INTEREST CENTERS IN COMING MEET

(Special Dispatch to The Journal.) Corvallis, Ore., June 8.—There is great interest in the track meet that will take place at Salem Saturday. In spite of the fact that O. A. C. defeated Eugene here a week ago by the decisive score of 75 to 44, there is some talk by other towns that O. A. C. may lower her colors in Saturday's meet, owing to the entrance in the event of Forest Grove and Willamette teams, which, if secured, may capture some first places that would otherwise surely go to O. A. C.'s credit. The C. & E. railroad is making a one-fare rate for the trip to the meet Saturday, and as there is plenty of confidence that the O. A. C. boys will keep their record a large crowd of O. A. C. rooters will probably go to Salem.

Mary Lewis vs. Young Erna

(Journal Special Service.) Wilmington, Del., June 8.—A 10-round bout between Harry Lewis and Young Erna is slated for the arena of a local athletic club tonight. The two met in a six-round contest some time ago and although Lewis fairly won the decision, Erna and his managers were not satisfied with the result. The present match at 10 rounds is expected to witness the same fight. Whether their ring generalship will last over the increased rounds and whether Lewis can retain his skill in a 10-round bout has excited the curiosity of the ring followers, and a large crowd is expected to be on hand to witness the contest.

CLUBMEN VANQUISH JAPANESE PLAYERS

Multnomah Team's Batting Scores a Victory Over Visiting Yellow Men.

The Japanese baseball team from the University of Wasada near Tokyo, Japan, made its appearance before a Portland crowd in a game with the Multnomah Amateur Athletic club team at Multnomah field yesterday afternoon.

A good sized crowd was present, among which was a goodly representation of the visiting team's countrymen, and the antics of the little brown men were heartily applauded.

The Japs are a clever fielding team and are good basemen, but are lacking in batting ability. Had they been able to meet the ball they would have trailed Multnomah's colors in the dust, for they expelled the clubmen in all other departments of the game except in pitching. Moore and Downs are among the cleverest of the local amateur club artists. The final score was 3 to 2, and a glance at the following score will show how the players performed:

Regatta at Galveston

(Journal Special Service.) Galveston, Tex., June 8.—A three-day aquatic and athletic carnival, under the direction of the Galveston Regatta club, was inaugurated this afternoon under most favorable auspices. The opening events were four-oared burge races for men and women, followed by swimming and diving contests. Tomorrow will be devoted to athletic sports at Sportsman's park. The big event of Saturday will be the single shell race for the championship of the south.

Hudson, who was the best drop kicker that the Carlisle Indian school ever had, has been engaged to coach the Indian football team this fall. He probably knows the game as well as any player ever turned out by the school and should be able to turn out a good team.

WHAT CITY SPORTS ARE TALKING ABOUT

Lull in Fighting Game Until July When Fitz and Schreck Meet.

BRITT AND NELSON MAY BREAK OFF

Cornell Students Feel Important Over Her Recent Many Victories.

(Journal Special Service.) New York, June 8.—There seems to be something of a lull in the fighting news just now, and will be until the Fitzsimmons-Schreck and Britt-Nelson bouts are pulled off. If Fitz shows his old-time form in his fight with Schreck on July 3 he can fairly lay claim to the title of heavyweight champion laid down by Jeffries. It is not on record that anybody but Jeffries ever did take the feckless Cornellian's measure and before any one else can lay any claim whatever to the abandoned title he will have to argue the matter in the ring with the man from Cornwall.

Jimmy Britt is looking after easy money, too, and agreed to take on the winner of the Handon-Corbett fight. Incidentally, it is hinted that there may be a bustup in the Nelson-Ert fight. Britt does not fancy the Dan's engaging in so many six-round bouts. He fancies it may affect his drawing power.

There is good money on this side of the water for Jim Bowker, the British bantamweight, if he should decide to come over, and there is a hint that he contemplates that very thing. His fight with "Pinkie" Evans showed him to be a fighter and he would undoubtedly draw here if he was matched with some of our good little fellows.

Ithaca is hardly big enough to hold Cornell after a week ago Saturday. It was her day everywhere. She made a sweep of it on track, water and diamond, winning the intercollegiate championship meet at Philadelphia, capturing the eight-oared junior college regatta of the American Rowing association at Philadelphia, and the varsity race against Harvard at Boston, and beating Manhattan in the baseball games at Ithaca. The eight at Philadelphia set up a new record for the course, going the distance in 8 minutes 34 seconds, two seconds better than the performance of the Argonauts of Canada in 1913. At Ithaca, the eight won over Harvard by seven lengths.

Charley Courtney, by the way, does not think much of Harvard's crew this year. After their defeat at Ithaca, the Harvard men have not mastered the elementary principles of rowing, and they are in bad shape, unless heroic measures are adopted. Their rowing is very much below the standard set by Harvard. The men are not only crude in the execution of all parts of the stroke, but have utterly failed in assembling the various parts where racing. The men were a fine looking lot, and it was a good row for the world's championship, but their tutoring must have been of the dory order, for I learn that Wray was a fisherman in Australia.

Cornell is now confident of taking first place at the intercollegiate rowing meet at Poughkeepsie on June 28. The showing at Cambridge leads to the belief that there will be some change in the varsity crew before the intercollegiate regatta at Poughkeepsie. The eight appears to be an ideal combination and capable of sustained and vigorous effort. The men are in good shape at present average in weight 175 pounds and are within a quarter of an inch or six feet, while their average is a trifle over 22 years. This is an ideal Cornell crew; making up by its compactness, hard four-mile struggle, well set up and not much over 170 pounds each. Courtney does not believe in heavyweight oarsmen, and believes that candidates weighing 190 pounds, or thereabouts, are seldom able to pull their own weight.

It now looks certain that Yale is to lose Trainer Mike. He told the members of the Yale track team after the intercollegiate games in Philadelphia, that he had decided to accept the offer of the University of Pennsylvania, and to go there at the close of the present athletic season. At Philadelphia, Cornell hopes to get him to reconsider. Murphy has been promised a professorship in the University of Pennsylvania at a salary double that which he was receiving. If he decides to accept the Pennsylvania offer it is probable that his successor will be Michael Sweeney, now athletic director at the High school, Pottstown, Pennsylvania. Murphy was secured by Pennsylvania in the fall of 1896. Pennsylvania won the intercollegiate championship in the spring of 1897, with comparative ease. Then followed championships on track and field in 1898, 1899 and 1900, so that Cornell records made by Red and Blue athletes under Murphy in these years standing today. Murphy returned to Yale in the fall of 1899. The following year Yale failed to win the intercollegiate meet, this being the only instance that the remarkable trainer did not win the track and field championship of America for either Yale or Pennsylvania since 1894.

SPORTING GOSSIP

Portland lost the game at Los Angeles yesterday through inability to hit Dolly Gray. One would think after McCredie's interview at San Francisco that the Portland manager would enter the game and do something in the line of baseball.

When Barney Oldfield, the fellow that doesn't care, went full of the fuses at the Harlem track the other day and was brought up all standing, he asked: "How fast was I going?" Some day Barney may ask that question and not hear the answer.

Otto Floto is the only sporting editor in the country who prints his own picture twice on his own sporting page in one issue.

The spitball cannot be used in Newark by order of the health officers. This ruling in favor of the public health will certainly have its ill effect upon the pitcher.

Charley Rellly, manager of the Salt Lake team, has signed Bob Edmondson, the great hitter of the Texas league. Edmondson led the Texas league last year in hitting with a .340 average. He is said to be a great left fielder, and the fastest man in that league. Rellly has also signed Toren, the Los Angeles twirler in the Coast league. These men are to report in Boise this week.

A South Dakota man won a wife by fighting a bull. He ought to get along all right in married life.

If the Japanese ballplayers who at present are visiting this city could only hit the ball, they would have little trouble in downing M. A. A. C. The Japs field brilliantly and run bases feebly, but cannot bat with any degree of proficiency.

Double-Header for Sunday. The baseball and lacrosse double-header which was scheduled for last month but was postponed on account of rain will be played off next Sunday afternoon at the Vaughn street baseball grounds. The contesting baseball teams will be the same as scheduled before, the Schiller and the University Park. These teams comprise the best of the local amateur talent, and the game will undoubtedly be an exciting one.

The members of the Portland lacrosse club have been practicing hard for the coming contest. For it will depend upon the showing made in this game as to who will make up the team that is to represent Portland in the lacrosse championship contests this summer.

International Golf. (Journal Special Service.) London, June 8.—The British open golf championship began auspiciously on the St. Andrews Links today in the presence of devotees of the game from all parts of the British Isles. PORTLAND LOST BY ONE SOLITARY TALLY

Gray's Two-Bagger in Ninth Inning Scored the Winning Run.

(Journal Special Service.) Los Angeles, June 8.—Los Angeles outpitched Portland in yesterday's game and only succeeded in winning out in the last half of the ninth inning on a hit by pitcher and a double by Dolly Gray. Bert Jones was on the firing line for Portland and while touched up for 10 hits, managed to hold the Angelic ones down to a meager tally. The visitors were unable to touch Gray when a hit would be dangerous and consequently suffered a whitewash. Schlicly was ordered out of the game in the eighth for disputing a decision of Umpire Gray.
