

JAPANESE PARTY SHOULD EXPOSE BY ATTORNEY WHO WAS CAUGHT

Clerks Are Released but Principals May Be Bound Over to Circuit Court.

GLEASON SAYS HE GOT A PIN WORTH A CENT

He Saw Others Who Fared as Well and Those Who Were Stung Wanted to Mob Perpetrators of Steal—Is Pro-Russian Now

Rather than return the money out of which they are alleged to have bunked thousands of persons, the Japanese arrested on charges of conducting a lottery game at the fair went to trial this morning before Police Judge Cameron. Evidence was submitted by both prosecution and defense and Judge Cameron gave the cases under advisement; he will deliver his decision next Monday.

The testimony indicated that S. Takata and R. R. Fukagawa, who compose the company, can be convicted of conducting a lottery if bound over to the circuit court. The three clerks, T. Matsuda, S. Hayashi and J. Okada, in all probability will be discharged from custody, as the evidence showed that they were not employed until October 24, the day after the drawing, and had nothing to do with the affair other than to ladle out "prizes."

Before the preliminary examination was held, Deputy District Attorney Adams, Deputy Sheriff Gruss and Downey and Attorney A. C. Emmons held a long conference. Emmons wanted the defendants to be discharged from custody, as the evidence showed that they were not employed until October 24, the day after the drawing, and had nothing to do with the affair other than to ladle out "prizes."

Deputy Sheriff Gruss and Downey were also witnesses for the prosecution and explained in detail the scheme by which the tickets were made out to patrons of the "Society of Japanese Art Admirers." They thought it should have been named "Society of Japanese Art Admirers" and not "Society of Japanese Art Admirers."

All three Japanese clerks were placed on the witness stand. One of them could not speak English but the prosecution admitted that his testimony would be the same as that given by the other two. They swore that they were not employed by Takata and Fukagawa until the day after the drawing and had done nothing but deliver packages.

At Sea in Many Ways. "Yes, there are a good many things in connection with this affair on which people are at sea," responded Mr. Adams. Attorney Emmons contended that nothing had shown culpability on the part of the three clerks. The case was taken under advisement by Judge Cameron until Monday. If he decides to hold the two promoters evidence in their behalf will be introduced.

Attorney Emmons said nothing further regarding the laying of complaints against the 2,400 copies of the little brown men. He is said to have abandoned this plan. If he insisted, the city would have to allow complaints to be filed. Mr. Emmons has been shown that punishing players can in no way benefit his own clients.

We are not threatened by foes from without. The foes from whom we should pray to be delivered are our passions, appetites and follies, and against these there is always need that we should war.

Therefore, I now set apart Thursday, the 8th day of this November as a day of setting apart one's heart year for the future, and on that day I ask that throughout the nation the people gather in their homes and places of worship and, in rendering thanks unto the most high God for the manifold blessings of the past year, consecrate themselves to a life of cleanliness, honor and wisdom, so that this nation may do its allotted work on earth in a manner worthy of those who founded it and of those who preserved it.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the City of Washington, this second day of November, in the year of Our Lord, One Thousand Nine Hundred and Five and of the Independence of the United States the One Hundred and Thirtieth. THEODORE ROOSEVELT.

ELIHU ROOT, Secretary of State.

AGED MAN ASKS THAT SON HELP SUPPORT HIM

J. D. May has asked the county court to order his son Clyde to contribute \$18 a month of his \$48 salary to his support. County Judge Webster this morning ordered Clyde May to appear on November 29 and explain why the father was not aided.

WHALER ARRIVES WITH BIG CARGO OF SEASON

San Francisco, Nov. 8.—The whaling vessel William Baylies, Captain Eodfish, was sighted off Point Reyes this morning and will arrive in Port late this afternoon. She took the first news into the harbor of the jobbound whaling fleet. Captain Eodfish is supposed to have full details of the awful conditions concerning the whalers. The Baylies brings 2,500 pounds of whalebone, probably the largest capture of the season. Her cargo is worth more than \$100,000.

POLAR BEAR IN FROZEN SEA

Big White Bear at City Park Tires of His Little Den and Codliver Oil Diet.

SEAL DIES TWO DAYS AFTER JOINING ZOO

A Last Homesick Well Marks Demise of Water Pet—Coons Like New Quarters and Grow Fat—Expense Account for the Year.

Polar, the big white bear, recently purchased from the Jabour animal show at the exposition by the city park board is not doing very well in his new home. His quarters are too cramped and a den large enough for the big animal to exercise himself will have to be constructed. The pen will contain a pond for bathing and a dark place for bed.

Polar is careful about his diet. He eats three times a day and his meal consists of a pint of cod liver oil and a pan of milk. No other food is given him. Superintendent Lewis says Polar is improving on his select diet.

"Is it too late to ship this animal to his native home?" inquired the mayor of the park board this morning. "It is a very unhappy animal now. I think the Society for the Prevention of Cruelty to Animals should look into this matter. If you build a new pen for the bear have it so constructed that he can escape."

The little seal who was broken by the government was broken by the government. "Colonel Hawkins" he could not stand to be separated from his mate.

The seal lived two days after being placed in his new home in the park. He died peacefully all day and night before he died.

Two pet coons have been added to the zoo in the park. They are gentle and children can handle them.

The board has not decided yet to accept the statutory at the exposition grounds for the park. Four of the finest specimens have been chosen, including the group of footed cowboys, the group of cowboys and Lewis and Clark, and places picked out in the parks where they may be placed. But the matter of expense in moving them has not been determined.

The estimate of expenses for 1906 was approved and handed to the mayor, \$25,000. Salary for superintendent, \$1,200; six gardeners and watchmen, \$3,600; 14 laborers, \$18,000; feed, \$2,000; animals, \$1,000; music, \$1,500; improvement of park, \$2,500; greenhouse, \$2,000; total, \$30,000. The estimate for this year was \$25,000. The running expenses of the two years will be about the same, but the cost of the greenhouse will account for the difference.

DAY RECORDS THREE DRAWN DOWN SALES

Charles K. Henry has just sold to Beno & Ballis, W. E. Robertson's three-story brick property and lot at 67 and 69 Front street, and the three-story brick on the north side of 1st street, between 1st and 2nd streets. Both properties were purchased by Beno & Ballis for rental purposes, and for the present no consideration is named in the transaction. The property on Front street is a lot 52 by 100 feet and that on Oak street 25 by 100 feet.

Mr. Henry also has just completed a deal whereby the northeast corner of Fifth and Gilliam streets, formerly owned by Colonel J. McCracken, was purchased by John Manning, district attorney, and H. B. Adams, chief deputy. The improvements on this tract are light, and it is understood that the improvements intended to be made on the building there. The consideration for this lot, which adjoins the property of the Union Meat company, is not named.

BOLTS ON CAR FENDER SAVE GIRL FROM DEATH

Nellie Winsler of 408 Hall street this morning escaped a serious accident and what might have been death. She had come out from the Portland Business college, where she is a student, and sat in a car on Washington street at Park street. A delivery wagon hid, and she stepped into the middle of the track just as the Willamette heights car came up.

The bolts above the fender caught her up by the skirt and held her about the waist, pushing her along before the car for several feet. Motorman Christensen stopped the car as quickly as possible and the girl was freed from her peril but shrieking with terror. Her body had been pressed against the front of the wheel but the bolt that held her kept her from being dragged under by pushing her forward.

SIX HUNDRED DOLLARS FOR FOREIGN BUILDING

Wakelield & Berry, contractors, have offered the Lewis and Clark state commission \$600 for the Foreign Exhibits building at the fair grounds, which is now practically completed. This is the largest bid yet received for any building. If it is accepted the contractors will at once wreck it for the purpose of selling the material.

Directors E. B. Doch and E. Doch this afternoon will mail the first batch of diplomas to exhibitors, most of them being on horticultural displays. From now on there will be about 600 sent out each day.

FILL ASSESSMENT IS RAPIDLY BEING PAID

Within a few days the greater portion of the assessments for the issue of the large South Portland fills will be paid into the city treasury. The property owners are paying the cost of the improvements allotted to them since those who were opposed to the method of making the assessments have withdrawn their objections.

Recently Mark O'Neill, a heavy property owner and leader of the opposition, has paid his assessment and has advised the large number of property owners for whom he was attorney to make the required payments and they are responding promptly. The difficulty has been settled by the holders of the warrants for the money from the fills waiving the interest. All who pay their assessments promptly will have no interest to pay.

There are still a few who have manifested a desire to contest the assessments on the ground that they are inequitable, and in all such cases they will take the matter into the courts.

The fills were made a year ago and cost in the neighborhood of \$150,000. The property owners objected to the manner of assessing the cost of the improvement on the ground that all district had not been made large enough.

Ten new voting precincts will be made this afternoon at a meeting to be held for that purpose by County Clerk Frank B. Fields and County Commissioners W. L. Lightner and F. C. Barnes. Mr. Fields says that only one precinct will be changed on the west side of the river, that of No. 2, in the extreme north part of the city. But the greatest map on the east side will be changed. In every precinct where more than 300 votes were cast at the last election a change will be made. Whenever possible, the district will simply be cut in two and renumbered.

The most of the changes to be made will be in Albina districts, although several in East Portland and Sunnyside will be lessened in area and new ones made. Precinct No. 47 cast the largest number of votes last spring, 670 voters residing there.

BOY TEN YEARS OLD IS CHARGED WITH ASSAULT

A 10-year-old St. Johns boy will appear before Presiding Judge Fraser at the juvenile court tomorrow morning to answer to the charge of assault on the person of Oscar. The boy is Oscar. He is said to have attacked his mother with a stick of stove wood and later with a coffee pot last Wednesday. When questioned regarding his actions by Probation Officer Marion E. Johnson, the boy replied: "I'll kill her if she don't let me alone."

The mother said that she feared her son, and that he was up to his ears in trouble. She said she had removed him from an employe of the Fenwick mills. The boy is said often to have attacked his mother with sticks of wood. Young Oscar is now in charge of the Boys and Girls club. He is the eldest of five children.

THEATRICAL MEN FORM BENEVOLENT ASSOCIATION

A local branch of the Theatrical Mechanics' association was organized last night at a meeting of theatrical people at the Belasco theatre. Fifty-five members were enrolled in the charter list and \$400 was collected in initiation fees. The next step will be to obtain a charter from headquarters in Toronto, Canada, after which permanent officers will be elected. At last night's meeting George L. T. M. A. is nationally known as a beneficial organization, although it has no regular insurance system. There is a general movement now to change the word "mechanic" in the title, inasmuch as the list of eligibles has been extended to include all persons connected with the theatrical business in any way, whatever, even to authors and dramatic critics.

HORRIBLE MASSACRE OF JEWS IN RUSSIA

Kishinef Atrocities Repeated on Larger Scale—Entire Cities in Hands of Bandits Who Murder and Pillage Without Slightest Hindrance From Troops.

14-STORY OFFICE BUILDING

Two Hundred Fifty Thousand-Dollar Skyscraper to Be Tallest in Portland.

Portland's tallest building planned to date has been announced by the firm of Russell & Hily. The firm is completing arrangements for erecting a 14-story structure at the northeast corner of Sixth and Stark streets, which will cost \$250,000.

Particulars have not been made public, but the project has taken definite form, and is to be executed quickly as the firm can get preliminaries shaped for commencement of work. Mr. Russell stated this morning that at least a 14-story office building will be put up, which is to be modern, stable and embodying every convenience. Steel structural material will be used, and the finishings will be in keeping with the architectural design of a modern office building.

This new edifice, on which work is soon to commence, will overtop the Wells-Fargo structure on the block on the opposite side of Sixth street at least two stories, and will be about an equal height above the tower of the Oregonian building. The lot has a 50-foot frontage on Stark and 400 feet on Sixth, and is regarded an admirable location.

Since the Wells-Fargo building excavation has been made, it is found that this part of the city has good ground for a foundation for skyscrapers as can be found anywhere. The closely packed sand is easily removed, and when built upon is remarkably stable. Business is reaching toward the depot and all of the big structures going up will be in line to receive their share of the rush.

NEW HULL WILL BE BUILT FOR THE ALBANY

Before the steamer Albany is placed again on sea, she will have to be rebuilt, say steamboat men who recently have looked over the vessel. Plans are now being drawn for a new hull for the craft. The work will be started by the contractor who repairs the other day, but an inspection showed that her hull was too far gone to be put in serviceable condition. It is said that the work of her repair soon will be started. Her engine and machinery are in good shape and will be utilized. The Albany belongs to the Western Transportation & Towing company and has been plying on the Portland and Astoria route. The same company also owns the Annie Comings.

FISHERMAN TO REQUEST WARSHIP FOR PROTECTION

St. Johns, N. F., Nov. 7.—The fishery situation off the coast of the island is again complicated and indignant Americans threaten to ask for protection from Washington in the form of a warship. The latest phase arose over the action of the Active, the sailer with several small boats of fishermen intending to proceed outside the three mile limit and fishing the men to American fishing vessels. The Active was followed by the colonial cruiser Florida and threatened with arrest if she went outside the three mile limit without clearance papers. These the customs house refused to grant unless the bona fide voyage of the Active returned.

CLUB OFFICERS MAY BE COMMITTED TO JAIL

Corvallis, Or., Nov. 3.—If bonds are not furnished by 4 o'clock this afternoon Jack Milne, Mermin McMains and Mike Kline, officers of the Corvallis club, will be committed to jail. They were guarded last night in their sleeping apartments. They have failed to furnish bonds within the specified time and commitments were issued by Judge Holgate. Kline declares he can secure bonds for all.

Attorney Wade Released.

R. A. Wade, a lawyer, arrested yesterday by Detective Day on the charge of obtaining money by false pretenses, was released by Police Judge Cameron this morning on motion of Deputy District Attorney Adams. Wade was accused of passing a forged check for \$100 on a saloonkeeper. The money was repaid and the costs of the suit settled by Wade.

POLICE INSPECTOR WILL KNUFE WINS TO BEAT HEARST

THE LATEST

WILL BE CHIEF OF DETECTIVES ALSO

Creation of New Office Will Necessitate Several Changes in Police Force—Slover Likely to Occupy Headquarters Desk.

Portland is to have a police inspector, whose powers will be exceeded only by those of Chief Grimschacher. The man selected to fill the position is Patrick Bruin, who recently passed a creditable examination for a police captaincy before the civil service commission.

As planned by Mayor Lane and Chief Grimschacher, Bruin will be appointed captain and will then be detailed as chief of detectives and inspector of police. In rank he will be senior captain, inasmuch as Captains Moore, Bailey and Slover will be subject to orders of the chief, delivered through him.

The appointment of Bruin as inspector will make a change in the department. Captain Slover probably will be selected for the desk at headquarters instead of for the prospective east side station, which he has not yet been definitely decided. Captain Moore, under this arrangement, may be placed in charge of the day relief. Captain Bailey over the first night relief and Captain Slover over the second night relief.

Patrolman Lee comes next on the list of eligibles, having passed the civil service examination for captain, and if the east side station is built he may be placed in charge there.

A desk clerk also is to be selected for the day relief from the eligible list. Patrolman A. Welch is the only man definitely selected for the detective force by Chief Grimschacher. It is possible that other plain clothes men may be chosen from the ranks without receiving detective appointments.

CITY'S JAPANESE WILL CRY BANZAI TONIGHT

In the auditorium of the Y. M. C. A. tonight patriotic exercises will be held in celebration of the fifty-third birthday of the emperor of Japan. Elaborate preparations are being made by his subjects in this city.

S. Ban, a prominent contractor, will preside as chairman of the exercises. He will deliver in English an address of welcome, stating the occasion of the celebration and leading the enthusiastic Japanese in their shouts of "banzai." Mr. Ban's address will be followed by the reading of the imperial edict by T. Alba, Japanese vice-consul at this place. The edict is issued by the emperor on all public occasions and is read by his representative.

Mr. Alba will be followed by an address by James T. Laidlaw, British consul at this place. There will be other addresses by Japanese and music will be furnished by Brown's orchestra.

The auditorium in the Y. M. C. A. has been beautifully decorated in blue and white streamers and with chrysanthemums.

DR. RAY PALMER WILL JOIN CHAPMAN FORCES

Dr. Ray Palmer will leave Portland Wednesday to join the Chapman forces of evangelists with whom he has a contract for the next eight months. Dr. Palmer will stop at two cities in Montana en route and will conduct short series of services in both places.

For the past year Dr. Palmer has been engaged in evangelistic work on the coast with great success. Previous to that time he was pastor of the Second Baptist church of Portland for five years. Under his pastorate the church debt was paid and the building furnished.

TWO KILLED BY ENGINE EXPLOSION IN TEXAS

Houston, Tex., Nov. 3.—An engine exploded this morning three miles out of Ennis, killing Engineer Davenport, brakeman Glenn and fatally wounding Fireman Taylor. The entire train was blown two miles.

THANKSGIVING DAY IS PROCLAIMED

President Sets Thursday, November Thirtieth, as Holiday to Thank Providence.

ONLY ENEMIES OF NATION ARE OUR OWN PASSIONS

Bountiful Crops and Business Prosperity Places the Nation Highest in Material Well Being—Should Lead Life of Honor.

(Journal Special Service.) Washington, Nov. 8.—President Roosevelt has issued his proclamation naming Thursday, November 30, as a day of thanksgiving as follows:

By the president of the United States of America. A proclamation. When nearly three centuries ago the first settlers came to the country which has now become this great republic, they faced not only hardship and privation but terrible risks to their lives. In those grim years the custom grew of setting apart one's heart year for the future, and on that day I ask that throughout the nation the people gather in their homes and places of worship and, in rendering thanks unto the most high God for the manifold blessings of the past year, consecrate themselves to a life of cleanliness, honor and wisdom, so that this nation may do its allotted work on earth in a manner worthy of those who founded it and of those who preserved it.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the City of Washington, this second day of November, in the year of Our Lord, One Thousand Nine Hundred and Five and of the Independence of the United States the One Hundred and Thirtieth. THEODORE ROOSEVELT.

ELIHU ROOT, Secretary of State.

AGED MAN ASKS THAT SON HELP SUPPORT HIM

J. D. May has asked the county court to order his son Clyde to contribute \$18 a month of his \$48 salary to his support. County Judge Webster this morning ordered Clyde May to appear on November 29 and explain why the father was not aided.

WHALER ARRIVES WITH BIG CARGO OF SEASON

San Francisco, Nov. 8.—The whaling vessel William Baylies, Captain Eodfish, was sighted off Point Reyes this morning and will arrive in Port late this afternoon. She took the first news into the harbor of the jobbound whaling fleet. Captain Eodfish is supposed to have full details of the awful conditions concerning the whalers. The Baylies brings 2,500 pounds of whalebone, probably the largest capture of the season. Her cargo is worth more than \$100,000.
