

# CRUSADE AGAINST MOSQUITOES

### New Orleans Passes Ordinance Making War Upon Insects—All Water Screened.

## SIX VICTIMS DIE FROM DREADED YELLOW FEVER

### Seventeen Cases So Far—Authorities Convinced They Have Situation Well in Hand—Detention Camps Established by Uncle Sam.

(Journal Special Service.)  
Washington, July 25.—(Bulletin.)—Burgess White of the marine hospital service at New Orleans reports eight deaths from yellow fever. Over 100 actual cases now exist in New Orleans. Health officers in southern district will investigate every suspicious case.

(Journal Special Service.)  
New Orleans, La., July 25.—Mayor Behrman today issued a proclamation to the people of New Orleans urging them to heed the advice of the health authorities relative to the sanitation of their premises and ordering the screening of houses and the placing of nets over all windows and pools of water which might breed mosquitoes.

The state board of health has issued an official statement that, up to date there have been 17 cases of fever here and six deaths. The quarantine requiring the detention of all vessels from ports liable to yellow fever is being enforced.

Federal, state and city authorities are working in harmony with a view to the prompt report of new cases and in their effort to limit the spread of the fever. The fever originated in the region about the French market, though there was a death yesterday outside of this district where the previous deaths have been reported.

The government is establishing detention camps at all small places on the river near New Orleans, where refugees will be held a certain time to protect those with whom they may later come in contact. There has been no case from the city, as the inhabitants are convinced that the authorities have the situation well in hand.

The city council today passed a mosquito ordinance submitted by the health authorities.

## CALIFORNIA CADETS GET A SILKEN BANNER

A crowd of 500 residents of Riverside, Redlands and San Bernardino, southern California, witnessed the dedication of a silken banner to the Congressional cadet corps of Bureka, California, this afternoon by President Goode of the exposition. The exercises were held on the San Antonio side of the California building at 2:30 o'clock. Earl Hodgson, the 16-year-old color bearer of the company, received the emblem, at the conclusion of a brief speech by the president, and a response was made by Rev. Franklin Baker, who organized the expedition to the fair.

As the stars and stripes were unfurled there was a series of cheers that disturbed the quiet of the hall. Mrs. Ida Hannum of Los Angeles sang "The Star Spangled Banner," and the audience joined in the chorus. Mayor C. L. McFarland of Riverside was introduced by State Commissioner J. C. Fisher, and addressed the crowd eloquently on patriotism and California's part in the patriotic history of the nation.

## MISS SCHEUERMAN CHARMS LARGE AUDIENCE

Before a large audience at the Auditorium on the exposition grounds last evening Miss Carrie Scheuerman of Pendleton gave a piano recital that astonished her numerous friends and gave musicians to understand that a prodigy has come out of eastern Oregon.

## AT THE THEATRES.

### J. K. Emmett at the Baker.

That J. K. Emmett is a star in his particular line was proved in a most convincing manner when he was introduced on the stage at all. Ted McKenna and his wonderful dog, "Teddy," who can almost talk, were the wonder of the evening. Last evening the eccentric black-face comedian and musician was a lustrous star. Stanley and Corbie, in their comely sketch, more than pleased the audience. In the picture "Good-bye, Bright Eyes," and the Holograph, completed the bill.

### Grand Is Cool.

With a cool theatre and an excellent vaudeville entertainment the Grand started off the week yesterday with three big audiences. Martin and Martine have a lively act. Castellan and Hadda have a comedy. The Deacons are clever acrobats. Miss Cecile Hobson has a magnificent voice, the Herons sing Tyrolese songs, the illustrators paint good and the Grand scope shows fine pictures.

### "In Tennessee" at the Lyric.

There never was a more enthusiastic reception given a play at the Lyric than was given to "In Tennessee" last evening. The audience was more than appreciative—they were enthusiastic, and at the finish of each act demanded encore after encore and even went so far as to call each individual member of the company before the curtain. The play is a southern romance and well deserves all the praise accorded it.

### Big Show at the Star.

This week's bill at the Star is one of the best the theatre has ever furnished. Every number is of top-notch quality. The Star trio has a bright sketch. The Andersons are talented juveniles. Charles Patterson has a number of witty stories. Quiblan and Howard are clever, and the Halls are effective. The new song is new and the pictures are amusing.

## WOMEN MUSICIANS UNDER DISCUSSION

Mayor Lane and Attorney Alex Sweek this morning discussed the female orchestra maintained by August Erickson, and Judge Sweek declared that as no performance is permitted by the orchestra it does not violate the ordinance; he is to submit authorities bearing on the question tomorrow. No objection has been raised to the orchestra, and as the authorities permit pianos to be played in saloons up to midnight, the probability is that as long as no performances are permitted and women are not allowed in boxes the orchestra will not be prohibited.

## WOMEN MUSICIANS UNDER DISCUSSION

While a police officer made a complaint against the orchestra, believing the ordinance was violated, no arrest has been made. Erickson is denying his intention of discontinuing the feature if instructed to do so by the authorities.

## NO MERCY FOR MEN WHO SELL TOBACCO TO BOYS

To make an example of men who sell cigarettes to boys, Circuit Judge Frank, sitting in the juvenile court this morning, fined A. R. Greene of Montavilla \$5 and said that if Greene or any other tobaccoist were brought before him again, he would be sentenced to prison. Greene was prosecuted by Robert Galloway, who acts as deputy district attorney for the court. He had nothing to say in his own defense, but promised not to sell tobacco to minors in the future.

# DIVAL STEAMBOATS LEAVE TONIGHT

### Valencia Coming From Seattle to Go on the Portland-San Francisco Run.

## COLUMBIA WILL GO OUT ABOUT THE SAME TIME

### Both Will Carry All the Passengers and Cargo Law Allows and Hot Race Is Looked for by Interested Mariners.

The steamer Valencia, Captain J. B. Patterson, will arrive from Seattle at 9 o'clock this evening and four hours later she will sail for San Francisco. She reached Astoria at 8 o'clock this morning and left up at 10 o'clock. Only 25 passengers are aboard. She will moor at the Alsworth dock after taking on a supply of coal at the Pacific Coast Steamship company's bunkers. Her passenger accommodations have all been contracted for and she will go out loaded to capacity.

The steamer Columbia, also operated by the San Francisco & Portland Steamship company, will go to San Francisco tonight at 8 o'clock and will stop at Astoria a couple of hours.

Transportation men say that this will be the first time a couple of steamers of first class type ever crossed the bar practically together, and that the temptation for a race will be nearly irresistible.

Portlanders take a great deal of pride in the Columbia, which she is the best steamer in the coast trade. The Pacific Coast Steamship company, owner of the Valencia, has a reputation to sustain. Consequently it is held that the officers of the steamer will put forth every effort not to be outdone by the Harriman people, its most powerful rivals.

## MORE ACCOMMODATIONS FOR FOREST GROVE

The management of the Harriman lines has decided to put on a new passenger train between Portland and Forest Grove the latter part of this week. The time card is being made up in the office of Superintendent Buckley, and as soon as it is ready the train will be started. It will leave Forest Grove daily at 12:30 o'clock, for Portland, returning it will leave Portland at 12:45 o'clock at night.

The petition of the people on the Woodburn-Springfield line for a daily passenger train has not been favorably considered.

Bids for the construction of 22 miles of the O. R. & N. extension from Elgin to Joseph will be opened at the office of Chief Engineer Boghke on Thursday. This will probably be all the construction work that can be done this season on that line. The company will continue the extension to Enterprise and Joseph next year if it is said.

Contracts have been let for the extension from Riparia to Lewiston, and the contractors are assembling their machinery and men for the construction work, which will be commenced within the next few days.

## FARES GO UP.

### Old Figures on Alliance From Portland to Coos Bay Will Be Restored.

The fare on the steamer Alliance from Portland to Coos Bay will be restored on Friday to the old rate of \$7 and \$5, as has been the case for the past three months. It has been impossible to take care of all the traffic down the coast in the past two weeks.

The rates on the F. A. Kilburn to Coos Bay points have not been increased yet, but it is probable they will be in a few days. She is owned and operated by the Watsonville Transportation company of San Francisco. She sailed for the south Saturday night and it will be a week before she returns.

## MARINE NOTES.

### Astoria, July 25.—Arrived at 8 and left up at 10:30 for San Francisco.

San Francisco, July 25.—Arrived, schooner Annie Larsen, from Columbia river. Arrived, United States cruiser Chicago, from Portland and Puget sound.

### Astoria, July 25.—Left up at 1:30 p. m., steamer Northland.

Eureka, July 25.—Sailed at 3 a. m., Alliance.

### Albion, July 25.—Condition of the bar at 3 a. m., smooth; wind, northwest; light, weather, cloudy.

## ALONG THE WATERFRONT.

### J. H. Peterson, owner of the steamer George W. Elder, says if the vessel is a menace to navigation where she lies on the rocks near Coos Bay, she will be moved to move her. He states he does not believe she is in the way.

### This evening the steamer George W. Simons will leave for the upper Columbia river on her old run between the Cascade Locks and The Dalles, after having been given a thorough overhauling.

### Captain James Shaver of the Shaver Transportation company left this morning for the beach, where he will spend a three weeks' vacation.

### Steamer Northland, Captain Jamelson, arrived this morning from San Francisco with a full list of passengers.

## Brave Women

Women's delicate nerve organism subjects them to so much suffering that it is almost inconceivable how they manage to fulfill the various household and social duties, and yet they do so. As a rule they understand the nature of their delicate organism, but overlook the wonderful influence their nervous system has upon their general health. They are not sufficiently impressed with the fact that all their ills are directly traceable to the nervous system. That their periodical sufferings and headaches are due to weakened nerves.

## Dr. Miles' Nervine

has been wonderfully successful in revitalizing the nerves and curing all cases of nervous disorders and loss of vitality. Thousands of delicate women have regained their health and vigor by its use, and the thoughtful fortify themselves by keeping their nervous system strong and vigorous by its use. "From a thin, nervous wreck, miserable and wretched, I am now enjoying splendid health, and it is all traceable to your splendid medicine, Dr. Miles' Restorative Nervine."—MRS. MAUD B. REPLINGER, Philadelphia, Pa. The first bottle will restore; if not, the druggist will return your money.

Oregon City, Main Street.  
Astoria, 571 Commercial St.

## At the Inman-Poulsen mill she will receive lumber for the return trip.

With 1,100 tons of wheat the steamer Carina has cleared for San Francisco. Schooner Virginia has been chartered to load lumber at Portland for a California port; she is at the Bay City.

### Ernest Will Try His Tack.

To test the seaworthiness of the yacht which he recently built, Ernest, the 14-year-old son of Captain A. B. Graham, is preparing to make a trip to the coast. He will be accompanied by his cousin, Clyde Graham, one year his senior. The boys will stop at all the towns between here and Tillamook, and expect to be a week making the run down stream. Returning, they figure it will take about two weeks to reach Portland. The yacht has behaved admirably in the harbor.

### Steamer Toledo Labeled.

The Charles F. Deane company began suit in the federal court yesterday afternoon to collect bills from the steamer owners of the Toledo, aggregate \$1,522.10. The craft was labeled and a watchman placed in charge. It is alleged that the debts are for supplies. The Toledo made a number of trips recently to Jefferson Harbor, and is at the foot of Gentry's street.

### Will Paint the Kellogg.

When the schooner O. M. Kellogg, Captain Peterson, arrives from San Francisco, whence she sailed July 13, she will be placed on the drydock to be cleaned and painted. She was here about a month ago and took lumber to the Bay City. Arrangements have also been made with the Port of Portland for the docking of the steamer Alliance, on her next trip, when she will have her propeller repaired.

## Dredging at Willow Bay.

Under the direction of the United States engineer, the dredge Columbia will soon be deepening and widening the Columbia river channel at Willow bay. She will be kept in commission by the government during the season between Portland and Astoria, removing the several bars formed by the high water.

## CALIFORNIA TOWNS WILL CELEBRATE TOMORROW

Tomorrow will be a special day for Passaic, Santa Monica, Whittier and Redonda at the exposition. The order of events will be:

- 9 a. m.—Buildings, government exhibit and trail open.
- 9:30 a. m.—Concert, Administration band, Transportation building bandstand.
- 10 to 11 a. m.—Concert, Fourth United States Cavalry band, Government terrace.
- 1:30 p. m.—Grand concert, Liberator's band, bandstand, Gray boulevard.
- 2:30 p. m.—Concert, Administration band, Agricultural building.
- 2:30 p. m.—United States life saving exhibition on lake.
- 3 to 4:30 p. m.—Concert, White Swan band, Transportation building bandstand.
- 4 to 4 p. m.—Concert, Fourth United States Cavalry band, Government terrace.
- 6:30 p. m.—Government exhibit closes.
- 6 p. m.—Exhibit buildings close.
- 8 p. m.—Piano recital, Miss Eula Howard, Auditorium.
- 8 p. m.—Liberator's band, bandstand, Gray boulevard.
- 8 p. m.—Grand electrical illumination.
- 9 p. m.—Fireworks on lake.
- 11 p. m.—Gates close.

## CORN PITH OF USE IN BUILDING WAR SHIPS

Visitors to the Nebraska pavilion see a remarkable collection of corn products, or rather by-products. At the front of the pavilion are 24 jars, each holding a different product of either the grain or the stalk. These include glucose, several varieties of sugar, syrups, oils, gums, paste and even rubber.

Of late years the value of corn pith in shipbuilding, especially of war vessels, has been recognized. The pith is used as filling, being light and spongy, between the outer armor plate and the inner hull.

## Booshee's German Syrup.

We cannot understand why any person suffering with a cold or throat and lung trouble will neglect to purchase a bottle of German Syrup, sold in all civilized parts of the world, without a single case of failure. There are thousands of consumptive right lungs in Portland that give Booshee's German Syrup the sole credit of their being alive today. Ask your druggist. Price 25 and 50 cents. Get your money's worth.
