

ST. JOHNS BANK TO HAVE BIG ACCOUNTS

Institution Will Handle Much Money in Pay Checks and Will Open Next Month.

MICHIGAN CONGRESSMAN TO BE ITS PRESIDENT

Definite Announcement of Opening of Institution by Manager Who Has Arrived.

The east side office of The Journal is in the store of Mrs. F. W. McKinney, 300 East Morrison street. Telephone East 275.

The plans of the Peninsular bank of St. Johns have assumed definite shape, and with the arrival of C. A. Wood of Saginaw, Michigan, final arrangements have been made of the scope of the institution, the capital and the probable time of opening. Mr. Wood represents the eastern capital behind the bank. Congressman Fordney of the eighth Michigan district will be president of the institution. Mr. Fordney is interested in the Weyerhaeuser Lumber company, and it is understood that the bank will handle the funds for the big sawmill soon to be built at St. Johns by this company.

Though the bank will have a capitalization of but \$25,000, its monthly business in cashing pay checks will greatly exceed this amount. From the start it will cash the checks from the Peninsular and Acme Lumber companies, those of the Portland woolen mills and the numerous smaller factories and mills of the place. Later the checks of the Weyerhaeuser plant will be paid by the bank and the monthly wages of the three mills of the town will exceed the capital stock of the bank by several thousand dollars. The bank will also handle the checks of the Linnton mills across the river.

There is \$5,000 of local money in the capital stock of the bank. Mr. Wood believes that the bank can be opened for business in June. It will be established in the Cochran block.

MAY LOSE ITS HOME.

St. Johns Council Likely to Be a Homeless Body.

The St. Johns chamber of commerce does not favor issuing bonds for the purchase of a city hall or a site therefor. At a meeting Wednesday night the chamber voted 2 to 2 against the plan. The members favor voting bonds to pay the debt of \$400 for the present city building and \$600 for the building of a public dock, and though no action was taken it is stated that the bonds for the fire apparatus will not be objected to; but the larger items of expense are not favored by the chamber. Should the purchase of the commercial body foreshadow the general sentiment of the voters just how the city officers will be provided for seems doubtful, as the small one room building that answers the purpose of a city hall is on land not owned by the town, nor even leased by it.

FINE EXHIBIT.

Woodlawn School Display at Fair Complete, Artistic and Unique.

Fourteen large folios and many photographs will show the work of Woodlawn schools at the Lewis and Clark fair. The exhibit was completed early this week, and Wednesday 200 parents, invited by Principal E. A. Milner and the teachers, inspected the work. The books tell the story of the pupils' advance in every study, from the primary rooms to the ninth grade. In addition are shown characteristic photographs of the children at play, in their gymnastic drills, at the blackboard and during recitation. A majority of the compositions and exercises in all the grades are illustrated by drawings, sketches and water colors. The composition work is one of the exhibit's features.

NEW MEMBERS WELCOMED.

The 52 new members of Calvary Baptist church were welcomed last evening at the church parlors, East Eighth and Grant streets. The members were those who had been added since Rev. A. L. Black took the pastorate last September. The pastor urged them to regard their chosen church as their home and to promote its welfare by consistent effort. Superintendent J. W. Howell spoke of the importance of the Sunday school and presented some plans for its better-

ment. At the close of the reception \$290 was subscribed for the interior decoration of the building.

LAND VALUES INCREASE.

A month ago the Weyerhaeuser company purchased 105 acres near St. Johns for \$55,000. This price was regarded high by some and the owners congratulated themselves on securing a good price. This week the company was offered \$40,000 for 40 acres of the tract, and this acreage not river front property. A year ago \$300 an acre would have been regarded a high price for any of this property; today \$1,000 an acre is refused for the least valuable portion of it.

ORGAN WILL RESIGN.

Marshal Organ of St. Johns announced yesterday that he would present his resignation at the next meeting of the council, Monday night. It has been rumored for some days that the marshal would resign his guardianship of Cedar Park and return to the cultivation of strawberries. A majority of the council desired Mr. Organ to remain, but owing to the opposition of the mayor Mr. Organ decided to withdraw.

ENLARGE LEWIS SCHOOL.

The rapid growth of the district near Lewis has forced the school directors to enlarge the building at Lewis, and a four-room addition will be built this summer. This will double the capacity of the building, and even this enlarged structure will not be sufficient for the scholars in two years, should the present growth continue.

OFFICIAL ELECTION FIGURES.

(Special Dispatch to The Journal.) Coquille, Or., May 12.—The official figures of the city election held last Monday are as follows: Councilmen for two years—M. H. Hersey 79, W. St. Clair 102, W. L. Kinsler 71, J. A. Lamb 111, J. Fred Schroeder 92. Councilmen for one year—George O. Leach 89, B. H. Burns 86, J. W. Leneve 78, W. H. Lyons 76. For recorder—O. C. Stanford, Democrat, 87; A. W. Varney, Independent, 80. The lines were virtually drawn on the liquor question for councilmen. Of those elected, Kerr, Lamb, Schroeder and Leach being "wet" and Burns "dry" and the result was decidedly with the "wets." The vote was very small.

JOHN M. JACKSON DIES.

(Special Dispatch to The Journal.) Olympia, Wash., May 12.—John M. Jackson, an old-time printer and newspaper man, aged 55 years, died in this city today of cancer of the tongue, after a brief illness. The funeral will take place tomorrow under the auspices of the A. O. U. W. A widow and two children survive him.

MISS SUTTON TO START FOR ENGLAND

(Continued from Page Ten.)

land will arouse the interest by international contests of this class. Miss Sutton won the American championship with comparative ease, but she will have a fight abroad worthy of her racquet. Miss Elizabeth Moore, who lost the championship to Miss Sutton last year, and Mrs. Robert Farquhar, formerly Miss Marian Jones, both visited England while they were champions and were beaten before the finals were reached. The class of tennis played there by the women is far above that in the United States and Miss May is not over confident of winning world honors. She realizes that her best efforts will be required to win, but she will leave determined to spread the fame of southern California as the home of championship tennis through foreign lands if it is within her power. The trip to England will prevent Miss May competing in the United States championship tournaments. Throughout the continent and Great Britain the tournament at Wimbledon is looked upon as the supreme test for tennis champions. Honors won there are world honors.

COLUMBIA TO MEET PACIFIC ON TRACK

(Special Dispatch to The Journal.) Forest Grove, Or., May 12.—One of the most interesting track and field meets that Pacific has witnessed for some time will be held here tomorrow at 1:30, when Columbia meets the Varsity team. The most interesting events will be the sprints and broad jump between Peterson and P. U. and Kelly of Columbia.

Dad Moulten has his men in fair condition. Gates will try to break some of the state records in the distances. It is doubtful if Pacific will be able to arrange meets with Corvallis and University of Oregon, but will compete with them in the four-cornered meet to be held in Salem on June 10. There will be something doing there when Bates and Peterson come up against the half mile men of the other schools.

BOXERS WILL MEET FOR THIRD TIME

(Journal Special Service.) Milwaukee, Wis., May 12.—The third battle between Charlie Neary and Maurice Sayers, the two leading fighters of the Cream City, is scheduled for the arena of the Milwaukee Boxing club tonight. The articles call for an eight round 80, weigh in at 130 pounds at 3 o'clock. Although the last battle between Neary and Sayers, a six-round affair, was one of the fastest ever seen here, the fact that it ended in a draw left the question of relative supremacy still in doubt. The additional two rounds tonight is expected to do a great deal toward helping the referee to give a decision in favor of one or the other contestant.

GARDNER AND RYAN TO FIGHT AT BUTTE

(Special Dispatch to The Journal.) Butte, Mont., May 12.—Buddy Ryan and Jimmy Gardner were matched yesterday for a battle at 130 pounds at Butte, on June 15, Miners' Union day, the biggest holiday of the year in the mining camp. Jere Clifford, manager of the Silver Bow Athletic club, received telegrams last night from both men clinching the match, which will be pulled off in the club's big arena on the flats below the city. Both men will weigh about 142 pounds at 10 o'clock on the forenoon of the fight, which is scheduled for about noon.

SPORTING GOSSIP.

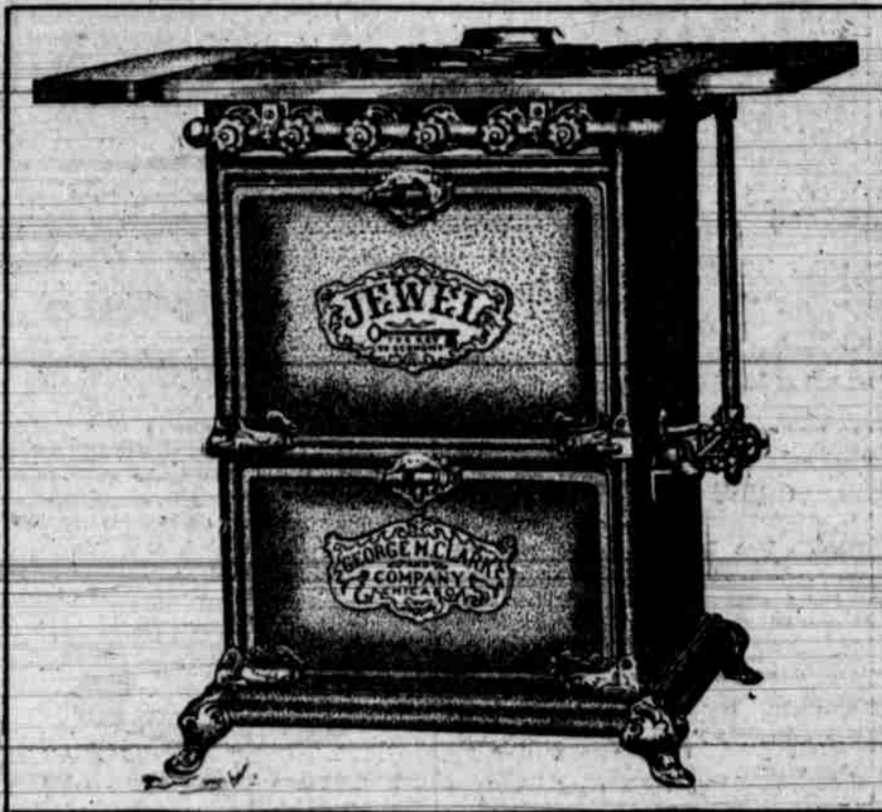

At last Portland holds undisputed possession of the collar position in the pennant race, and the coast league marauders at San Francisco, Tacoma, Oakland, Los Angeles and Seattle are consequently happy. It was a rough old journey down the line, but perseverance had her way and the end was finally reached. From now on, not being worried by the thought of dropping into last place, Portland will play better ball and make a determined effort to ascend the ladder, thereby scoring the base degrees by which the descent was made. Surely the uses of adversity are oftentimes productive of good deeds.

Out of 25 defeats Portland lost 3 by one solitary run. That is what many will term "hard luck."

Earnest Reader—Your suggestion that the Portland ball team be called the

A Proposition Worthy of Consideration DO YOU WANT A

GAS RANGE?

Of course you do. Everybody wants one. Not a house in Portland should be without one. The proposition is this: For the purchase price we will set up ready for use in your kitchen a Gas Range. This includes a run of forty feet of pipe. On a cash sale, or if you pay for it within thirty days, we will make you a discount of 10 per cent. Where a fuel stub is already in the kitchen and no pipe is necessary a discount of 20 per cent is made. If you prefer, we will install a Gas Range in your kitchen for a small payment down and then pay us a little each month.

We have been extending gas mains in many new sections of the city and will extend the service from the street main to the basement absolutely free. Let us know your wants so that we can figure with you.

Do not fail to see our line of Gas and Combination Fixtures. It is the largest in the city and includes all the new creations. We sell fixtures at a very small margin—our main object being the consumption of gas.

Portland Gas Co.

Fifth and Yamhill Streets

"Red Feathers" is a good one and is worthy of the attention of the management. The appellation would be quite appropriate since the team is "down" in the cellar without once showing the white-feather.

Thomas Tracey—Yes, both John L. Sullivan and Charley Mitchell died many years ago. Those persons crawling about the country styling themselves Sullivan and Mitchell are nothing else than ghosts.

Hunt Club Singer—We have no record of any singers getting "hoarse" from riding in a paper chase. For further information on this subject you had better consult James Nicol at the Riding academy, as he is an experienced choir-master.

Ceal B. Lloyd—A pitcher must be in his box before he can make a balk. Outside of the box, either with one or two feet, he may throw the ball at any base or at any player, and it would not be called a balk. Your umpire's decision was wrong.

Atz seems to be the liveliest man on the Portland team, both at bat and on the bases. He scored three out of his team's four runs yesterday against Tacoma.

The aspirant for a position on second base should closely observe the methods of Edward Van Buren, and then do just the reverse. Every ball team and every quartet has a second base, so it will readily be seen that the position offers boundless opportunities. A man may play second base on the ball team on week days and slide second base in the church choir on Sundays. High balls, both on and off the field are bad for second basemen. Any other kind of balls, excepting motherballs, are all right.

Barney Mullins of Spokane and Indian Joe Gregg fought a draw at Wallace, Idaho, Wednesday night, and a report says that both men were on their feet at the end of the 20th round. That seems very strange, as in former fights both men were on their mettle at the beginning of a battle and on their ears

ERNE TO FIGHT YANGER.

(Journal Special Service.) Baltimore, Md., May 12.—A 10-round bout between Young Erne and Benny Yanger is the chief item on the menu to be served up to its patrons tonight by the Eureka Athletic club. Both of these featherweights are slashing fighters and as a consequence their meeting is expected to result in a lively contest.

SHOOT AT OLYMPIA.

(Special Dispatch to The Journal.) Olympia, Wash., May 12.—The South-west Association of Gun clubs will hold a tournament in this city on May 29 and 30. A large number of fine shots will be on hand to take part in the program.

WILL MAKE WAR ON SEALS AND SEALIONS

(Special Dispatch to The Journal.) Astoria, May 12.—Before the fishing season is well along the fishermen's union will have a man on the rocks near Seal-side to shoot every seal or sealion that sticks his head out of water. For the purpose of paying for the work the members of the union are circulating a petition for funds, and when \$200 has been secured the exterminator will begin his work.

To what extent seals and sealions interfere with the supply of salmon is, of course, problematical, but fishermen declare the supply is seriously reduced by their ravages. The spectacle of seals chasing salmon is not an unusual one on the lower river, where daily may be seen the frightened salmon leaping from the water and the hungry seal making the same leap a moment later.

Seals and sealions gather on the rocks off Seal-side in large numbers. There is a sort of rookery there, and the fishermen reckon that the wholesale extermination of seals and sealions at that point would have the effect of protecting the fishing industry. The exterminator will be armed with a rifle and will shoot every seal or sealion that appears. It is said that the shooting of seals has proved immensely successful elsewhere, and that at Yakima, the enemies of the salmon have been almost totally destroyed. A man is stationed there to shoot them.

BEAUTY WINS!

MUNYON'S WITCH HAZEL SOAP MAKES THE SKIN SOFT AS VELVET

I want every person who desires a perfect toilet soap or suffers with rough skin or any skin irritation to try my Witch Hazel Soap. I know that it will cure chapped hands and lips in a night. I know it will soften the roughest skin. I know it will improve any complexion. I want every person who has a scratch, a wound or a sore of any kind to use this soap and notice how quickly it soothes, heals and cures. People who are troubled with pimples, blackheads or eczema will find this soap a great blessing. I want every lady—no matter how delicate or sensitive her skin may be—to try it. For I guarantee that it will improve any complexion, no matter how fair. To those who suffer from dandruff or any scalp disease I most urgently advise the use of this soap. It will not only strengthen the growth of the hair, but will positively cure dandruff and all scalp diseases. It removes disagreeable odors from the body and keeps the skin in a healthy condition. To every mother in the land I most conscientiously recommend this article for her baby.

Munyon's Witch Hazel Soap, price 15c cake. Munyon's Witch Hazel Shaving Stick in box, price 25c. Munyon's Witch Hazel Hair Lotion, price 50c and \$1.00. Munyon's Witch Hazel Toilet Powder, price 25c. Munyon's Witch Hazel Face Cream, price 50c. For sale everywhere, or sent prepaid on receipt of price.
