

ONLY A FEW DAYS MORE.

ONLY ELECT CAN BET AT MILWAUKIE

Gratton Poolroom Opens but Fence and Guard Keep Out All but the Favored.

THE SUBURB REGARDS PROJECT FAVORABLY

Fifteen-Minute Car Service and Twelve Hundred Dollars Paid and Majority Contented.

The east side office of The Journal is in the store of Mrs. F. W. McKinney, 590 East Morrison street. Telephone East 518.

It is evident that only the elect may enter the confines of the Milwaukie pool-selling club owned by Isaac Gratton and managed by M. G. Nease, formerly of the Warwick club.

Within the high fence is the complete clubhouse fitted up for the convenience of its guests, with a bar on one side of the big room, wide verandas fronting the river and extending out under the trees, many chairs and couches and the smaller luxuries that go with a country club.

So far as Milwaukie is concerned Mr. Gratton is on friendly terms with the councilmen and residents at large and one of his donations to the town has caused the people to arise and call him blessed.

Those fences still worry Milwaukie property owners may let the marshal remove barriers.

Work on school. The record that was set by the contractor in excavating for the big addition to the Sellwood school is being excelled by the contractor having the contract to build the big addition to the Sellwood school.

the increase will be even greater than it was this as more new homes have been built and are occupied already this year than during any previous season.

Milwaukie Land Sells Well. The opening of the fair at the large eastern traffic to Portland has already resulted in many inquiries as to the value of property between Portland and Oregon City and several sales are reported at Milwaukie.

Sellwood is growing at the rate of half a dozen new homes a week and the sale of lots already this year is greater than for the preceding five years.

EYES SCIENTIFICALLY FITTED AT THE EXPOSITION.

Booths in Several Buildings Presided Over by Skilled Opticians.

The concession committee of the Lewis and Clark exposition acted wisely in granting the optical privileges to Walter Reed, a local optician of high standing, whose successful work in correcting visual defects has been recognized and approved throughout the northwest for over 20 years.

And this is not all. Those who entertain the slightest doubt concerning the glasses supplied are privileged to consult with Walter Reed himself, at his optical institute, 433 Sixth street, who will verify the examination and diagnosis of his assistants and make any corrections that may be needed.

See the Great Panorama.

Now that the weather has cleared, the atmosphere is perfect to view the great mountain peaks of the Cascade range. Five of these magnificent peaks can be seen at once from the great height of the Lewis and Clark observatory, 1,090 feet above the city.

CHURCH SERVICES
