Dr. Broucher Tells of Some of the Dangers That Assail Young Women.

HAVE REFERENCE TO STRANGERS IN THE CITY Pitfalls Should Be Removed, but No Hope Under Present Administration.

At the White Temple a large congregation attended the morning service, at the close of which the right hand of fellowship was extended by Pastor Broucher to the members who have joined the church in the last two months. These formed a circle which reached easily around the large auditorium and all joined hands and sang "Pitfalls for Young Women."

When a young woman comes to our city without friends she naturally acquires the conviction that first comes to her. This is always dangerous. A young woman should avoid the companionship of any young men or young women until she knows something about them.

MAJOR WILLIAMS RECEIVED NEARLY TWO THOUSAND VOTES FROM THE LIQUOR INTERESTS.

THE MACHINE GAVE HIM SEVEN HUNDRED MORE

Was Minority Candidate, Getting but Three Thousand Out of Nine Thousand Ballots.

Analysis of the vote in Saturday's Republican primaries indicates that Mayor Williams is a minority candidate, and had only about 2,000 of a total of 9,000 votes.

Having been a political partner with Mayor Williams, said one of Sullivan's friends, "Sullivan should expect the support of his supporters, and this talk of the Republicans putting up an independent candidate in the second ward..."

Notwithstanding the liquor forces and the small remnants of the Matthews machine succeeded in nominating their candidate for the mayoralty, and the vote he secured was only about 42 per cent of the total cast by the Republicans.

It was a case of the opposition to Mayor Williams being divided, said Senator C. W. Nottingham, today, and the vote shows that the Journal was right when it predicted that two-thirds of the total cast by the Republicans would vote for the liquor men.
