DOUBTS IF SANTA FE IS COMING

President Foster of California Northwestern Denies Rumors of Coast Line.

SAYS HIS ROAD HAS TERRITORY ENOUGH

Its Extension to Eureka Will Give It Abundant Business Without Entering Fields Already Controlled by Greater Lines.

A. W. Foster of San Francisco, president of the California & Northwestern railroad and one of the leaders in development work on the coast, is a Portland visitor today. He is accompanied by Mrs. Foster, and they are visiting the exposition with Judge and Mrs. W. W. Morrow, old-time friends of the Californians.

Mr. Foster arrived in his private car this morning from San Francisco, and rumor connected his trip with railroad building projects along the coast toward Portland. To a Journal representative he said:

"Our company has no connection whatever with the Santa Fe. I do not believe any of the stories to the effect that the Santa Fe is projecting a coast line to Portland."

He admitted that a coast line is the natural route between Portland and California points, and expressed the belief that ultimately such a line will be built.

"The California & Northwestern Railroad company has organized an auxiliary company, the San Francisco & Eureka Railroad company, to make an extension of the parent road northward along the coast. A survey has been completed from Willetts to Eureka, in California, a distance of about 105 miles. Some rights of way have been secured, but not a complete route. The company will next spring take up the question of construction of this extension. The cost of the project when completed will be about $10,000,000.

"We have a paying property and are going to take care of it, but not by undertaking to build into the territory of other roads. We have no intention of coming into the Portland field," said Mr. Foster.

He is an enthusiastic admirer of fine bred livestock, and attends all the great stock shows. His visit to Portland is due to advices that reached him from friends here who pronounced the Lewis and Clark stock show the finest exhibit of its kind ever made in America. When a telegram to this effect from Judge Morrow reached him he started immediately for Portland.

"I understand the stock show at the exposition is one of the best ever made. Your people propably appreciate this important feature of the exposition," he remarked.

CARMEN'S USE OF POLICE WHISTLES HELPS THIEVES

For several weeks Patrolman Galbraith has frequently made written complaints to Chief of Police Gritzmacher that street car conductors on the Third and Burnside street lines have been using police whistles. On several occasions policemen are said to have run several blocks in response to the tooting of these whistles.

A few nights ago, it is said, a tragedy was narrowly avoided on account of the practice of the carmen. C. H. Wilson, a negro, shot at Joe Cunningham, another negro, in the Clarendon house and police whistles were blown. Galbraith thinks he heard the whistles, but had grown so accustomed to their use by carmen that he paid no attention. Others finally interfered while Wilson was chasing Cunningham and the latter made his escape. Galbraith did not hear of the affair for 30 minutes afterward.

Wilson was arrested Wednesday night on Alder street while trying to brain Cunningham with a brick. Both men appeared in the police court and Judge Cameron fined Wilson $50 for carrying a concealed weapon.

JUMPS FROM TRAIN TO FLEE IMAGINED INJURY

(Special Dispatch to The Journal.)

Eugene, Or., Sept. 23.—Peter Carlson, a sailor, while on his way from San Francisco to Portland on the overland train, early Friday morning jumped from the train near Cottage Grove while it was going full speed. His mind was no doubt temporarily deranged, as he declared that some one was trying to rob him and that he had to jump from the train to escape from the robbers.

He was brought to Eugene and severe contusions on the head were attended to by physicians. He will be held here several days to ascertain whether or not he is insane.

Carlson had a brother with him on the train and a message was sent him telling him of Peter's accident, but he sent word that he had business in Portland and went on. This action seems peculiar to the officers here and they will investigate the case.

AT THE THEATRES.

Last of "Captain Jinks."

"Captain Jinks of the Horse Marines," which added great luster to the reputation of Clyde Fitch, has been presented by the Belasco stock company to heavy patronage all week, the theatre being crowded at every performance. "Captain Jinks" will be succeeded Monday by "On the Quiet," the celebrated comedy success in which William Collier starred.

At the Empire.

The management of the Empire has a guaranteed attraction in the pretty comedy drama, "Sweet Clover," which will be the offering for three nights commencing Thursday, September 28, with a Saturday matinee.

"Sweet Clover" tells a more serious tale than most plays. Though the play is sometimes called a pastoral idyl, only one scene is laid in the country, while the other three are located in the metropolis, allowing scope for beautiful scenic effects, handsome costuming, odd furniture and original lighting effects. Otis B. Thayer plays the principal role of Jerome Holcombe and Gertrude Bondhill enacts the character of Lois Holcombe. The original company which made such a hit at the Marquam last season is retained.

"The Convict's Daughter."

"The Convict's Daughter," which comes to the Empire theatre four nights of next week, starting with the Sunday matinee tomorrow, is in many respects a surprise to the public, for, instead of the lurid melodrama that they expect to see, they witness a pretty story cleverly told. The company this season is stronger than ever and "The Convict's Daughter" should eclipse its former triumph.

Unique Acrobatic Act.

The four Livingstons, three women and a man, who present one of the leading acts with the Ideal Burlesquers, will be the attraction at the Baker theatre next week, starting Sunday matinee. Their work is not of the rough and tumble order, but the sort that pleases every one. One of the women is among the acknowledged female acrobats of the world and some of her work puts to shame the best male acrobats.

Feats of Strength.

That a man can lift two from the floor by the arms, and how another can support two heavy men, a platform and several hundred pounds of solid iron weights is demonstrated at the Grand this week. This turn is the headliner and is presented by the Dietreich trio, brothers, who give a demonstration in physical culture worth going miles to see. The Thompson sisters, two entertaining and charming young women, are another hit on the bill.

The Star's Show.

The Medallion trio and the Gladstone children are competing for first honors on the bill at the Star. The former are seen in an entertaining musical act, while the latter are the best juveniles the Star has ever had on its stage. Deets and Don are seen in a pretty act. Rice and Edwards and Happy Allen are both good. Roy McBrain sings a pretty song and the Staroscope finishes the bill with amusing pictures.

Last Performance "The Chaperons."

The last performance of the musical comedy success, "The Chaperones," will be the attraction at the Marquam Grand theatre tonight at 8:15 o'clock. "The Chaperones" is filled with catchy music and brilliant comedy. If you want to laugh see "The Chaperones." The Marquam is located on Morrison street between Sixth and Seventh.

The Silent Witness.

Tonight and tomorow wil be the last opportunity to see the Rocky mountain melodrama at the Lyric entitled "The Silent Witness," which has had a phenomenal run at the Lyric this week. Mr. B. G. McLean, the leading man of the Lyric stock company, has a role that fits him.

May Irwin Next Week.

May Irwin, America's greatest comedienne, will be the attraction at the Marquam Grand theatre next Monday, Tuesday, Wednesday and Thursday nights, September 25, 26, 27 and 28, in her latest success, "Mrs. Black Is Back." Seats are now selling.

Close of "Fabio Romani."

Tonight "Fabio Romani," a successful dramatization of Marie Corelli's celebrated story, "The Vendetta," will close its engagement at the Empire theatre. Starting with the regular matinee, a new organization will present "The Convict's Daughter."

Suspected of Two Crimes.

(Journal Special Service.)

New York, Sept. 23.—Joseph J. Girard, who is accused by the police of killing Augusta Pfeiffer near the "haunted oak" last Saturday, is suspected by the police of murdering Elizabeth Davis of Middletown on March 30 last. Miss Davis' body was found floating in the Wallkill river and bore evidence of having been maltreated, as was the body of Miss Pfeiffer. Girard was absent from his boarding-house at the time of the murder, and a clipping was found in his room yesterday containing a complete account of the finding of the body.

ORINO Laxative Fruit Syrup

Pleasant to take and does not gripe or nauseate

Cures Chronic Constipation, Stomach and Liver Trouble

Stimulation Without Irritation.

ORINO Laxative Fruit Syrup is a new laxative syrup combined with the delicious flavor of fruits, and is very pleasant to take. It will not gripe or sicken. It is much more pleasant and effective than Pills, Tablets and Saline Waters, as it does not derange the Stomach, or irritate the Kidneys, Liver or Bowels.

Constipation.

ORINO Laxative Fruit Syrup will positively cure chronic constipation as it restores the natural action of the intestinal tract. Ordinary cathartics may give temporary relief but the stomach is upset and the bowels are irritated without any permanent benefit having been derived. The condition of the patient remains unchanged. The Stomach, Liver and Bowels have not been stimulated and in a few days a stronger purgative may have to be taken. This is why Pills and Aperient Waters never give permanent relief. Their violent action results in an unnatural movement of the bowels and it is necessary to keep taking them indefinitely.

Why ORINO is different.

ORINO Laxative Fruit syrup is the only preparation that really acts upon all of the digestive organs. Other preparations act upon the lower bowel only and do not touch the Liver. It can very readily be seen that a preparation that does not act upon all of the digestive organs can not cure Chronic Constipation, Torpid Liver, Indigestion, Sour Stomach, etc.

For Biliousness and Sick Headache.

Take ORINO Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs.

Clears the Complexion.

ORINO Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. **Refuse substitutes.**

OUR GUARANTEE

Take ORINO Laxative Fruit Syrup and if you are not satisfied your money will be refunded.
