The elegant steamer "Bailey Gatzert" has afforded thousands of people hours of enjoyment since the management inaugurated its daily excursions up the Columbia river to Cascade Locks and return. The splendid steamer, one of the largest on the Willamette and Columbia, departs from its dock, foot of Alder street, at 8:30 a. m. daily, making the 50-mile run to Cascade Locks and return in about nine hours. The steamer passes through the locks and by the grandest country in the world, and is herself one of those splendid floating palaces that affords supreme comfort to her patrons. She contains three observation decks, there are no narrow passageways, accommodates 600 people, rides as smooth as a Pullman, contains a special ladies' parlor, has a first class dining-room and serves most excellent meals, affords abundance of room to its patrons, has seats for all and leaves and returns at convenient pleasure hours. The Gatzert carries an orchestra at all times and her handsome staterooms are always at the disposal of her guests. Round trip \$1.50, and tickets should be secured as early as possible. Her berth is at the Alder street dock. Telephone Main 814. The Gatzert will make a special trip to the locks and return on Monday for the pleasure of those who cannot take advantage of the Sunday ride.
