

# THREE LIVE TOWNS HOLD CELEBRATION

## Citizens of Newberg, Dallas and Dayton Join in Reunion at the Fair, and Are Received and Entertained by Presidents Goode and Meyers of Corporation and Commission.

### REPRESENTATIVES TELL OF THE GROWTH OF INTERIOR

Tuesday Dedicated to McMinnville, Hillsboro and Forest Grove, and It is Expected That Crowds Will Be Present From Those and Other Cities of Oregon.

- TONIGHT'S PROGRAM.**
- 7:30 to 9:30 p. m.—Grand concert by Ina band, bandstand on Gray's boulevard; Ina Auditorium, if raining.
  - 8 p. m.—Grand electrical illumination.
  - 8 to 10 p. m.—Public reception in Y. W. C. A. building.
  - 11 p. m.—Gates close.

Three of Oregon's prosperous inland towns—Newberg, Dallas and Dayton—had their lining today at the exposition, and the center of interest shifted temporarily to the Oregon building, where brief exercises were held in honor of the trio.

The towns were eulogized in the presence of a large crowd of interested spectators, while the Administration band under DeCaprio punctuated the ceremonies with quicksteps and jubilee music.

The train was late in arriving, and it was after 12 o'clock when the 400 excursionists, half of whom wore Newberg badges, arrived at the exposition grounds. They made their way quickly to the state building, where the band was playing "Dixie," and President H. W. Goode and President Jefferson Myers stood ready to receive them.

Mayor Jesse Edwards of Newberg assumed the gavel and called the crowd to order in front of the east entrance. He first introduced President Goode, who, on behalf of the exposition, welcomed "the prosperous triumvirate" to the big show. The president spoke briefly of the work that had been accomplished and told the people they were free to roam over the grounds and buildings and see what the world of industry is accomplishing. He expressed the hope that each and every one would derive pleasure and satisfaction from his visit.

wards said that no town had gone ahead more rapidly during the 20 years since it was incorporated.

"Our advantages are limitless," said the speaker. "We are located on the river in a beautiful valley. Our resources are grand and too numerous to tell you of. We want you to come and see. Come and look at the largest walnut garden in the world, to cost door to us. Come and look at an acre of ground that has yielded its cultivator \$400 in strawberries this season. If you want a home, don't overlook Newberg. We will treat you right. Our schools are right. Our laws are right. We have demonstrated that a temperance town can grow, for we have a water supply so perfect that the people will not drink anything else."

A selection by the band brought the exercises to a close and the visitors began their inspection of the fair.

The hostesses of the day at the Oregon building are Mrs. Jesse Edwards of Newberg and Mrs. W. F. Gilkey of Dayton.

Until June 17 Oregon's cities will have special days, two or three towns to each day.

**Big Crowds Expected.**

Tomorrow will be McMinnville, Hillsboro and Forest Grove day, and it is expected that special ceremonies will take place in the Oregon building, including brief addresses, music by the Administration band and a reception in the main hall upstairs.

The excursion bureau, under Colin H. McIsaac, is practically one month ahead in its work. All the towns between San Francisco and Portland, LaGrande and Portland, and Spokane and Portland have "been" worked by the excursion agents, and on the special days, which have been arranged in the order best suited to railroad excursion facilities, it is expected that hundreds of people will come to Portland from the places. Business will be suspended in most of the cities to which special days have been assigned.

Forest Grove will have a representation of 500 tomorrow, every store in the place having agreed to close. Hillsboro and McMinnville will also send large delegations. A reception by the women of the Lewis and Clark club of Washington county will take place from 1 to 2 o'clock and there will be a public meeting in the Auditorium from 2 to 3 o'clock, with music and addresses.

**Building for All the People.**

President Myers was particularly happy in extending, on behalf of Oregon, the hospitality of the Oregon building.

"It is here," said he, "erected by the taxpayers of the state, belonging to them, and open to all. Make it your home throughout your stay. The doors are always open."

Mayor E. Hiddle of Dallas spoke briefly of the resources of the county which he had the honor to represent, and particularly that section of it which includes the growing town of Dallas. He hoped that every home-seeker would visit that locality before finally selecting a place of residence. R. L. Harris responded for Dayton. He said in part:

**OFFERS REWARD FOR ARTIST BLACKMAILER**

(Journal Special Service.)

Oswego, N. Y., June 5.—John J. Tonkin, a millionaire, has offered \$50,000 reward for the apprehension of the person who has been writing him blackmailing letters for two years.

The writer of the letters is evidently an artist. Several of the letters contain sketches of the girl, which strike off her features with remarkable exactness.

At one time the writer of the letters produced a series of pictures, which he sent at regular intervals to the father. The pictures represented the events the artist said would follow the failure of the parents to send the money demanded. One sketch showed the girl being chloroformed. The police and detectives have failed utterly in their search for the blackmailer.

**CREEK TRIBAL TAX CAUSING PROTEST**

(Journal Special Service.)

Muskogee, I. T., June 5.—John West, captain of Indian police, has received orders not to submit to arrest by city authorities, but to proceed to collect the demands of the state. Warrants are ready for the arrest of Mayor Pitt and other city officials, charging interference with federal officials. Citizens are protesting vigorously to the president against the action of the federal authorities.

**ISSUED CHECKS ON AN IMAGINARY BANK**

(Special Dispatch to The Journal.)

Coeur d'Alene, Idaho, June 5.—Harry Palmer claimed to be the artist who issued two checks for \$10 each on the First National bank of Spokane Saturday to local business men, who found after Palmer left that no such bank existed. He was arrested while boarding a car for Spokane. He has been married a month.

**CAPTURED THIEF MAKES CONFESSION**

(Journal Special Service.)

Tekoa, Wash., June 5.—Cleve Shambo, who recently arrived here from Missouri, stole \$20 from the room of Mrs. D. Bailey at the City hotel yesterday. He was arrested inside of a few hours on the reservation, confessed and turned over the full amount. He was bound over to the superior court.

**AMALGAMATED ELECTS YOUNG ROGERS DIRECTOR**

(Journal Special Service.)

Jersey City, June 5.—At the annual meeting of the Amalgamated Copper company today the retiring board was re-elected with the exception of F. P. O'Brien, who was succeeded by Henry Rogers, Jr. The report showed a surplus reserve of \$80,942.712.

**DELAY IN BONDING.**

(Journal Special Service.)

New York, June 5.—A defect in the mortgage is responsible for the delay in the issuance of the \$50,000,000 Western Pacific bonds. Instead of placing the whole amount on the market it is reported that only \$3,000,000 was placed, the other \$46,999,999 being taken by the underwriters.

# RUMORS OF PEACE ARE AGAIN RIFE

## Belief Prevails in Labor Circles That Teamsters' Strike Is Nearing End.

### ONE DRIVER WAYLAIED AND SERIOUSLY BEATEN

Employers' Attorneys Ask for Arrest of Twenty Union Strikers.

(Journal Special Service.)

Chicago, June 5.—Hope of peace in the teamsters' strike was revived today although Saturday's conferences brought no results and Attorney Mayer asserted his clients, the employers, would decline further consultations with the strike leaders tending to a settlement, but still the belief prevails in labor circles that the end is approaching.

Judge Grosscup today granted a stay of execution in the cases of Mulligan and Donahue, the express teamsters who were sentenced to jail by Judge Kohlsaat for refusing to answer questions in the injunctive proceedings. The men were admitted to bail. Their cases will now be heard by the United States court of appeals.

Albert Johnson, a former member of the teamsters' union, but now a driver for Lyon & Healy, was waylaid while going to work this morning and beaten into unconsciousness by five men believed to have formerly been teamsters for Lyon & Healy. Johnson may die.

Attorneys for the employers today filed affidavits in Judge Kohlsaat's court alleging violations of the federal strike injunction. It is expected that on account of the recent rioting a hundred or more arrests for contempt will be made.

### CHIMES AT FAIR PEAL OUT NATIONAL AIRS

The great chiming in the tower of the Government building in this peninsula began to peal yesterday and throughout the afternoon and today sacred and national airs were wafted over the grounds. The chiming is now heard easily from any part of the fair.

Yesterday they began to peal at 1 o'clock and only sacred music was rendered. Early this morning they rang and at intervals of one hour they rendered national airs, such as "America."

### ANARCHISTS ARRESTED.

(Journal Special Service.)

Marcellus, June 5.—Three anarchists, two of them Spaniards and one an Italian, recently arrived from Paris, have been arrested on suspicion of complicity in the attempt on the life of Alfonso in Paris, May 31.

**MONEY RAISED FOR SACAJAWEA STATUE**

Today Necessary Amount Telegraphed and Monument Will Be Shipped at Once.

Just before the banks closed this afternoon the sum of \$1,000 was telegraphed to New York by the Sacajawea League association as the final payment to the Henry Bonnard Bronze company for the casting of the monument to the Indian heroine of 1805. Tomorrow morning the statue will be shipped to Portland. On its arrival here it will be placed on the Lakeview terrace in time for the unveiling and dedication on Sacajawea day, July 6.

The last dollar of the \$5,000 which the monument has cost was contributed yesterday. There had been a balance of \$1,000 owing for some time and the women have worked industriously to raise that amount. The following contributions were made toward the remaining \$1,000:

T. B. Wilcox, \$200; C. W. Ladd, \$150; Misses Pailing, \$150; Mrs. C. H. Lewis, \$50; Mrs. W. S. Ladd, \$100; H. W. Goode, \$50; Mrs. W. B. Ayer, \$50; Daughters of the American Revolution, \$50. Contributions have been sent from every state in the union and from Alaska and Hawaii. The women of Washington have contributed more generously than the women of Oregon toward the fund.

Tomorrow is Washington County day at the fair and many visitors are expected from Forest Grove, Hillsboro and other towns of that county. **INNES WILL GIVE FINE CONCERT TONIGHT**

Innes has arranged a splendid symphony program for tonight which will include Goldmark's interpretation of Karoline's famous "Sakuntala." This composition was first rendered by the Philharmonia society in Vienna in 1865. Bach's "Air for the G String," and Mendelssohn's "Spring Song" will be among the numbers as well as Tschai-kowsky's "Patetic" offering the Allegro Con Grazia and Adagio Lamentoso movements. Mrs. Emma Partridge will sing a selection from "Queen of Sheba," and Krzy, the cornet soloist, will render Wagner's "Dream."

If the weather is unfavorable the concert will be given in Festival hall.

**Furious Fighting.**

"For seven years," writes Geo. W. Hoffman, of Harper, Wash. "I had a bitter battle, with chronic stomach and liver trouble, but at last I won, and cured my disease by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine. **CALIFORNIA CADETS TO MARCH TO THE FAIR**

The Congregational cadets, numbering 40, of Eureka, California, will begin their march to Portland on June 12, according to a letter received by President Goode from Franklin Baker, pastor of the First Congregational church at Eureka, who is fathering the project.

It is a unique expedition. The cadets were given an opportunity to take part in the trip as a reward for faithful attendance at Sunday school. The ages of the campaigners range from 12 to 16 years, and while the aim of the lads will be to make as rapid time as possible, allowances will be made for the tenderness of youth, and at least one month will be consumed in the march.

**One of Many Odd Whims of Consumers.**

From the Saturday Evening Post:

One of the oddest of consumers' whims relates to the color of eggs. In Boston brown eggs sell for a cent or two per dozen more than white eggs, while the opposite is the case in New York. If white and brown eggs be mixed a dozen of them will sell for less than a dozen of either assorted.

**NEW ENGLAND, where brown eggs are favored, it is said to be not uncommon to color the shells of white eggs with coffee decoction or some dye stuff. There is a thoroughly accepted popular belief in some parts of the country that dark colored eggs are richer, better flavored and more nutritious than white ones, though the notion has not the slightest actual basis in fact.**
