We Never Can Be Beat on Shoes or Shoe Prices

WE CARRY ONLY THE MOST RELIABLE SORTS AND IN THE VERY NEWEST STYLES.

Perhaps No Better Shoes This Week Than Usual, but Better Prices—The Bargain Class Are Camped Along the "Fair-Way" West Annex—First Floor.

It's the same thing either way you look at it; you can pay just what you have been paying in other shoe stores, and get better shoes, or pay less and get same grades. Every pair of shoes that go to make up our great stocks was so bought that we might sell them at much less than specialty shoe stores ask, and still they are the identical grades, or better than most shoe stores carry. The makers seek our business that they may greatly enlarge their own, and thus reduce the cost of manufacture. Our purchases equal or excel those of any two other stores in Portland; one reason why we get and give better prices. It's an advantage "Big Stores" enjoy. Some better-than-usual prices this week.

- Men's \$3.50 Half Shoes **\$2.85.**
- Men's Tan Russia Calf Half Shoes, Blucher and Oxford pattern, oak soles and Goodyear sewed; regular value **\$3.50**. Special, **\$2.55**

CONTINUED SELLING OF THE DAINTY

Summery "Tub Fabrics" and Domestic

There's a Host of Delightful Suggestions and Unmatchable Bargains in the Sale This Week.

The counters bordering the avenues of pretty wash fabrics and summery stuffs for gowns and frocks for warm weather wear are loaded down with such an array as no other Portland store could possibly make, all marked at prices other houses would deem impossible to make and obtain even a very slight brokerage for handling the goods. We buy in enormous quantities, supplying both our wholesale and our retail departments. This means price concessions to us, and a money-saving to our army of customers. Most of the showings are absolutely exclusive with this house, for we control many lines for the northwest of the world's best producers. The linen department can be depended upon to give the largest assortments and the greatest values in Portland. Nearly every civilized country on the globe is under tribute to this peerless section; for nearly every civilized country is noted for producing some kind of linens. It's our business to know where, in each country, the best linens are made—and we know our business. Because we can and do offer the world's best products in each class of linens at the most favorable prices, our linen business has become the largest by far in the entire northwest. Below are scattered mentions of a few specimen values we have prepared this week—on sale tomorrow morning, and until lots are closed. A matchless buying opportunity for those prudent women who seek to make their dollars go farthest in shopping.

The Official Guide

Is the best pilot you can have if you want to see the fair. The information is reliable and complete. It tells you what to see and how to see it, and locates everything at a glance. A man once said that he

Saved \$1,000

By finding out the best route to take before he started on a long journey. The Guide will save you hours of time by telling you the best route to take in seeing the Big Exposition. A friend bought a Guide

For an Idaho Man

He declared that after reading it, he was as familiar with the fair as the man that built it.

And It Only Cost Him 5 Cents

The Guide sells everywhere for 25 cents, but he traded at our store and with a \$1 purchase we gave him a ticket for 20 cents on the purchase of a Guide when presented at the Guide Headquarters in the Oriental building. We do the same for all of our customers.
