ST. JOHNS CHASES NIMBLE DOLLAR

City Officers Strictly Enforce All Local and State Laws to Secure Funds.

FINES CHIEF MEANS OF INCREASING REVENUE

Peddlers, Wife-Beaters, Resorts and Visiting Disturbers Help Pay Bills for May.

The east side office of the Journal is in the store at Mrs. F. W. McKilmer, 200 East Morrison street. Telephone East 276.

The means which St. Johns finds necessary to pay official salaries are unusually ingenious. The city has not yet put in force its occupation tax, the regular tax collections are not in hand, no saloons are in the place and practically all the usual revenue sources are closed.

Recently Marshal Organ arrested a Portland man who had followed his wife to the resort and, vented his anger by slapping her publicly. When hailed by Recorder Hanks, the man admitted his guilt and urged in defense that when he had gone home the children were uncleaned, the breakfast dishes dirty, there was no dinner, the house was in confusion and his mother-in-law had advised him to seek his wife at Cedar Park, and there he found her dressed in her best and enjoying the many walks.

The recorder felt sorry, but it was added to the treasury. A huckster was brought into court this week for selling without a license. He alleged his produce was grown in his garden and the recorder was at a loss how to extract any revenue from him.

With the fines that can be collected and the various licenses desired by peddlers and amusements concerns, the municipality is worrying along until some steady source of revenue can be introduced.

PRECINCTS FIGHT SALOONS.

Local Option Chief Issues in Number of Residence Districts.

The local option issue will be the chief election day question in eight Portland precincts, and in these both the Anti-Saloon league and the representatives of the liquor men are canvassing the voters and campaigning vigorously. The precincts to which this question will be voted on are 37, 40, 41, 44, 54, 55, 56 and 57. All residence districts. Some include two or three large suburbs, and the sentiment of the voters as learned by the temperance workers is against the admission of more saloons and in favor of ousting those already in the precincts.

THE RECORDER FEELS SORRY, BUT IT WAS ADDED TO THE TREASURY.

Of Jersey street, the council has completed specifications for the improvement of Burlington street, between Bradford and Philadelphia. The street from Bradford to Ivanhoe will be merely graded and curbs and walks put in. Philadelphia will be topped with gravel. The cost of the improvement will be about \$2,800, according to the engineer's estimates. Richmond street will be graded at a cost of \$960, and other thoroughfares will be added to the improvement list as rapidly as the property-owners desire to pay the special levies.

JUDGE IS ALSO MARSHAL.

Owing to the peaceful nature of St. Johns, Marshal Organ has temporarily given up his place and Recorder Hanks has been appointed deputy, combining the offices of judge and marshal. Mr. Organ has not resigned, as it was the desire of the council to retain him, and has merely delegated his authority to Mr. Hanks. At present, Mr. Organ is growing prize strawberries and working at his trade.

PHASES OF MISSIONARY WORK.

The Rev. D. L. Rader, D. D., editor of the Pacific Christian Advocate, will preach in Taylor street Methodist church tomorrow morning and discuss some phases of the missionary work. At the evening service Dr. Short will have for his subject, "Does the Old Gospel Ring True?" Dr. Cummings will lead the great chorus in song.

DOUBT CANNOT EXIST.

Investigation Will Only Strengthen the Proof We Give in Portland.

How can doubt exist in the face of such evidence? Read here the endorsement of a representative citizen of Portland:

James Peterson, employed by J. C. Gavelly of the O. R. & N. R. Co., and living at Woodstock, says: "In my opinion, if any sufferer from backache or rheumatism will try Doan's Kidney Pills there is no relief for him on earth. However, don't believe any of those 'miraculous' cures that come out here and there, but get up from a couch, and the kidney secretions presented very unnatural appearance, and deposited a heavy sediment if allowed to stand long enough. I spent lots of money when I was in the east in trying to get something to effect a cure. I went to Portland twelve years ago, thinking the climate would benefit me, but the trouble still clung to me. I paid one doctor in the town \$75 for medicine, but I might just as well have taken so much water, so far as any benefit was concerned. I used five bottles of a well-known remedy manufactured in the east and received only temporary relief. I finally saw Doan's Kidney Pills advertised and one day I bought a box and used them only a few doses when I knew they had gone to the root of the trouble. I continued their use until I had used three boxes, and can say cheerfully that they did more for me than all the other medicines put together."

DR. N. J. FULTON Naturopath

WHAT'S THE REASON YOU DON'T GET WELL?

You, perhaps, have taken no end of medicine, and for a long time; or it may be that you have tried Osteopathy, Massage, Electricity, Vibration, and what not. YOU ARE STILL SICK. WHAT IS THE REASON? It seems to me the fault is with your doctor, not the method of treatment. I have hundreds of cases just such as yours. In fact, most of my patients have tried doctors of this kind, and the other school all they were sick and tired of the whole tribe. Now, at last, they are with me. Not a few of them. My office is crowded all day long.

After 12 Long Years

"Dear Doctor: I had been sick 12 years with asthma, heart and stomach troubles; also had a large tumor in my side. Had an unusually severe attack and was not at first able to go to your office for treatment. Was in bed sick for four weeks before beginning treatment at your parlor. During this time, I was nursing myself under your directions. I was finally able to visit you regularly, and after seven weeks' treatment am restored to perfect health. MRS. MARIE HENDRICKSEN, 87 Beech Street, Portland, Oregon."
