When the Advice of this Portland Resident Will Help

Very few people are entirely free from backache. It does not take much to derange the kidneys. A little cold, a straim stooping positions or hard work, overtaxes those delicate organs, and many aches and pains promptly follow. A Portland citizen teils you here how every kidney ill can be relieved and cured. Read about it:

The Orpheum.

"The Scooters." that screaming mustical comedy, introducing the pony girls, some 25 well-trained ballet girls, is attracting large crowds nightly at the Orpheum. Their catchy, up-to-date songs call for many encores, and from a scenic point of, view the play is very well and they have my thorough confidence. I used them for backache and other very marked symptoms of kidney through confidence. I used them for backache and other very marked symptoms of kidney trouble which had annoyed me for meanths. I think a cold was responsible for the whole trouble. It is several months since I used them and up to date there has been no recurrence of the trouble. I have recommended them to a number of the boys about the freight house, and I know if they gave them a fair trial they certainly must have been pleased with the results.

FOR UNION BANK ROBBER

(Journal Special Service.)

St. Louis, May 6.—Tomorrow will be the last Sunday on earth for William Rudolph, one of the pair of Union bank robbers and murderers of Detective Schumacher. The condemned man has been taken to Union, and on Monday morning he will be hanged in the county jail yard there from the same scaffold used for the execution of his partner in crime, George Collins, a year ago. Strong efforts have been made to carry the case to the United States supreme court, and also to secure a further respite from Governor Folk, but there is now no prospect of success in either direction, and arrangements have been concluded for the execution. Rudolph continues to maintain his remarkable nerve, and those who have seen most of him during his long imprisonment expect him to keep it up to the last.
