TONIGHT'S AMUSEMENTS.

One could not spend Sunday to a better advantage than on a trip up the Columbia to the Cascades. If, it is taken on the handsome steamer "Balley Gatzert" it makes the trip all the more to be enjoyed. This trip is the most scenic and beautiful in America and offers Oregonians and castern visitors a rare chance to see scenery the equal of which many thousands of people traveling abroad do not see. The Gatzert is the acme of comfort and extends all the comforts one might find at home. Nothing has been left undone that would improve the trend toward absolute perfection. Excellent means are served on board. Steamer leaves Alder atreet wharf at 9 a. m. and returning to Portland about 6 p. m. Round trip \$1.50. Dalles electric sign. Main \$14.

Work will soon begin on the East Morrison street fill between Grand ave-nue and the river. The Pacific Connue and the river. The Pacific Construction company has almost finished its work on East Washington street, and the same speed will be used on the new contract. Probably \$6,000 cubic yards of earth will be required to make the fill, and the company plans to utilize the clevated roadway so as not to interfere with traffic.

"Charming" might be one of Mrs. Fairbanks' mames for the number of times it has been spoken in connection with her. When every one hits on the same descriptive adjective there must be some reason for it. No one begins by saying she is handsome, yet she is that Nor do they first say womanly, or dignified, or sweet, all of which could be said with equal aptness. Her grands with the dignitive manner leaves the first and most or dignified, or sweet, all of which could be said with equal aptness. Her gra-cious manner leaves the first and most lasting impression, and she is straight-way termed "southern" by those who have been accustomed to think that while true courtesy and charm may exist in other regions of the globe they reach their superlative in the sunny south.

> "We have the signal from the White House, but for some reason the chimes in the Government building have failed

to work. I now declare this exposition open to the world."

'Everything of a sentimental nature depended upon these chimes. It was the signal for the centennial salute. It was the music that led up to the grinding of the machinery—and the "chimes falled to work!"

But Mr. Goods had jumped to a con-clusion. The truth is the chimes did ring. Moreover, they rang "America." An employe stood at a telephone for more than one hour, awaiting word from the Western Union that Roosevelt had touched the golden key. That word came on time and the operator of the chimes started the national air. But neither President Goode nor any other person on the mainland heard it. Either elevation of 250 feet was strong enough to waft the sound waves in the opposite direction. It is possible that the Puget ound territory caught the music, but not the exposition visitors—no, not yes-

gratulation received at this end. President Roosevelt wired, after being informed that the fair was open:

"I congratulate you and those associated with you in commemorating this occasion. I hope and trust that the great enterprise, you have undertaken will be a fitting memorial to the sturdy explorers, who, in the service of their country faced the perits and hardships country, faced the perils and hardships of a vast, unknown country. I sent greeting to the representatives of foreign countries who are cooperating with us in fittingly celebrating the one hun dredth anniversary of this event, which meant so much for the extension of our country in the far northwest. PRINCIPLES DECLARED BY S. P. ANDERSON

BY S. P. ANDERSON

Portland, June 1.—To the Citizens of the Ninth Ward: I publish this statement that you may know how I stand on the issues of this campaign: I was regularly nominated by the Prohibition party and indorsed by the Citizens' convention as councilman of the ninth ward. The position of iny party on moral questions is too well known to require explanation here. I am opposed to grafts and bribes and to gambling in all of its forms; am in favor of the minintenance of the box ordinance and strict enforcement of all laws.

I do not think that the mayor should improve the fire and police departments with anything but honest money. Am in favor of the automatic telephone franchises an opposed to street railway franchises that will exclude competition. I believe that every official should hold sacred his oath of office, and in failing to do so should be required to step down and out. I believe in having 'a government of the people,' Respectfully, S. P. ANDERSON.

ESTIMATED ATTENDÂNCE

F. B. Davidson, chief of the department of admissions, guesses that the attendance at the opening day of the fair was 29,577, and no one is able to announce the exact number who attended. "It takes a long time to audit the admissions," said Mr. Davidson, "and as near as I can figure it out there were \$3,577 persons on the grounds yesterday. I cannot give the exact figures and don't know any one who can."

Efforts will be taken by the fair management to prevent the possibility of a recurrence of yesterday's congestion, when hundreds were unable to gain admission immediately after the parade.

Little Girl Who Was Killed by Lightning Will Be Buried Friday.

The funeral services over the body of little Madia Bohrer, who was killed by lightning on Council crest Wednesday lightning on Council crest Wednesday afternoon, will be held tomorrow morning at Zion church. Interment will be in Raleigh cemetery. Coroner J. P. Finley dressed the body, laid it in a pretty casket and furnished a graye box free of charge. The parents of the dead girl are hard-working folk, during the past few months there has been much sickness in the family and the mother is very ill in a local hospital and news of her little daughter's death has been kept from her.

Last Wednesday morning Madia Bohrer left her home, on the Patton road below Council crest, in search of the cows, which had not been seen for two days. Just before the storm Wednesday afternoon she was seen by Mrs. R. T. Dickerson sitting by the road eating wild strawberries. The girl was alone, although she had started with her younger brother and sisjer. When she did not return home that night her father called some neighbors and an allnight search began. The body was found about 2.30 o'clock yesterday morning by C. Thompson, one of the searching party, who was guided to the spot by a dog which had been madia's pet. The body was lying face upward in a dense thicket, where the child had run for shelter from the storm.

The lightning struck just above a afternooh, will be held tomorrow morn-
