The former replied that McDonald had been seen on the streets, but had sent no word why he was not earning his salary. # SPORTING GOSSIP.

French, who pitched, or rather who didn't pitch for Portland earlier in the season, was arrested recently and fined for gambling.

Frank Lonergan, the well-known foot-hall player and coach for Multnomah this season, was operated upon for ap-pendictits yesterday at St. Vincent's hospital. Mr. Lonergan stood the ordeal well and the physicians state that he will be out in a brief while.

Manager McCredie released Householder, and in a short time the clever right fielder was signed by Parke Wilson of the San Francisco team. The Journal was of the opinion that McCredie contemplated such a move, but didn't really think that he would do such a thing, in the face of Householder's good work all during the season. Some of these fine days Mr. Householder will have the pleasure of rapping out a few hits that will disturb the Portland mogul. Householder played right field for San Francisco in yesterday's game.

Jimmy Britt made the following speech at the California theatre the other evening. When he stepped on to the stage the men cheered and the women waved their handkerchiefs, and the uproar continued for several minutes. As soon as he could be heard Britt stepped to the front of the stage and delivered himself as follows: "Ladies and Gentlemen: I thank you for this generous reception; it is really more than I could have expected had I won, which makes it doubly dear to me. I was whipped fairly and have accepted my defeat. All I ask now is another opportunity." Here he was interrupted by many cries and spolause, after which he continued: "I think it ought to be the best two out of three. I thank you again and again."

# BUCKING PRACTICE AT WILLAMETTE GRIDIRON

(Special Dispatch to The Journal.)
Willamette University, Salem, Sept.
22.—Last evening before the boys of
the team of '96 had donned their suits for practice they were called into the gym to elect a captain in place of Quarterback Beach, who was chosen last fall to captain the team of '05. Beach will not be in school, as he has given up football for the life of a married man.

Beach will not be in school, as he has given up football for the life of a married man.

Pollard, Willamette's old faithful at right tackie, was elected captain for 1905. "Polly" is well liked by all the boys and knows the game to the letter. He is capable in every way to captain the tesm; which is expected to be the best Willamette has ever sent out to defend her gridiron honors.

The new bucking machine was given a trial last evening and proved to be a success. It is a new invention got up by Coach Bishop and Philbrook. It is used mostly with the line men and is so constructed as to cause them to use their hands on defense and it also teaches them to charge quickly when the ball is in play.

The team has now had three nights bucking practice and will be in good condition to play the alumni game, which will not be played until after the California trip.
