STANDARD QUALITIES AND LOW PRICES HAVE MADE THIS STORE SUCCESSFUL

"NEVER COMPROMISE WITH QUALITY," is a good maxim for the progressive store to follow. The temptation to quote an extremely low price should be strenuously resisted if the goods themselves cannot be honestly recommended. The memory of a trashy purchase will linger long after the recollection of the low price has faded, for the disappointment on discovering that which seemed a bargain is in reality a dear expenditure, makes a lasting impression derogatory to the store that made the sale. There can be only one correct way to truly successful merchandising—standard quality and low prices. In selecting our stocks we put ourselves in the position of the customer; hence the satisfaction that ensues. OUR REPUTATION FOR GREAT VALUE-GIVING WILL BE PROVED BY THE FOLLOWING ITEMS:
