

A DAY'S DOINGS IN OREGON CITY

WOMAN'S CLUB WILL ENTERTAIN PIONEERS

Luncheon Will Be Served and Hon. T. T. Geer Will Make Principal Address.

HORSE FRIGHTENED AT IMAGE OF HIMSELF

LEWIS AND CLARK COMMITTEES MEET

All Obstacles Overcome and Exhibit Will Probably Be Ready for Opening Day.

(Special Dispatch to The Journal.)
Oregon City, May 27.—Wednesday is Pioneer day and the Woman's Club of this city will entertain the pioneers at the Williamette hall. A luncheon will be served at 1:30 o'clock and the program of the day will begin at 2 o'clock. Hon. T. T. Geer will make the principal address. The musical part will be given under the management of Miss Imogen Harding.

(Notice.—The Oregon City office of The Journal is located at 311 Main street, phone Main 791. Where subscriptions, complaints, advertisements and news items will be received and promptly attended to.)
Oregon City, May 27.—A merry-go-round piled up in bulk on the west bank of the river near the suspension bridge caused a runaway this afternoon at 2 o'clock that very nearly resulted in the death of Mrs. E. B. Worthington of Oswego. Mrs. Worthington and her daughter, Mrs. R. C. Ross, and Mrs. Ross' baby were driving home from Oregon City. The horse became frightened at the merry-go-round and dashed down the embankment toward the river and overturned the buggy. With rare presence of mind Mrs. Ross pitched her baby out on the ground on the upper side. The baby fell in the grass and she was soon restored to consciousness. It was ascertained that beyond the shock her injuries are slight.

(Special Dispatch to The Journal.)
Oregon City, May 27.—The various committees having in charge the exhibits of Clackamas county for the Lewis and Clark Fair held a meeting this afternoon in the county court house to make the final arrangements for placing the exhibits. There were dozens of details to be looked after, but all obstacles were overcome and now it is thought the exhibit will be on the grounds in time to be arranged by opening day.

SUIT FILED PROMISES TO BE SENSATIONAL

SEASON AT WILHOIT

LOCAL AND PERSONAL

(Special Dispatch to The Journal.)
Oregon City, May 27.—What promises that has been fought out in the courts of Clackamas county for some time was inaugurated today in the circuit court. The children of the late Gabriel Trullinger have brought suit against Mrs. E. B. Trullinger, the second wife of their father, and her daughter, Adelaide Trullinger, to obtain possession of the bulk of the estate which Trullinger willed to his second wife, Hedegw & Griffith, and Gordon E. Hayes, executor for the plaintiffs, and C. D. and D. C. Latourrette and Harvey E. Cross for the defendants. Undue influence is alleged. It is claimed that for the last year and a half of the life of the deceased he was kept under the influence of narcotics and while in a weak condition, both mentally and physically, certain deeds in valuable property were obtained from him. Trullinger was married to the defendant 19 years ago, and there is one child by this issue, who is a party to the suit. The estate is valuable and the case will be hard fought.

(Special Dispatch to The Journal.)
Oregon City, May 27.—The season at Wilhoit Springs, in this county, will begin June 1, and a larger number of guests than usual is expected this summer. The bottling department will also be opened next Thursday.

(Special Dispatch to The Journal.)
Oregon City, May 27.—The Willamette Pulp and Paper company has let the contract for its new mill to the Pacific Construction company. The company is represented in Oregon by F. M. Butler. It is understood that the building will be completed in time for operation this summer.

FORCED TRUST TO SELL RAILS CHEAP

Believed to Be Looking Over Country in Interest of Wealthy Mill Men.

Rumors That Vancouver Is to Have New Structure is Denied by Those Interested.

Steel Combine Had Intended to Force Government to Pay Home Rates.

(Special Dispatch to The Journal.)
Vancouver, Wash., May 27.—James P. Shirley of St. Paul, Minn., was in this city Saturday in the interests of the firm of St. Paul mill men. When asked if he was here to negotiate for the purchase of a suitable site for a sawmill, Mr. Shirley at once changed the subject and began to tell what he thought of Vancouver and its future. It is learned from reliable sources that Mr. Shirley's visit here has no idle meaning and that he is backed in what ever venture he may undertake by another lumber magnate in Portland. Although never in Vancouver before, he has been in Portland several times. At one time Mr. Shirley was about to close a deal for the purchase of a site near the mouth of the Columbia river below town. When told that this objection would soon be moved, he could not see why 10 years would not witness the establishment of a dozen mills here.

(Special Dispatch to The Journal.)
Vancouver, Wash., May 27.—There seems to be no doubt but that Vancouver will have a royal Fourth of July celebration this year. The committee in charge of the details has secured the support of a goodly number of the business men of the city and a few from nearby cities. Colonel Irons, post commander at Vancouver barracks, has assured the committee that he may be depended upon to assist them. As yet no details of the military feature of the celebration have been arranged, but it is expected that Uncle Sam's boys will play an important part in the festivities. It is one feature as yet not taken into account by those in charge of the arrangements, but which has been spoken of by a number of prominent citizens. This is the display of fireworks on the river.

(Special Dispatch to The Journal.)
Vancouver, Wash., May 27.—A number of contractors from points on the sound are here to put in the bids for the buildings to be erected by the government in the barracks grounds. G. Y. Harry of Portland was in Vancouver on business Saturday.

Superintendent Says Completion of Reservoir is Not Necessary for Service.

The Methodist church at University Park is being remodeled and practically a new edifice will be built. The addition is 52 feet in extent and the structure finished will seat 350 people. The cost of the improvement will be \$4,000. Rev. D. A. Waters expects to have the building paid for when it is dedicated. The membership of the University Park Methodist church is between 250 and 300.

(Special Dispatch to The Journal.)
Washington, D. C., May 27.—Information at the war department warrants the statement that the steel trust had intended to treat the Panama canal zone as home territory to force the government to pay its rate of \$28 a ton for steel rails. The parts of correspondence given out, however, show that the Isthmian canal commission has succeeded in getting the rails from the trust at less than \$24 a ton. If the intention of the trust had held good that the canal zone was home territory with the United States sovereignty the trust would have adhered to its rate of \$28 a ton. A part of the letter of Secretary Drake of the Panama railroad shows that the railroad had successfully endeavored that the canal zone was not home territory. His information from steel manufacturers also shows that the price of steel rails in the United States

Not only will this supply Bull Run water to Portsmouth, University Park and the Peninsula district, but it will solve the irrigation problem at Piedmont and in the Patton additions. Last summer there was an inadequate supply throughout the tract.
Feeders throughout the entire region supplied by the new main will be laid and pressure maintained to supply the suburbs there. It has been supposed
