, our leadership is privately acknowledged by every house in the city and publicly heralded by hundreds of thousands of shoppers thro'out the northwest and in the markets of the world as PORTLAND'S GREATEST STORE. We print below excerpts of a store full of tremendous bargains that even our own record of the past few weeks, great though it has been, has not equaled.

Women's Smart \$2.50 Street Hats at 98c

BIJOU MILLINERY SALONS

Second Floor Annex

The prestige of our Millinery Salons is strengthened this season by its triumphs in High Art Creations—and so well established is our reputation for exclusive models that no woman is content to select an expensive hat without consulting her tastes—here.

But the popularity of this department is seen to a greater extent in the Medium and Popular-Price Hats, products of the expert artists in our own work-room. Hats which show all of the style and beauty of the more aristocratic creations at very slight cost to the purchaser. Wednesday affords an excellent example of our leadership in value-giving in the lower price lines of Smart Millinery. We have grouped a lot of \$2.00 and \$2.50 values in Pretty Ready-to-Wear Street Hats in all the leading colors and shapes for all ages from miss to matron—Turban, Sailors, Continental, etc.—The greatest Hat values offered yet this season. Choice, Wednesday only, at 98c

REGINALD CARTER

OF THE NORTON WINS FIRST PRIZE

in the International Correspondence School Voting Contest

WITH 558,480 VOTES

ARTHUR TAYLOR

OF M. & A. SHOGREN CO. WINS SECOND PRIZE

WITH 342,096 VOTES

THE GRAND TOTAL VOTE CAST WAS 1,085,599

The contest opened Monday, February 15th, when the house of OLDS, WORTHMAN & KING announced they would present a free scholarship in the I. C. S. course to the employe of any house, other than their own, who should receive the largest number of votes in a popular public contest to last 10 weeks, ending last Saturday, April 23. The educational feature at once gained favor with the public, hundreds of candidates' names appearing during the contest, but finally narrowing down to two or three about whom the interest has been intense. Early in March the firm of OLDS, WORTHMAN & KING generously responded to a popular request and offered a second prize of a second scholarship with the same school. The winner of both of these valuable prizes are mere boys whose friends number among the thousands. They would be dangerous antagonists, indeed, to any of the aspirants for the Mayoralty if their age allowed of their becoming candidates. We sincerely congratulate both lads and feel positive, indeed, that the scholarships so fairly won in a most stubborn contest will be used as stepping stones to a most successful business or professional career. We hope to be able to publish the likenesses of both youngsters soon, with a word or two about them. We thank all who have caused this to be one of the most interesting store events in the history of the house, and will soon have something of even more interest to offer for public approval. Keep your eyes always—doing something new.
