W. F. MATTHEWS REMOVED BY PRESIDENT ROOSEVELT AND CHARLES J. REED APPOINTED U. S. MARSHAL FOR OREGON

DEPOSED OFFICIAL PREPARES TO MOVE

"Lack of Harmony With Land Fraud Prosecutions" Is Reason Given For His Removal.

Story of the Downfall of Former Political Boss—The Charges Against Him—Successor's Career.

(Journal Special Service.) Washington, D. C., May 12.—W. F. Matthews was removed today by President Roosevelt from the office of United States marshal of Oregon, and Charles J. Reed of Portland was appointed to succeed him. The reason assigned for the removal of Matthews is "lack of harmony with the land fraud prosecutions."

A HUNDRED MILLION FOR NEW SURVEYS IN GOTHAM

(Journal Special Service.) New York, May 12.—Subways which will cost the city \$100,000,000 have been voted for by the rapid transit commission. There will be 60 miles of new subways. Both the Metropolitan company and the Interborough company are expected to compete for the construction. There will be separate lines on the following routes: Eighth avenue, Third avenue, Lexington avenue and Seventh avenue.

LOUISIANA BOWERY CONTROVERSY

(Journal Special Service.) Washington, May 12.—President Roosevelt will take up the Louisiana-Bowery controversy next week and both diplomats will be given an opportunity to present their respective sides. Mr. Bowen is expected in Washington Sunday.

RYAN FRANKS ROOSEVELT

(Journal Special Service.) Kansas City, Mo., May 12.—William

Charles B. Bellinger, Late United States District Judge—Photograph by Aune.

STRIKERS STILL DEFLY EMPLOYERS

Team Owners Present Unions With Ultimatum Insisting That Their Contracts with Struck Houses Be Observed, Which Means Possible Extension of Strike.

(Journal Special Service.) Chicago, May 12.—Two hundred additional wagons were put into service this morning by the employers because of subsiding violence, and the police force on duty as a result of the teamsters' strike has been reduced by 100 men. The unions this morning disapproved 50,000 buttons with a black border, inscribed, "We mourn the loss of a dead brother." The caption is supposed to refer to the death of George J. Prince, the union teamster, who was killed by Deputy Sheriff Waldron.

PRESIDENT CREATES NEW FOREST RESERVE

(Journal Special Service.) Washington, May 12.—President Roosevelt has decided to create several new forest reserves in Oregon. He has signed a proclamation establishing the Chesnimus reservation in Wallawa county, embracing about 300,000 acres of land. Other reserves will be created in the near future, among them the Blue Mountain, the Wallawa, La Grande, Morrow, Maury's Mountain and Warner Mountain, together with several additions to the Cascade reserves. Upwards of 10,000,000 acres of Oregon lands are now temporarily withdrawn from entry.

Portland's Badge--the Rose

What better emblem can Portland adopt than the rose? There is no more beautiful flower in the world than that which is commonest in Portland. The people of this city have been prompt in their response to the call to improve the streets, paint their houses and help the city to show a clean face to the fair visitors. Let's decorate ourselves a little now. Wouldn't it be a striking thing if every resident of Portland should make a point of wearing a rose every day from the first to the last day of the Lewis and Clark fair, now hardly more than a fortnight away? The boutonniere is a great promoter of neatness. It is pretty in itself and when you wear one the rest of your appearance must live up to the fresh flower. Let every man, woman and child blossom forth with a rose, and let's show the tourists that Portland is the Rose city at heart as well as in name.

DE HAVEN TO SERVE

Dying Jurist Asked That California Man Preside at Land Fraud Trials

ARRANGEMENTS FOR THE FUNERAL BEING MADE

Body Will Be Taken to the Crematorium Tomorrow and There Incinerated—Friends to Act as Pallbearers.

(Journal Special Service.) Selected by Judge Charles B. Bellinger as his successor to try the land fraud cases, it is probable that Judge John Jefferson De Haven of the northern California federal court, will come to Portland and hear the trials in June. Before his death, realizing that he might not recover and that, were he to rally from the illness that had prostrated him, he would be too feeble to attend to his judicial duties, Judge Bellinger himself wrote a letter to the attorney-general of the United States and suggested that Judge De Haven be appointed to hear the trials of the persons indicted in Oregon for various offenses against the land laws.

(Journal Special Service.) While Judge De Haven has not yet been announced as the successor of Judge Bellinger in the land fraud cases, it is understood that there is little doubt that he will be named for the important duty of presiding in the Oregon federal court beginning when the first trials are set in June, and continuing until the land cases have been disposed of.

MAKING NEW SURVEY

(Journal Special Service.) Lewiston, Id., May 12.—Northern Pacific surveyors are making a new survey of Lewiston. They are camped on the old Northern Pacific right-of-way now held by the electric people and are running a line south of Lewiston, following the survey of the electric line.

Judge De Haven's Record

Judge De Haven, who will come soon to Portland to preside over the federal court, was selected by Judge Bellinger because he believed that the California judge was possessed of such riparian pertinacity to land laws, and was so unquestionably impartial in his attitude on the bench that he would be best fitted to take up the important work that must be turned over to some other judge.

Arrangements for funeral. Judge Bellinger has been placed in charge of C. A. Dolph. There will be no service at the home of the family, and all arrangements are for a service at the crematorium of the strictest simplicity, which was the wish of the deceased.

Judge John J. DeHaven.

SAVED CZAROVITCH FROM BEING BOILED

Empress Rescues Infant Heir to Russia's Throne From Bath in Scalding Water.

SEVENTEEN VESSELS OFF HONKOPE BAY ENTRANCE

Rioting Throughout Russia on the Increase—Peasants Burn and Loot.

(Journal Special Service.) Paris, May 12.—The Petit Journal prints a story from St. Petersburg, in which it is alleged that a nurse at Tsarsko Selo was caught by the empress in the act of putting the infant heir to the Russian throne into a bath of boiling water. The dispatch adds that all domestic servants of the household were dismissed.

RIOTS INCREASING

People Leaving Moscow—Peasants Burning and Looting.

(Journal Special Service.) Moscow, May 12.—There is a great exodus of people from this city. The population is alarmed by reports of impending trouble. Serious disturbances are reported in the districts of Smolensk, Tomsk and Krasnaya. A dispatch from Sergat in the government of Nijni-Novgorod, says that peasants are in revolt and have set fire to several properties, the fire preventing all work in the fields.

BUCKETSHOPS PLAN NEW BOARD OF TRADE

(Journal Special Service.) Chicago, May 12.—An independent board of trade, run by the combined bucketshop interests of the country will be established in Chicago. Driven to the limit by the decision of the United States supreme court, bucketshop proprietors are devising plans for carrying on the former profitable game. The name selected for the new establishment is "The Consolidated Board of Trade of Chicago." Its general object will be the manufacture of quotations in grain and provisions as near as possible to those of the Chicago board of trade.

PORTLAND CROOK ARRESTED

(Journal Special Service.) Salt Lake City, May 12.—J. E. Allison of Portland was arrested here yesterday on suspicion of being the leader of a clever gang of confidence men that has been operating in Salt Lake for the last two weeks.

FAIRBANKS TO COME

Will Represent President at Opening of Lewis and Clark Fair.

ROOSEVELT TO PRESS BUTTON IN WASHINGTON

Will Set in Motion the Machinery at the Exposition—War Department Orders Hawaiian Band to Portland.

A special to The Journal from Washington, D. C., says that formal announcement was made today that President Roosevelt will open the Lewis and Clark exposition by pressing a telegraph key in his office at the White House, which will start the machinery at the fair grounds. The key will be of gold, the same used by President Cleveland to open the Columbian exposition at Chicago in 1892.

(Journal Special Service.) Of equal importance is the news that Vice-President Fairbanks will come to Portland to attend the opening of the president's special representative. He will leave Washington probably one week before the opening day, June 1. The war department has issued orders for the military band of Hawaii to leave Honolulu in time to reach Portland during the first half of September. The band, 35 pieces strong, will appear at the exposition on September 15, and will bring several native vocalists.

(Journal Special Service.) Elbert Hubbard, editor of the Philistine and head of the Roycrofters, has promised to deliver a lecture in the auditorium of the Lewis and Clark exposition on Roycroft day. The department of special events and entertainment is now in correspondence with Mr. Hubbard, it having been proposed by sundry Roycrofters that a day be named in honor of that interesting craft. Arthur A. Schell, secretary of this department, is the son of one of the directors of the Roycroft shop at East Aurora, New York, and Mr. Hubbard has assured him that if possible he will be present and deliver a lecture.

(Journal Special Service.) The plan to have a fraternal building at the exposition having fallen through, the Masons will ask for space for a building in which they can entertain all Masons and other members of secret organizations who may visit the fair. This was decided some days ago, and committees have been appointed to further the project. J. M. Hodson will represent the Masonic fraternity, and Mrs. Lutke the women's auxiliary. The management of the fair will grant the space requested.

(Journal Special Service.) As evidence of the fact that the exposition will be ready in time it was stated at the department of exhibits this morning that 21 cars of exhibit material have been received at the fair grounds within the past four days. A member of the firm of Kiser Bros., official printer of the exposition, accomplished a daring feat this afternoon when he ascended the smokestack of a steam plant on the waterfront adjoining the fair grounds for the purpose of making a fire. The smokestack is one of the highest points in the city limits and the photographer reached the summit after much difficulty by climbing scaffolding.

ST. PAUL WILL BUILD TO PACIFIC NORTHWEST

(Journal Special Service.) Mitchell, S. D., May 12.—President A. J. Easting, of the Chicago, Milwaukee & St. Paul, announces that his road will be extended to the Pacific coast with the least possible delay. The road to Chamberlain will be built across western South Dakota and Wyoming, and a line now terminating at Everts will be extended westward into Wyoming to a junction with the Chamberlain line. The announcement was made yesterday by President Easting while in this city.
