

SEATTLE TAKES FOUR OUT OF SIX

Much Despised Satellites Show McCredie's Men How to Play Ball.

GARVIN KNOCKED OUT OF THE BOX

Last Game of Series Was Full of Hitting, Errors and Good Fielding.

(Special Dispatch to The Journal.) Seattle, Wash., May 8.—Seattle's Portland 4. Batteries—Roch and Frary; Garvin, Jones and McLean. Seattle and Portland held a bat-fest yesterday when, much to the delight of the big crowd present, both teams threw plenty of hitting and some fine fielding into the exhibition, which was won by Seattle through bunting hits on Garvin.

Portland scored two runs in the first inning, which had a dampening effect upon the locals. When the Seattle band took their turn in the first half it became quite evident that the Texas was not in form for Johnny Kane, the first man up, landed on him for a two-base wallop, which was followed by a couple of hits, setting two runs in the second.

The batting and fielding of Van Buren and Householder were the redeeming features of the visitor's work. Garvin was taken out in the eighth and Bert Jones took his place, but was very wild, and threw a couple of triplets. Kane, gave Seattle four runs, clinching the game.

Score follows: SEATTLE. AB. R. H. PO. A. E. Kane, 1b, 4, 1, 1, 1, 0, 0. Miller, rf, 4, 0, 0, 1, 0, 0.

Seattle 4, Portland 0. Hits—Seattle, 11; Portland, 4. Errors—Seattle, 1; Portland, 1. Double—Kane. Three-base—Kane. Home-run—Kane. Stolen bases—Miller, Jones.

PACIFIC COAST LEAGUE. CLUBS. Team, Won, Lost, P.C. Tacoma, 4, 4, .500. Spokane, 3, 5, .375.

Even Break at Tacoma. (Special Dispatch to The Journal.) Tacoma, Wash., May 8.—Jimmy Whalen finally won again for the Tigers, when, in the morning game yesterday, the Seals battled Keefe and Fitzgerald out of the box. The Tigers took their turn at batting in the afternoon, when they pounded Wheeler all over the lot.

At Spokane. R. H. E. Spokane, 5, 10, 1. Boise, 5, 9, 6. Ogdén, 4, 6, 4. Salt Lake, 2, 6, 2.

SPORT AT SPOKANE. (Special Dispatch to The Journal.) Spokane, Wash., May 8.—The track team of the high school held a trout Saturday afternoon to select the athletes to represent Spokane in the inter-scholastic field meet at Pullman next Saturday, when they will compete with representatives from 15 schools in eastern Washington and Idaho.

The list of those constituting the high school team has not yet been given out, but probably the first and second winners will comprise those going to Pullman. The first game of the season between Boise and Spokane, rivals for the pennant of the Pacific National league last year, will be played Wednesday. This will be Idaho day, and President Williams of the Spokane team has made arrangements with all railroads running through Idaho and the Palouse country to grant special rates. It is expected that about 400 Idahoans will witness the game.

UNIVERSITY PARKERS DEFEAT SCHILLERS

Small Crowd Witnesses Slow Sunday Game at Recreation Grounds.

In spite of the thunder storm early yesterday afternoon, the Schillers and University Park teams played a game of ball, the result of which was a victory for the University team. The victorious aggregation played the better ball throughout and won on their merits. The score at the end of the contest showed 11 for the team from over the Willamette, while the perfectos had chalked up seven.

Score follows: UNIVERSITY PARK. AB. R. H. PO. A. E. Hinkle, 1b, 4, 1, 1, 1, 0, 0. Gray, 2b, 4, 0, 0, 1, 0, 0.

Stolen bases—Haynes, St. Clair, Moore. Gains, Williams, Campbell, Hays and Sullivan. Caught stealing—O'Brien, Struck out—By Moore 11; by Lillis 4; by Buckell 4. Two-base hits—Bredemeyer, St. Clair, O'Brien, Gray.

AMERICAN LEAGUE. Won. Lost. P.C. Cleveland, 10, 7, .589. Philadelphia, 9, 7, .563.

AT ST. LOUIS. R. H. E. St. Louis, 7, 11, 2. Detroit, 1, 7, 1. Batteries—Sudhoff and Weaver; Mullin and Drull.

AT CHICAGO. R. H. E. Chicago, 9, 9, 7. Cleveland, 7, 7, 1. Batteries—Owen and McFarland; Rhodes and Bemis.

AT CINCINNATI. R. H. E. Cincinnati, 3, 6, 3. Pittsburgh, 2, 6, 3. Batteries—Ewing and Scheel; Roberts and Felts. Umpires—Bauswings, and Emslie.

CHENAWA BEATS EUGENE. (Journal Special Service.) Chemawa, Or., May 8.—The Chemawa baseball team defeated the Eugene high school team in a fast game of ball here on Saturday afternoon. The southpaw pitcher, Pender, has been reserved by the high school boys for this game, and they hoped to take the Indians' scalps with him in the box. It was a fast game from start to finish, and it was not until the last half of the ninth that the winning run was scored by the red men. Washoe pitched a good game for Chemawa and Eugene was unable to find him. The score by innings was as follows:

Score by Innings: 1 2 3 4 5 6 7 8 9. Chemawa, 0 0 1 0 0 1 0 0 2. Eugene, 0 0 0 0 0 1 0 0 0.

JIM CORBETT TALKS ON FIGHT TRAINING

Ex-Champion Dissertates for the Benefit of Rising Pug-dorm.

OVERINDULGENCE MOTHER OF TROUBLES

The following advice regarding the training of a prize fighter, by James J. Corbett, is both interesting and instructive. Corbett says: Beware of overindulgence. Along the pathway of everyday life you find this sign staring you in the face. Yet how many heed it? A different sign would be told of the great fighter, who had they stopped to ponder over this advice. Indulging too freely has been the cause of the downfall of nine tenths of the world's famous champions.

When I stepped into the ring at New Orleans, I thought I was in as good condition as my body. I hadn't broken it down with thoughts of the fight, although I realized that on the outcome of the struggle depended the future. I won, and I felt better both before and after than in any fight in which I ever participated.

With success came the neglect of all the good principles which I had learned. "Beware of overindulgence" was almost obliterated. I plunged into pleasure and fun. While the foundation I had laid was of rock it could not withstand the strain. While I didn't realize it, I was going back.

The next fight I trained for with Fitz at Carson City—I had fallen so in the habit of indulging too freely in other things, that I did just what I did on all former occasions. I plunged headlong into physical training and the daily routine went along with the exactness of a clock.

SPORTING NOTES. Although the Portland ball team shares the honor of the cellar position with Seattle, yet it is but fair to state that both teams belong distinctly to the "Four Hundreders."

Coach Wood of Michigan is writing a chapter to prove that the professional coach does not lack sympathy with amateur sports. A college professor recently remarked that the college athlete is quite a chunk of enthusiasm for the same salary.

As the most lucrative part of the ball playing business is the boosing of the players, a few ideas on the conditions are deemed to be at this time. It takes brawn and muscle and brain to become a good ball player, but almost any person can become a magnate. It is the easiest thing in the world. All that you have to do is to own a ball club. The merits of the magnate are at once apparent. There are some things in the neighborhood of 91 local contests each season. At 25 cents a game it would equal an average club at about every game. If you are a magnate and own the club and the grounds and the players, you can go in free and save this money. By saving your money in this way it is plain to see how easy it is to become a magnate.

Glenwood Springs, Colo., May 8.—The residents took a two-hour ride into the woods this morning to study birds. He was escorted by Naturalist Stewart, who knows the habits and calls of all birds. The trip seemed like a piece of hard luck, however, as not a bird showed in sight while the chief executive was passing through. On the return trip the president, accompanied by several of the club, had a walk to see the birds. "Lately," it has been learned upon reliable authority that these birds were sitting on a rail, but even these old birds took to the woods before the party reached them.

A Dismal Catastrophe. It is a disastrous calamity, when you lose your health, because indignation and indignation have no power. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs and cure headache, dizziness, colic, constipation, etc. Guaranteed at Red Cross Pharmacy, Sixth and Oak streets. On the way to the post office, 25c.

the staff of sparring partners gathers again, and John takes them all on for a few rounds. He sets the fiercest kind of a pace but at no stage of the route is he outlasted by the younger men. Before the last round has been served John has every man of them stretched on the floor, while he is ready for more.

The only actual evidence adduced to show that Terry McGovern is insane is his effort to beat the races. Battling Nelson didn't like the fight that White and Brit put up at San Francisco Friday last. That's nothing but professional jealousy.

It is now claimed, since his letter of retirement was issued, that Jeffries was misled by a bookmaker. It is ridiculous and ignorant to know that in this manner. Thousands of bookmakers have been patiently riveting away hoping that they might some day become like Jeffries.

It seems nothing more than folly for the Portland and San Francisco teams to journey from the north down to San Francisco next week to play six games in California's metropolis. It is too long a trip an entirely too expensive for Portland to make for only one series. As Portland returns home the week after for a two weeks' series. It would seem a wise plan for Manager Harris to bring a team here from Seattle next week to play a series of four games. Portland traveled nearly 1,600 miles for nothing but six games. And again Harris should be willing to come here, as it will be the only opportunity for the San Francisco team to be seen on the local grounds during the first half of this season. Manager McCredie should try to bring this about, as it would result in a benefit to both teams, both financially and from the standpoint of good baseball.

Hoquiam defeated Aberdeen in the opening game of the season at Electric park at Aberdeen yesterday by the score 4 to 1. A big crowd was present and was well satisfied with the game. Prosser defeated North Yakima by the score of 8 to 4 in the inaugural game of the season at North Yakima yesterday.

THE HAWTHORNE DEFEAT ACADEMY. The Hawthorne baseball team defeated the Portland Academy third team Saturday by the score of 13 to 0. The Hawthornes were the features of the game. The academy used two pitchers. Woods being batted out of the box in the sixth. The teams lined up as follows:

Lineups: Hawthorne: Cason, 1b; Blackeney, 2b; Graham, 3b; Hellman, 4b; Hewitt, 5b; Younger, 6b; Dingle, 7b; Lawson, 8b; Umpire—Harris.

RENEWED IN MIXTURE. Chicago, May 8.—Hugo Kelly, who was given a 15-round decision over Philadelphia Jack O'Brien, according to his friends, had the shade of a round except two, which were O'Brien's by a clean margin. Kelly kept getting better in the fight and, barring the clouds, would have defeated O'Brien easily.

WART WILLE FIGHT TONIGHT. Philadelphia, Pa., May 8.—Should Marvin Hart, the Louisville fighter, meet Jack O'Brien, ace of 1933, and who has been held in the Warrington Sporting club, it would prove a knock-out blow to the Kentuckian's ambition to meet Jeffries for the heavyweight championship. Hart, however, strong confidence in his ability to dispose of Wille without much difficulty. The men met once before, fighting six rounds to a draw in Chicago. Since then Hart has put on many pounds, but Wille has also been getting heavier, and the men will go into the ring tonight as bona fide heavyweights.

WEST PARKS WIN. The West Parks defeated the Muzummas yesterday by the score of 4 to 3. Alexander held the Muzummas down to one hit. The lineup: West Park—Ammer, third base; Peterson, left field; Hoffmann, shortstop; Kowalewsky, first base; Danovan, second base; the captain; Foley, center field; Costello, right field; Gilroy, catcher; Alexander, pitcher. Muzummas—O'Shea, right field; Tichenor, third base; Boggs, center field; McBride, catcher and captain; Costello, second base; McCray, first base; Scheel, shortstop; H. Scheel, left field; Hinkle, pitcher.

NOTICE TO AMATEURS. All notices of amateur baseball games, challenges, and other matters should be sent to the office before 9 o'clock a. m. on the day for publication. Amateur managers should pay attention to this rule, as the keepers of the files will not accept a report of their doings.—The Journal.

OLYMPIA 5; MONTESANO, 4. (Special Dispatch to The Journal.) Olympia, Wash., May 8.—Olympia defeated Montesano in the game of baseball played here yesterday. The score: Olympia, 5; Montesano, 4. Batteries—Clark and Boettiger; Porter and Edwards.

TWICE VICTORIOUS. The West End nine defeated the Oregonians yesterday morning by the score of 8 to 10 in 10 innings. In the afternoon the Varsity nine defeated North Portland 12 to 11 in an extra inning contest. Both games were well played.

Cleaning the Decks. For the new L. C. Smith & Bros. writing in sight machines, with which we are now filling orders. See our window for snape in partly used machines of other makes, traded out for Mr. Smith's latest. Interested in going after the best exclusive dealers entire coast, 122 Third street.

PROGRESS IN THE USE OF ASBESTOS

Geological Survey's Annual Report Discusses Production in the United States.

EAST IS ONLY DISTRICT WHERE IT IS BEING MINED

Converting Into Fireproof Boards Has Been Experimented With in New York.

Dr. Joseph Hyde Pratt's annual report to the United States geological survey on the production of asbestos shows that the principal changes to be noted in the asbestos industry at the close of 1934 were the increase in the production in the United States of the amphibole variety, the development of the Grand Canyon chrysotile asbestos deposits, and the increase in the demand for the chrysotile variety. The many new uses which have been devised for chrysotile asbestos in the United States show that the principal changes to be noted in the asbestos industry at the close of 1934 were the increase in the production in the United States of the amphibole variety, the development of the Grand Canyon chrysotile asbestos deposits, and the increase in the demand for the chrysotile variety.

Another type of asbestos building material that is beginning to be extensively used in the United States is asbestos shingle recently patented by Keasbey & Mattison. It is composed of asbestos fiber and hydraulic cement. These shingles are much stronger than slate and lighter in weight. They are made in three colors, gray, slate, and the red, in squares four and one-half inches on a side, with two courses of the square required.

Production of asbestos in the United States in 1934 was considered a record for that year. It was obtained principally from the deposits in Georgia and Virginia, a small amount coming from Massachusetts. The total quantity amounted to 1480 short tons, valued at \$2,750,000, an average value of about \$1,861 per ton. The production is an increase of 593 tons in quantity and of \$3,980 in value as compared with that of 1933, which amounted to 887 short tons, valued at \$1,766,000. The output of asbestos is the largest quantity that has ever been produced in the United States in a single year, the next largest being in the year 1882, when the output was 1200 tons, valued at \$25,000.

THAT ROAD PROBLEM. (Special Dispatch to The Journal.) West Park, Or., May 8.—The management of the Taklima smelter, making rapid progress in preparing this property for resumption. Had the roads been in fair condition, all of the coke reserve and supplies would have been delivered at Taklima any week ago, but in the fearful condition prevailing for most of the 42 miles during early spring, the loads hauled were necessarily light. Local interests appreciate the necessity of making important improvements to the highway this year, and the organized movement of last season will no doubt take more substantial form this summer. Estimates have been made of the possibility of using a traction engine over the route. In this it is found that the bridges are the real danger, as all of the larger structures are entirely too weak to support a heavy engine with a loaded car. Some solution of the problem is expected this year, the result of which will enable the Taklima plant to operate in season and out.

COPPER STRIKE UNEMPLOYED. (Special Dispatch to The Journal.) John Day, Or., May 8.—Since the strike in copper ore near here the owners have made but little progress in opening the deposit. The owners have a crude windlass for their sinking, which got out of order, and while they were repairing it the shallow workings caved. It is the purpose to put the property in better shape for prospecting, that the vein may be proved. Hamp Officer, one of the owners, stated while in the city that at the depth attained the vein was broken up, and he did not believe that they had yet found it in place.

OPENING THE BONANZA. (Special Dispatch to The Journal.) Geiser, Or., May 8.—Albert Geiser, who has taken the Bonanza mine of this place, is getting his work well organized. Nothing of great importance has developed in the preliminaries, but Mr. Geiser is arranging to go after the bodies that he is confident will be reached from the upper levels of the mine without further sinking. As the Bonanza has been idle for some time, there is much preparatory work necessary to get it in shape for renewed operations.

WHO GETS IRON DIKE? (Special Dispatch to The Journal.) Baker City, May 8.—About a month must elapse before the expiration of the time for redemption of the Iron Dike mine, and the future of the big copper property will remain obscure until then. Local interests cannot form any satisfactory idea of what will be done by the O. M. Reed people, but it is not

IN A WEEK

We treat successfully all private nervous and chronic diseases of men; also blood, stomach, heart, liver, kidney and throat troubles. We cure STYPLISIS (without mercury) to stay cured forever, in 30 to 60 days. We remove STRICTURE, without operation or pain, in 15 days.

We Cure Gonorrhoea in a Week

The doctors of this Institute are all regular graduates, have had many years' experience, have been known in Portland for 15 years, have a reputation to maintain, and will undertake no case unless certain cure can be effected. We guarantee a cure in every case without operation, without mercury, and without a cent's cost. Letters confidential. Instructive BOOK FOR MEN mailed free in plain wrapper.
