WARM WEATHER HELPS.

Get Rid of Your Catarrh by Using Hyomei Now.

Everyone who has catarrh should take advantage of the warm weather to get rid of this annoying and dis-tressing disease. The right treat-ment, faithfully followed, in May or June, will benefit much more quickly than in the winter and early spring.

Do not try to cure catarrh of the head and throat by taking drugs into the stomach. It cannot be cured in that manner. The only way in which this too common disease can be cured is through a direct application that will kill the germs of catarrh and prevent their growth.

Hyomei is the only known method

of treatment that accomplishes this.

It is the simplest most pleasant, and the only absolute cure for catarrh that has ever been discovered.

When using Hyomei every particle of air that enters the air passages of the throat and head and goes into the lungs, is charged with healing balsams that kill the catarrh-al germs and soothes and allays all

The first day's use of Hyomei will show a decided improvement, and in a short time, especially if used at this season of the year, there will be no further trouble from catarrh.

You take no risk in buying Hyomei. The complete outfit costs but one dollar, and if after using you can say that the treatment has not helped you, Woodard, Clarke & Co. will re-turn your money.

HER WILL PROVIDED CIGARS FOR FATHER

of the most curious items ever contained in a document of the kind was brought to light. The estate is valued at \$350, and the will disposes of it in this wise: "I bequeath to my beloved sister, if she to allow my father, B Sage, of beloved memory, all the cigars he wants and also all the vests he likes to wear in winter, all my personal and real estate I die possessed of and to which I shall be entitled at the time of

my-decease."
Inquiry developed the fact that Miss Sage's father, who is an elderly-man, has a fondness for cigars. Some time ago the eldest brother, referred to in the will, refused to allow him to smoke the usual number of cigars on account of his health. He felt the loss of to-bacco keenly. His fordness for fancy waistcoats amounted to a hobby. Miss Sage died May 29 at St. Joseph's hospi-
