A NEW TELEPHONE FOR LEWISTON

Home Company Organizes Independent Line to Fight Bell Lines.

LATEST EQUIPMENT WILL BE INSTALLED

Unsatisfactory Service Rendered by the Old Company Causes the Business Men to Unite and Build New Line.

(Special Dispatch to the Journal.)
Lewiston, Idaho, Sept. 22.—The articles of incorporation of the Lewiston-Clarkston Home Telephone Company with a capitalization of \$50,000 has been filed with the county auditor, and solicitors for the new company commenced work in the city Wednesday. The company is composed of Lewiston and Clarkston business and professional men and the movement is receiving the hearty support of the citizens of the twin cities, more than 500 telephones having been ordered in the first day's canvass. The movement is the result of the investigation recently made by the Commercial club, and a number of the stockholders in the new company are active members in the commercial body.
The company promises to install the latest telephone equipment and have it

in operation within eight months. A franchise will be asked at the next meeting of the city council.
It is expected that at least 1,000 subscribers will have been secured within the next 30 days at which time the soliciting force will be reduced and the canvass extended to every suburb of the city. The company will commence to set poles within the next 30 days and it is expected to have every department of the service complete before the central office is opened for business.
It is the purpose of the new company to make a direct invasion upon the business of the Pacific States Telephone & Telegraph company, which has held the Lewiston business undisturbed. The unsatisfactory service rendered by the old company has given the incentive to the organization of the new company and a sharp competitive warfare is expected between the two concerns.

ALDER STREET SALE REVIVES INTEREST

The estate of D. P. Thompson has purchased from William R. Ellis lots 7 and 8 in block 267 of the city, which is at the southeast corner of Alder and Twelfth streets, for \$15,000. There are three small cottages on the property at present, but the purpose of the purchasers regarding building is not known. The site is so centrally located that it will be in high demand for many uses. This is the first deal made on Alder for a short time and is receiving interest in what is regarded an exceptionally choice district, toward which business is expanding rapidly.

Free Speech, Sub.—(Journal Special Service.)
St. Petersburg, Sept. 22.—A proclamation is expected next week from the emperor giving the Russian people, under certain restrictions, the right of assembly for the discussion of political subjects. Discussion of treasonable or seditious subjects will be forbidden. The press will be given the right to comment on politics.

MORTGAGED BABY HAS BEEN RELEASED

Attorney for Mrs. Green Tells Judge That Client Has Given Up Lowagnat Child.

Attorney M. B. Mescham this morning appeared in the circuit court, representing Mrs. Rosanna Green, upon whom a writ of habeas corpus was served yesterday afternoon in order to obtain possession of the infant daughter of Lena Lowagnat of St. Helens, Oregon. It is alleged that Mrs. Green was holding the babe as a lien for bills owed by the mother.

Mescham this morning stated that the baby was now being cared for by a Mrs. Bedia Yates of Sheridan, Oregon, and that Mrs. Green had given up the little girl because the mother asked her to find a home for it.

Lena Lowagnat is said to own an interest in valuable property in St. Helens, but it is alleged that she never paid Mrs. Green for caring for the child, and that she did not write the nurse regarding the infant, or the bills.

"Some time ago a party called on Mrs. Green by telephone," said Mr. Mescham in the court this morning, "and represented himself to be Judge Fraser and stated that the baby should be returned to its mother at once. Another time a stranger rang up Mrs. Green and represented himself to be her attorney—myself, and said that both of us were under arrest and that she had better give up the baby. Mrs. Green has not the infant to give up."

J. F. Watts, attorney for the mother, stated that he wished the court to understand that it was not he who had done the telephoning. The arguments in the case will be heard this afternoon.

FRENCHMAN IS WALKING ACROSS THE CONTINENT

(Special Dispatch to the Journal.)
Pendleton, Or., Sept. 22.—A member of the Paris Touring club, in the person of M. Gustave Laurent of Marseilles, France, is spending a couple of days in this city. M. Laurent arrived in Pendleton from La Grande, having made his way across the continent on foot, and is now bound for Portland, where he will see the Lewis and Clark exposition before it closes.
Leaving Paris June 7, 1922, the Frenchman started to encircle the globe on foot within five years and a labor. As a reward for the accomplishment of the feat he is to receive the sum of \$2,000. He expresses confidence that he will accomplish the feat within the prescribed time, although he started without funds or practically so, having but 3 cents in his possession upon leaving Paris.

FIND MEN DO BETTER WORK THAN THE WOMEN

(Journal Special Service.)
Elgin, Ill., Sept. 22.—The movement to do away with high-priced labor by women is said to have been undertaken by the Elgin National Watch company. During the last six months, when women leave or are discharged, their places have been taken by men. In 1922 the company hired women on a large scale, driving the men from the positions they had held for years, until now the ratio is almost three to one
