

# FITZHUGH LEE IS DEAD AT CAPITAL

### Distinguished Soldier and Diplomat Passes Away From Stroke of Apoplexy.

### HIS LARGE FAMILY FAR AWAY FROM DEATH BED

### No Arrangements for Funeral Until Arrival of Mrs. Lee From South.

(Journal Special Service.)  
Washington, April 22.—Brigadier-General Fitzhugh Lee, U. S. A., retired, died at Providence hospital last night, aged 68, as the result of an attack of apoplexy suffered yesterday morning while on the train en route here from Boston.

The end was peaceful and without pain, the general remaining conscious until within five minutes of the end. Around his bedside when he died was Daniel Lee, his brother; Miss Dorsey, a relative, several physicians and a nurse. Although the general left a widow and five children, not one of them was able to reach Washington before his death.

Lieutenant George Lee, his son, who is about to sail for the Philippines, and his sister, the wife of Lieutenant Brown, left San Francisco today to attend the funeral. Mrs. Lee, widow of the general, will arrive in Washington today from Fort Oglethorpe, Georgia.

With Mrs. Lee comes Mrs. J. C. Rhea, her daughter, wife of Lieutenant Rhea, Miss Virginia Lee, another daughter, also due here today from Richmond. The remaining son, Lieutenant Fitzhugh Lee, is now in Manila.

No arrangements for the funeral will be made until the arrival of Mrs. Lee.

# WEDS HIS BRIDE OVER THE TELEGRAPH WIRES

### (Journal Special Service.)

Bowling Green, Ky., April 22.—Mary C. Slaughter of this city and James Murrell of Post, Mackinac, Wyoming, although separated by 3,000 miles, last night were united in marriage through the medium of the telegraph wires. The minister was at this end of the wire. The bride was attired in a white wedding gown and the usual veil. She was accompanied by a number of friends who witnessed the novel ceremony.

Murrell's regiment will leave in a few days for the Philippines. His wife will leave here at once to accompany him.

# NORTH KING LOSES LIFE BOATS ON TRIP

### (Special Dispatch to The Journal.)

St. Petersburg, April 22.—Bound from Astoria to Bristol Bay, Alaska, the steamer North King put into this port this morning showing signs of a stormy passage. Heavy seas during the past few days washed away her lifeboats and left her without a means of escape.

The vessel is not damaged to any great extent and after undergoing minor repairs will be able to resume the voyage.

The North King left Astoria for the north about two weeks ago with supplies for the salmon cannery. She will remain until the fishing season closes.

# MOUNT STROMBOLI IS IN VIOLENT ERUPTION

### (Journal Special Service.)

New York, April 22.—A special to the Herald from Catania, Sicily, says: "Mount Stromboli is in a state of eruption. There has been a heavy fall of stones and much lava, flowing in two streams down the opposite sides of the mountain. The eruption was accompanied by many earthquake shocks."

"Many tourists tried to visit it but could not get near enough of account of the shower of red hot stones. A German scientist, Dr. Schultze, who tried to approach the mountain, received serious injuries. The effect at night is magnificent."

# EARTHQUAKE SHOCK IS FELT IN SWITZERLAND

### (Journal Special Service.)

Gneveva, Switzerland, April 22.—An earthquake shock was felt throughout a great portion of Switzerland and southern France between 2 and 3 o'clock this morning, and some damage is reported to have been done.

# WILLIAM PLANKINGTON, DEAD

### (Journal Special Service.)

Milwaukee, Wis., April 22.—William Plankington, a millionaire packer and hotel owner, died here this morning at the age of 60. He leaves a \$15,000,000 estate to his widow and son. He owned the Plankington hotel and a dozen big business blocks.

ROYAL BAKING POWDER CO., NEW YORK.

The latest portrait of King Alfonso of Spain, who has proven to be a thorn in the side of his ministers by his energy and obstinacy, and the belief in his divine mission, which are the characteristics of the German kaiser. The young king has been stirring up things among the ministers, teaching them their duties and cutting red tape in all directions so as to facilitate the transaction of official business and put the government on a more modern basis.

# CYCLONE WIPES OUT CITY IN TEXAS KILLING FIFTY

### (Journal Special Service.)

Austin, Tex., April 22.—The town of Laredo, county seat of Webb county, on the Rio Grande and Mexican border, was wiped out by a cyclone last night. The city is cut off from communication. It is reported that 50 are killed. A large hotel, the cathedral and other buildings were destroyed. The town has 15,000 inhabitants.

# FORGERY HAS CEASED TO BE A CRIME IN INDIANA

### (Journal Special Service.)

Indianapolis, April 22.—The discovery was made today that forgery for the time being has ceased to be a crime in Indiana owing to the omission of its definition in the new criminal code which was adopted at the recent legislature and which went into effect a few days ago. The most careful searching through the pages of the printed acts fails to find a definition of the crime of forgery, or penalties fixed for its commission.

It is the opinion of many lawyers that inasmuch as the criminal code set contains a section declaring all laws within its purview, this act is hereby repealed, and there is no law in force by which such a crime may be punished.

# STOLE TO GET HIMSELF FOOD AND CLOTHING

### (Journal Special Service.)

By changing his plea from not guilty to guilty within two hours after he had first appeared in court, Thomas Leonard, indicted for burglary, escaped with a minimum sentence of three years in the penitentiary and was assured by Circuit Judge Fraser that if his behavior during the first year of his incarceration were good the court and the district attorney would sign a petition for his pardon and forward it to Governor Chamberlain.

Leonard, who is a little more than a boy, entered a house at 237 1/2 Union avenue and stole some articles. He was without means of support at the time.

# INTERIOR WANTS PORTLAND'S HELP

(Continued from Page One.)

raised here, and, if the necessity be apparent, our supporters would double their subscriptions, making \$1,000,000 the available capital.

"We want the co-operation of Portland, however, for the execution of our plans will bring Portland and Lewis- ton's magnificent territory into relations so close that it is desirable that we work together in the matter."

"The idea that has gained a hold with us is to secure the subscription of capital enabling absolutely local control, with assurance that by no possibility the existing railway systems would ever wrest the management from those who live in the localities which are vitally interested in carrying the project to completion."

"As to the tonnage features, we have to offer as a basis for the investment of the proposed road's securities a potential tonnage of at least 10,000,000 bushels of wheat a year, with some reliable authorities estimating twice that amount. Timothy lay the finest in the world would afford tonnage of 100,000 tons annually, with immense quantities of alfalfa that will be raised on approximately 50,000 acres of land that are devoted to its culture and other irrigated crops, livestock in large quantities, products of a flax region unequalled in the west, large areas of best sugar land already demonstrated as valuable for that use, fruits in abundance, and a rich mining region within from five to fifty miles from the proposed terminus at Grandville."

**Delayed Transportation.**  
"The capital required cannot be stated exactly just now, but it is approximately \$150,000 for boat lines and \$20,000 a mile for 110 miles of standard gauge electric road equipped. If the road owns its power plant, this would be an added cost."

"We have been denied adequate transportation facilities, and for that reason our country has been retarded in its growth. Notwithstanding this, we have developed remarkably and have a prosperous community that has made an excellent showing in its annual products."

"The proposed road would pass through a region of varied topography, with everything grown in the north-west among its products. The passenger traffic would be heavy, the normal travel in the ordinary course of business having as an added feature, that which would be created by summer resorts within an hour's ride of Lewiston. Our Lake Wahaha is said by tourists to rival any of those that have given Switzerland fame over the globe. The Lewiston delegation represents substantial business interests of Lewiston. They are men who have achieved success in their endeavors, and have wrought important enterprises from the resources of that region."

**Open River Aid.**  
The Lewiston project is closely connected with the open river plans engrossing the attention of Portland and interior people. The open river will be a salient part of the transportation scheme that proposes bringing into this city the products of the Lewiston territory. The interest in the electric road by the open river promoters was shown by the presence of President Smith of the Open River association, and the personnel of the committee, that has in charge the formation of a definite plan for laying the matter before the business men of Portland. These men have been most active in pushing the open river idea, and it is assumed that if the Lewiston plans succeed, it will be formulated in a manner to work in harmony with the open river forces."

The meeting this morning was attended on the part of the Lewiston delegation by W. D. Wheelwright, president; E. C. Giltner, secretary; M. Mos-covich, assistant secretary; Edward Cookingham, Herman Whittenberg, Paul Weening, J. E. Lovell, A. E. Devers, George Lawrence, Jr., W. A. Meara, and on behalf of the Open River association by J. A. Smith of Blalock, president; J. A. Mariner of The Dalles, and J. N. Neal of Portland.

# DON'T SHOUT AT GOD FOR WHAT YOU WANT

### Dr. Meyer Says People Pray by the Yard, When an Inch is Enough.

Dr. F. B. Meyer's address at the White Temple last night was on the theme "Making Christ King." He said in part:

"You must give Jesus Christ the absolute government of your life, and then you will find that he will undertake the keeping of your soul. When I came up to the point where I must make my decision about yielding, the devil said to me, 'The more you will hand either in lunatic asylum or the Salvation Army.' I might have done worse than the latter. I had an awful struggle, for there was just one thing I was not willing to yield to, but I finally told him I was willing to be made willing. He entered into that part of my life which I had not been willing he should control, and he cleansed it. I want you to make him king, as I did, in everything. Have nothing in your daily lives that he cannot look into and approve."

"Now, I want to talk to you some about your praying and fasting from God the gifts he has for you. I believe you pray too much—you go right on asking for one thing after another without stopping to take God's answer to your requests. Isaiah says in this chapter, 'Have ye been calling about that the lame shall take the prey.' That means that you shall get from God, not by your strength and your striving, but by your simple need and your ability to take."

"What is going to be the outcome of these meetings, so far as your lives are concerned? I think you have probably prayed more than enough, a man can pray more than enough if he does not take the things he prays for. You do not need to shout at God for gifts, nor to strain yourselves."

"Do not pray by the yard, pray by the inch. Ask for what you need, and then stop and take it by faith. Whatsoever ye desire, when ye pray, believe that you have received it, and you shall have it."

There will be a meeting tonight. Dr. Meyer preaches tomorrow morning at Grace M. E. church; in the afternoon at 3 o'clock in the Marquam, to men only; at 6 o'clock in the White Temple to women only, and at 7 o'clock in the White Temple to everyone.

**Denver's Oiler Club.**  
Denver business men who believe with Dr. Oiler, the Baltimore physician, that the limit of a man's usefulness is the length of time he has formed a club, are holding a real estate dealer at 1716 California street, is temporary president. A committee has been appointed to draft a constitution and by-laws. It is proposed that all members of the club shall retire from business at the age of 40, after which they will receive a pension from the club.

# CALL OUT SOLDIERS

(Continued from Page One.)

Charles Doid, president of the Chicago Federation of Labor, said today that the federation will not call a general strike, but that the strike will become general through natural operations, as union men will resist all efforts to force them to deliver goods to unfair firms.

**Shut Off Coal Supply.**  
The shutting off of Chicago's coal supply will be the policy of the strike leaders, who believe that this is the best way to win the struggle. Careful planning has been made to tie up the delivery of coal all over the city.

The disturbance began early today. Inor Mulcahy was attacked by a colored non-union teamster of the Employers' Teaming company and severely cut. Mulcahy is in the hospital. His assailant was chased by a crowd of union sympathizers, but escaped.

The packers today delivered an ultimatum to their teamsters that they must deliver goods to boycotted firms or be discharged. This practically means the extension of the strike to the stockyards, involving 2,500 additional teamsters.

**Peacocks East Night.**  
Dry goods houses and express companies delivered goods to all parts of the city and suburbs during Friday night, free from interference by the strikers and with little police protection in the downtown district. Express wagons had heavy police guards, but there was no attempt at violence.

There was 12 arrests made yesterday afternoon for violations of the injunction issued by Federal Judge Kohlsaat. When the injunction was served, the officials of the union immediately issued a proclamation forbidding violence of any kind.

Yesterday afternoon Judge Kohlsaat refused to issue a restraining order to prevent the heads of the unions from calling out their men.

George Bartlett, a non-union colored strikebreaker, while driving a Marshall Field & Co. wagon was attacked on Franklin street by a mob. He fired five shots at the crowd. The police arrested Bartlett and found 40 cartridges in his person. Five persons were wounded in the melee.

George Nelden, president of the stock yards teamsters, has notified the packers that no goods will be delivered to unfair firms. The issue is clearly drawn, and a strike of the packing teamsters seems inevitable. Wholesale grocers employing 800 teamsters this afternoon delivered an ultimatum to the effect that deliveries must be made regardless of the occupation, otherwise the drivers would be locked out.

# STAND AS A PARTY

(Continued from Page One.)

Among the prominent prohibitionists are several influential clergymen: Rev. J. Whitcomb Brougher, D. D., pastor of the First Baptist church; Rev. Clarence True Wilson, D. D., pastor of Grace M. E. church; Rev. F. Burgette Short, D. D., pastor of Taylor Street M. E. church, and Rev. E. Nelson Allen, D. D., pastor of the First Cumberland Presbyterian church.

Well known members of the party who were present last night were: B. Lee Faget, H. W. Stout, L. H. Amos, W. P. Elmore, P. McKeon, L. L. Faget, A. E. Davis, L. M. Baldwin, Dr. E. L. Lane, F. L. Posson, Dr. S. A. Brown, A. P. Johnson, E. I. Johnson, A. S. Hawk, E. B. J. McAllister, J. E. Burke, Dr. J. Watson, Brougher, Dr. J. J. Higgins, F. B. Rutherford, William Irie, E. O. Miller, Rev. C. A. Woody, E. P. Northrup.

per cent per month for the use of his \$5. Among other things the signer agrees to accept 5 per cent per annum on his money paid in after the contract expires and his diamond is due. Though agreeing to pay up all contracts when they run out, still the company provides that in case it can't the investors shall receive 5 per cent annually during the time the company remains delinquent, which time may continue indefinitely. But there are other statements, which throw doubt on the whole proposition. One of them is that the victim agrees to the setting aside of 10 per cent of
