A Crash in China

That'll be Heard all Over the Northwest The bargain bull broke loose yesterday in the China Shop—Third Floor—and before he was captured he had blue-penciled about a carload of the handsomest and finest pieces of Dainty Chinaware in the Housekeeper's Supply Stores. The story of the damage done is best told below. The question of loss to us lies in the amount of these specials you buy at the Friday prices. Take a plenty of time to look around, don't miss an item—they're too good to pass, every one of them.

There's Jolly Surprises in the Pricings of Women's Dainty Summer Outfittings

That await Friday shoppers. We're no respecter of broken stocks—the almost-sold-out lines that won't be renewed because of the passing of our selling season. What's a few dozen of this or that or a few hundred yards of dainty embroideries, or pretty ribbons, when the hundreds of miles that's been cut off and sold has left these "coupons" on our hands? There's a plenty of wearing time ahead—but we're preparing for fall stocks already. Thus this bevy of bargains for tomorrow's customers.

History Repeats! Another Sensational Sale of Shirtwaists

In the Big Suit Salons—Second Floor

At exactly 9 o'clock tomorrow morning a monster bargain table of Handsome, Exquisite Summer Shirtwaists will be uncovered and a mighty sale will start! It Continues Two Hours Only

The success of Wednesday's sale is fresh in the minds of hundreds of women who were fortunate enough to share in the wonderful bargains distributed thro' its medium. Given the condition that a loss is inevitable, it is good business sense to take the loss early rather than late, more particularly if a lot of merchandise in current vogue is involved. The time has come for us to unload Women's Shirtwaists. The stocks were well chosen with especial reference to style and daintiness. Cost played but a minor part, so long as the waists were beautifully designed and made.

We have added several numbers of waists not in Wednesday's sale, some grades higher priced. So that the values in tomorrow's sale exceed those of any former sale we ever held at the price named. We have also lopped off a generous slice from Wednesday's price. More waists in the sale than in Wednesday—and better values—real bargains at the regular prices, which run up to \$3.75. For two hours only tomorrow, morning hours, we shall allow full and free choice at the most absurdly low price of 59c.

Should a Firm Advertise to Sell Gold Dollars for Fifty Pennies? You'd suspect them of being engaged in a "get-rich-quick scheme"—now wouldn't you? But if the U. S. mint should come out and make that offer what a scramble there would be for the shiners. And yet—here's a firm as reliable as the mint—OLDS-WORTMAN & KING—that offers
