The conclusion is irresistible, say the awyers, that this proviso fails to delegate express power to grant exclusive or perpetual franchises, and that this, which is a saving clause for all legally

given franchises, does not make legal such franchises as were "ultra vires," or in excess of the power possessed by the city council at the time the fran-chises were given.

The wisdom of the country's jurisprudence appears to sustain the general
proposition that no city council may

THEY ARE AFTER THE CECILIAN

That Cecilian contest is getting right warm and some very clever answers are coming in every day. There is, how-ever, abundance of time to enter and ever, abundance of time to enter and you have just as good a chance of winning as if you had begun a month ago.

It's so easy to think of five good reasons why a few merchants not now doing so should use The Journal advertising columns.

We offer you the present of a \$250 Cecilian. Somebody will get it and it's you if you hustle hard enough. Here are the conditions:

are the conditions:

There are approximately 175 advertisers in Portland, exclusive of real estate and classified, using space in the local dailies. One hundred and sixty-four of these use The Journal some time during each week. A few do not. All we ask of you is that you send us "five reasons" why you think ten of these should use The Journal, at the same time mailing each of them a copy. Make sure that the ten advertisers you select are not advertising in The Journal. If you are in doubt about a Journal. If you are in doubt about a name call up Main 500 and ask about it. Also remember that the ten mer-

chants you select as not advertising in The Journal must be newspaper advertisers. Those who do no newspaper advertising at all cannot be properly listed in the ten. The contest closes October 25. Your reasons will be turned over by The Journal to the judges, all entirely disinterested parties with a knowledge

of advertising.

The best list of reasons according to the judges takes the Cecilian on exhibition in the window of the Manufacturer's Plano Co., 350 Alder street. For further information at any time call The Journal—telephone 500.

Republican Club Dinner.

Boston, Oct. 19:—The annual dinner of the Republican club of Massachusetts will be held this evening at Symphony hall. The principal speakers of the evening will be Secretary of the Navy Charles J. Bonaparte, Senstor Lodge and Lieutenant-Governor Guild, the Republican candidate for governor. It is quite possible that Attorney-General Moody will attend the banquet, if he can reach here in time. If he comes he will probably be one of the speakers.

nat to See IN HAWAII AT THE **JOURNAL'S EXPENSE**

HONOLULU the capital of the young territory, is in many ways the most beautiful of tropical cities.

THE NUUANU PALI a cliff with one thousand feet face, at the gap in the backbone ridge of the Islands of Oahu is one of the natural wonders of the world.

PEARL HARBOR the wonderful enclosed locks, where the United States will build its most extensive Pacific naval station, is but a half hour from Honolulu.

HILO the second city, from whose bay, surrounded by tropical verdure, one may look up to the eternal snows on Mauna Kea.

KILAUEA the greatest of living volcanoes, lies beyond Hilo, reached by combined rail and carriage trip through cane field and fern forest. HALEAKALA whose dead crater takes first rank for extent, offers rare views from two miles above the sea.

KAUAI whose rare valleys, great canyons and impressive waterfalls are all too little known, calls for a voice of beauty.

Every road is full of striking possibilities and the industries, the views, the people, the spectacles are all worth seeing and knowing.
