SECOND SHUTOUT IN SUCCESSION

Miller Allows Portland Team But Three Hits and Another Whitewash is Recorded.

GIANTS WERE NEVER VERY DANGEROUS

Cates Twirled a Good Game, But His Support Was of a Bad Variety—Mitchell Errs and Schlafly and Perry Get Mixed in a Play.

(Special Dispatch to The Journal.) Seattle, Wash., Sept. 30.—For the second time in succession Seattle shut out Portland in the game today. Miller allowed but three hits. His game was pleasing to the fans. At no time was there a chance for the visitors to score. Throughout Miller's support was first-class. Cates also pitched good ball, but the work behind him failed to count. There was a fluke fly to right that Schlafly tried to take and which Perry could have taken with ease, but it dropped, giving the locals their first run. Hall was caught between the bases in the same inning and Mike Mitchell hit him in the back with the ball, allowing Lauterborn to make another run. In the fifth Miller opened with a clean hit and scored on a couple of outs. Considering the unfavorable conditions, the control of Miller, was marvelous for time and again he was in the hole, and either made the batsman hit or strike out. The first-base play of Hurley was a feature, for he had a number of bad throws in the game, but he got away with all of them. The locals played a bunting game, and on the wet grass they made it win. The score:

The lineup of the alumni was: Center, "Pap Hayseed"; tackles, Burnshaw and Walters; guards, Elgin and Osburn; ends, Johnson, Steiner, McBride and Nash; half-back, Scott; quarter-back, Fred Edwards; fullback, Nash, Harley Hall.

TACOMA TOURISTS WIN FROM OAKLAND NINE

Fisher's Nomads Administered a Shutout to the Haughty Leaders of the League.

(Special Dispatch to The Journal.) Spokane, Wash., Sept. 30.—Van Halteren was the actor in one of the prettiest plays ever pulled off in Spokane today. The veteran put out two men on second base in one inning and Catcher Byrnes got two assists on the play. It happened in the eighth inning after Nordyke had batted out an infield hit and went to second on an error of the pitcher. Egan then hit for two bags, scoring Nordyke, and then took third on McLaughlin's hit. Fitzgerald pitched a great game for the tourists and the outfield played superb ball back of him. In the eighth Lynch started by making a sensational catch in center and then Duniwey sent one to left and Sheehan pulled it down with one hand after a hard run. Score:

SPORTS HALL NEW HEAVYWEIGHT

Kaufmann Delights San Francisco Sporting Gentry With Effectiveness of Blow.

FIRST BLOW LANDED KNOCKED OUT FOLEY

Billy Delaney Is Proud of His New Find and Predicts Bright Future for Him—Naughton Writes About the Situation in the Boxing World.

(Special Dispatch by Leased Wire to The Journal.) San Francisco, Sept. 30.—All San Francisco is talking about the new western heavyweight, Al Kaufmann. It is believed that he is going to cut as wide a swath as the other Californian, J. J. Corbett. What is liked particularly about Kaufmann is his punch. There is no questioning the effectiveness of it. In his amateur days he generally managed to put each opponent away with one fell swoop of his terrible right. He has opened up his professional career auspiciously by disposing of Harry Foley with the first blow that landed. Old Billy Delaney is as proud as a cat with two tails, although he would like to have seen the thing last a half dozen rounds or so. In talking of Kaufmann before the contest, Billy said: "This thing of knocking out amateurs in a punch is all right, as it shows the young fellow has something to start with. I want to see how he acts between rounds, though. You can get a line on a novice when he comes to his corner after a round and if there are a whole lot of grueling rounds the better the opportunity for noting how stout-hearted he is." Delaney is satisfied that his new find is a game, powerful, and in fact, at the recent contest that Kaufmann was as cool as a cucumber, while the seasoned fighter, Foley, had a case of nerves. His Amateur Style. Kaufmann's style is amateurish. He wastes too much energy in dallying around. In time no doubt he will copy Fitzsimmons and Jeffries and use his feet in a dignified manner. No fault can be found with his work, though. He is as quick as a flash in sending in punches. Referee Jack Welch thinks Kaufmann the best heavyweight that has developed in years. "I never saw a prettier punch than the one he floored Foley with," said Welch. "Foley's head struck the floor first and then he flattened out." That the Brit-Nelson moving picture made a hit with the public was shown by the fact that the attendance increased rather than diminished with each succeeding performance throughout the week. At least three good sports, and true saw them over and over again, and now have the battle scene impressed on their memories to such an extent that they are in a position to give affidavits on the questions concerning any particular occurrence or any offstage round. The week developed a crop of prize-ring statisticians, analysts and theorists. Some fellows, by careful tabling, had become authorities on the number of hooks, jolts and uppercuts used in each three-minute spell of fighting. They know—or think they know—how often Nelson led or blocked and how frequently he hit.

SPORTING GOSSIP. Portland suffered the third successive defeat at the hands of Seattle yesterday, and the second shutout. This morning Portland occupies fifth position in the pennant race, being surpassed by every team but San Francisco, and leading the team by only a few games. The great tumble taken by the Giants last week has been due only to poor batting, and without hitting no team can ever hope to win. Two games will be played today and it is to be hoped that the Giants will get in and do something. If defeats should come today, the homecoming tomorrow will be a sad one indeed.

"BUSHY" NAGLE BEATS THE FRISKY SEALS

Dillon's New Pitching Protege Makes Good in First Game Against San Francisco.

(Special Dispatch by Leased Wire to The Journal.) San Francisco, Sept. 30.—The Los Loos had a batting carnival today and did things to "Silvers" Henley. All their hits were bunched and counted for runs. Captain Dillon tried out "Busher" Nagle against the Seals and the youngster pitched a heady game, only easing up when the Angels had a good lead. The southerner started after Henley from the top of the first, walked three hits and a passed ball gave them four in the opening inning, and bunches of three hits in each of the fifth, sixth and seventh innings counted for two runs apiece, making the total 12. Although errors were made on each side, most of them were not costly and did not figure to any great extent in the run-getting. The score:

WASHINGTON TEAM IS CHEERFUL

Thirty Sound Football Men Turn Out for Positions on the University Eleven.

TOM M'DONALD WILL PERFORM AT FULLBACK

Goodrich, Former Player on University of Oregon's Team, Will Probably Make a Halfback Position.

(Special Dispatch to The Journal.) University of Washington, Sept. 30.—The football prospects of the University of Washington for the coming season are bright but not brilliant. So far 39 has been the aggregate turning out for practice, although 48 have signed for suits. Washington starts the season with five of the old men of last year's team and a large number of men from the second team. Among the old men are Captain McDonald, the strong man of the university, who will probably play fullback. Owen Crim, center for two years, Tilley, a former halfback from Idaho who played with Washington last year and distinguished himself in the Utah college and California games. Fullen at guard and Christy at quarterback. Prominent among the new men are McKay of the Haskell Indians, the Dowd school, Grinn, a 185-pound freshman from the Centralia High school, Rosa from the Seattle High and Hulme from the Puget Sound academy. Ray Goodrich, the former halfback of the University of Oregon, has entered the department of law and will probably enter the squad the last of the week. Another Oregon man is Sparks, quarterback on the Pacific university team last year. Coach Cutts has put the team on a strict schedule, conducting the men in the manner of a regular college class. This is the first time in the history of football in Washington that the theory of football has been taught together with the practice. A lecture is delivered every Friday on "Football as a Science." The schedule is: Whitworth college, October 7; Whitman college, October 14; Montana Agricultural college, October 21; University of Idaho, October 28; Washington Agricultural college, November 4; Sherman Indian institute, November 11; University of Oregon, November 18; Oregon Agricultural college, November 25.

STANFORD ELEVEN TOO MUCH FOR WILLAMETTE (Special Dispatch by Leased Wire to The Journal.) Stanford University, Palo Alto, Cal., Sept. 30.—The Stanford varsity defeated the Willamette university eleven from Salem, Oregon, today by the score of 13 to 0. The Oregonians played a brilliant up-hill game, but the heavier weight of the Cardinals told in the hard rushes. James and Philbrook were slightly injured and gave way to substitutes. Stanford scored a touchdown in each half.

THE FIVE REASONS ARE COMING IN. Although fully two weeks remain, the "reasons" in the Cecilia Piano Player contest are beginning to come in, and a right merry race it will be. It is so "dead easy," you know, to think of five reasons why the very few advertisers not doing so should use the columns of The Journal. Nearly every advertiser in Portland is using The Journal, and it is really more difficult to get your list of those not using it than the five reasons.

Use care, be as definite and accurate as possible, make your argument direct and to the point. If there is anything that is not entirely clear, call us up at any time and we will gladly answer any questions you may desire to ask. The Cecilia may be seen at any time during business hours at the Manufacturing Piano company store, 150 Alder street. It is the regular \$250 instrument taken right out of stock. It's surely worth the try. You cannot lose and you have the same chance of winning as the other fellow.
