late George Rothman, for many years president of the East Side bank, Manhattan, was arraigned at Mincola, L. L., and in default of \$4,000 bail was committed to the county jail to await further hearing. It is reported that if Rothmann outlives his mother he will inherit from her about \$2,000,000.

Friends of Rothmann say his predilection for fast borses, automobiles and yachts have cost him his money.

After the horse Marie Stanford won a race at the Mincola fair on Thursday. Rothmann took a fancy to the animal and bargained with the owner, Peter Goode, a Paterson, N. When the check was presented to the Nassau bank, Mincola, it was said it had been raised from \$200.

GOVERNOR ANTAGONIZES **EDUCATED FILIPINOS**

General Joseph Smith Will Probably President's Daughter Committed a Succeed Wright as Chief Executive of Islands-Breach Between Natives and Americans Widening.

(Special Dispatch by Leased Wite to The Journal)
San Francisco, Sept. 36. — Luke E.
Wright of Memphis, Tennessee, who
succeeded Secretary of War Taft as
governor of the Philippinase, will arrive
in San Francisco early in November en
route to his Tennessee home and Washington, ostensibly on a vacation trip,
and to be present in the national capital
when the bids for building 1,000 miles
of railroad in the islands are opened.
But, in the opinion of several prominent senators and representatives who
returned to the orient on last Wednesday with Taft, Wright will not go back
to Manila.

These congressmen state that Wright's
policy as governor is very displeasing
to Taft and that in their opinion he will
succeed in having President Rooseveit
supplant Wright by appointing in his
place General James Smith of this city,
who is one of the commissioners under
Wright.

As the quiet talk among members of
the Taft party runk, Wright, from the
Taft way of looking at things, has been
needlessly antagonizing the influential
class of Filipinos, and, more by his conduct than by what he has officially
said, has convinced them that he does
not believe in Philippine independence
now or at any other time. They have
taken umbrase at what they believe is a
little hostile attitude on Wright's part
to their desire for ultimate independence
rule, with the Washington government
only supervising matters international
that may affect the islands.

As a result of this antagonism it is

only supervising matters international that may affect the islands.

As a result of this antagonism it is set forth that there is a widening gulf between the influential class of Filipinos, who dominate all the lower classes, and the Americans as represented by the army, government officials and merchants who have established themselves there. Some of the congressmen say that as a result of his recent visit Taft sees the necessity of bridging this gulf without delay and believes that the only way it can be thoroughly done is to supplant Wright with a man of more tact and less natural prejudice against durk-skinnaed races of people.

The congressmen gave Taft credit for having a good deal of influence with the leading Filipino classes and assert that the latter believe Taft sides with them in the matter of wanting the Philippines for the Filipinos and their ultimate independence, save for a supervisory control of the islands from an international standpoint.

Aiss Alice Roosevelt's Visit to Philippines Upsets Plans of Catholic Church.

SHOWED GREAT FAVOR TO POPE'S ARCH ENEMY

Grave Breach of Diplomacy, Going So Far as to Be Photographed With Aglipsy and So Aiding Rebellion.

(Special Dispatch by Leased Wire to The Journal)
Rome, Sept. 36.—Vatican circles are alarmed at the probable effect of Miss Alice Rooseveit's recent visit to the Philippines. A report just received from Monseignor Agius, the apostolic delegate in the archipelago, details the circumstances of the visit which are considered at the Vatican very unfavorable to Catholic interests in the new American possessions.

This report leads the authorities to think Miss Roosevelt made too much of the personal call made upon her in Manila by the schismatic Archbishop Agilpay, who took the first opportunity to pay his respects. Several dignitaries of the Roman Catholic church were present, but it seems that Miss Roosevelt's conversation was monopolised by the schismatic prelate, while the members of the Roman clergy stood aside and looked askance.

Matters went even further and the president's daughter permitted herself to be photographed side by side with the greatest enemy the Roman Catholic authorities in the islands have or ever will have.

Naturally much displeasure is felt

will have.

Naturally much displeasure is felt though the incident is attributed to the lack of diplomatic training of the Amer-ican president's daughter. It is not re-garded as a deliberate snub to the Cathgarded as a deliberate snub to the Catholic authorities, as long experience has shown vatican officials how the president and other United States officials have always manifested the most conciliatory spirit to the representatives of church interest in the island ever since the American occupation.

It is greatly feared here that the extraordinary courtesies shown Aglipay by the American president's daughter will have a damaging affect among the natives of the island, many of whom are already at odds with the church authorities.

BOY IS KILLED BY **TOO RAPID GROWTH**

(Special Dispatch by Lessed Wire to The Journal)

Denver, Col., Sept. 30.—Because of foo rapid growth, Berthold Weinhagen, Jr., of Milwaukee died Wednesday at the Metropole hotel. The boy was but 14 years old and was six fest one inch in height. So rapidly did he grow that his stomach was not able to assimilate enough food to nourish the body. The young man was the son of Berthold Weinhagen, a wealthy resident of Milwaukee, and the boy, with his father, mother and sisters, were on their way to New Zealand for the benefit of his health.

Funeral services were hold last evening and the body taken east. Eminent specialists in all parts of the country sought to help him, without success, and they all were pushled by his rapid growth. In the last year he had grown two fest and one inch and his stomach, it seemed, could not do the work it was called upon to perform. He was very him, and probably was the tailest boy of his age in the country.

FAMOUS MEDIUM IS ACCUSED OF FRAUD

ment of their daughter, Miss Margaret Louise Snow, to Francis J. Carmody of Minneapolis, it was rumored at a dinner given by the senator last night at the New Willard-botel for the young couple, and this evening came the announcement.

Miss Snow is the daughter of Mrs. Platt by her first marriage. She is a very handsome girl of 20 with a wealth of dark brown hair and large brown eyes. She has ever since coming to Washington after her mother's wedding to the senior senator from New York, refused to enter society formally, as she is of a highly religious turn of mind and is a deacconess of the Episcopal church. She was last seen at a social event when she assisted at a reception given last winter at the White House given by Miss Roosevelt.

Mr. Carmody is a graduate of the Georgetown university, is a Minneapolis man, a lawyer, practicing in his home city. He is an aide on Governor Johnson's staff. No date has been named for the wedding.

PETITION FOR RELEASE OF AGED MURDERER

Attorney C. J. Schnabel has secured a petition signed by nearly all of the principal taxpayers of Douglas county, requesting the district attorney and circuit court at Roseburg to dismiss the charges against William Beckman, who was arrested in Portland last July on the charge of murder committed 11 years ago. Beckman is 80 years old and a veteran of the civil war. The petitioners doubt that a conviction can be secured and say the trial would cost \$2,000.

Beckman killed his wife and stepson while living on a farm about nine miles east of Roseburg. For killing his wife Beckman received a life sentence. Governor T. T. Geer pardoned him in 1892. The old man went at once to his former home in Wisconsin, and soon after entered the Soldiers home at Milwaukee. Owing 10 his advanced age he was advised to leave the rigorous climate of the Badger state and go to the Soldiers home at Los Angeles. It was while on his way to the California city that he was arrested, charged with killing his stepson.
