BUSINESS CHANCES.

YELLOW JEWEL MINES.

A developed prospect, with earmarks of a mine, situated on south Myrtle creek, Douglas county, Oregon, with 360 feet of work already completed, showing vein of 5½ feet of quartz, value from $12 to $30 per ton. In order to secure money to further develop the property and erect reduction works, I am authorized to sell a limited amount of the treasury stock. Therefore until further ordered by the board of directors I will sell Yellow Jewel stock at 2½ cents per share, in blocks to suit. This is a 10 to 1 shot. Mark my predictions. Property on same lode as the famous Continental. Call early and secure a block and at same time help promote one of Oregon's best mines in its infancy.

The Yellow Jewel is a money-maker, and when machinery is placed it can be operated at as small cost as any of its kind in the United States of America. Good roads, abundance of timber, pure water, numerous water powers, home supplies for vegetables, flour and meat, a perfect climate and unlimited wealth in gold, silver and copper ores are all unbounded features of the Myrtle creek gold belt.

Marvelous deposits of high grade ore are being revealed on the south Myrtle creek, Douglas county, Oregon; an old farming country for 6 miles long by 3 miles wide is proving to be a perfect zone of gold, silver and copper. Many valuable shipments have been made and are now being made from the various properties of $75 to $500 per ton. The people of Oregon are at last awakening to the fact that they have greater mineral wealth awaiting development than the much boomed Alaska or South Africa ever had. So close to them that they can go in comfort by rail and back from Portland and return in 36 hours at a cost of $20, and see the wealth of this new field of fortunes.

There is in every man's life at least once an opportunity to fortune, and those who sleep on their rights are never money-makers.

Tree top and cloud admirers will never discover the brick of gold lying at their own feet asking to be picked up.

For further information address or call
OREGON MINES & REALTY CO.,
109½ Sixth st. Phone Main 6090. Room 1.

WE wish financial assistance to further develop the Yellow Jewel mines on south Myrtle creek, Douglas county, Oregon, and erect a mill, therefore we will for a short time sell stock in same at 2½ cents per share, fully paid and non-assessable, par value $1 per share; nearly 300 feet of work already completed, showing 5½ feet of vein matter, values ranging from $12 to $30 per ton. Call and secure prospectus and see samples. This is a 10 to 1 shot. Mark my predictions. H. W. Miller, manager Oregon Mines & Realty Co., 109½ Sixth st., room No. 1, Portland. Phone Main 6090.
