A Knowledge in Fitting Shoes Is as Essential as Good Shoes

It seldom follows because a salesman consumes a great deal of time in fitting your feet that he is really taking an unusual amount of care. It is by far more reasonable to believe he is lacking in foot knowledge. Did he possess that thorough understanding that is most requisite to success he would at once diagnose your requirements for shoes as your doctor would if you were ill. That thorough knowledge saves you time and constant experimenting to find out what you should wear.

We give you a combination with our **\$3.50** and **\$3.00** Shoes of unsurpassed style and quality and the knowledge we possess in fitting the feet in every known leather.
