

MINING CONGRESS AT EL PASO

Delegates Welcomed by Governor and Local Officials—City is Crowded.

COSTLY EXHIBIT OF METALS IS DISPLAYED

Boxing Contests and Bull Fights Are Among the Amusements Provided Visitors—Miners' Drill for Large Prizes.

(Journal Special Service.) El Paso, Tex., Nov. 14.—The largest and most important meeting of the American mining congress ever held opened here today. Miners, mining engineers, surveyors, assayers and mining officials are here from all parts of the United States and even from Canada and Mexico. Mine owners, geologists, representatives of every state of the union having mining interests of any kind and hundreds of others in some way connected with mining enterprises are also present and never before in its history was El Paso as crowded with visitors as it is now.

The citizens of El Paso have spent money lavishly and worked like beavers to make the congress a success and a credit to El Paso and their efforts were highly successful. The arrangements for the reception of the visitors are as nearly perfect as they could be made under the existing conditions and the visitors are full of praise for the completeness of the arrangements and the systematic methods employed.

At the opening meeting today the delegates were welcomed by the governor of the state and the mayor of El Paso and responses were made by several prominent delegates. The rest of the session was devoted to the appointment of committees and a number of addresses on subjects of interest to miners.

In the afternoon the delegates and other visitors will examine the mining exhibition, which constitutes one of the most interesting and attractive features of the congress. It includes samples of ore from mining districts in all parts of the United States, gold, silver, iron, tin, zinc and many other metals, displays showing the various methods of mining, crushing, separating, concentrating, smelting and refining ores, mining machinery from the ordinary rock drill to the most intricate appliances of modern mining and a thousand other things used in mining. There are also geological maps, showing the distribution of metals in the United States, special maps of various mining districts, photographs of hydraulic plants, mining machinery and drawings of sectional cuts.

The principal event of the evening will be the smoker given to the delegates by the local chamber of commerce. To entertain the entertainment there will be a boxing match of four rounds between "Australian Billy" Smith and an unknown friend and a band concert. Many impromptu addresses will be delivered in the course of the evening and refreshments will be served. Among the prominent visitors who are expected to address the delegates this evening are the governors of Texas, New Mexico, Arizona, Chihuahua and Sonora.

To See Bull Fights. There will be many interesting features for the entertainment of the delegates during the week of the congress. Besides a large number of interesting technical papers there will be lectures illustrated with stereoscopic views, trolley rides around the city to the suburbs, trips to the Mexican side of the border, where bull fights will be arranged, football and baseball games, a visit to the great smelter of the American Smelting

CHICAGO PAINLESS DENTISTS 303 1/2 Washington St., Cor. 5th

A Refining company near this city, where 1,200 men are at work and a ton of ore is reduced every minute of the year, also a rock drilling contest, for which a large number of entries have been made, who are anxious to win the prize of \$1,000 offered by Colonel W. C. Greene of New York, the noted copper millionaire. There will also be a shooting contest with valuable prizes for the winners.

The sessions of the congress are held in the opera house and there business matters will be considered every morning, while the afternoons will be devoted to addresses, lectures and recreation. It is the intention of the leaders of the congress to start a movement in favor of a law creating a department of mining with a secretary of mining at its head who is to be a member of the president's cabinet.

JEALOUS OLD MAN TRIES TO KILL BRIDE OF A MONTH
David Aldridge of San Bernardino Shoots at the King of the Klondike.

(Journal Special Service.) San Bernardino, Cal., Nov. 14.—David Aldridge, an aged pioneer who last month married Mrs. Johanna Valentine of Juneau, Alaska, attempted to kill her and Jack Horne, known as the "Klondike King," last night, a shot discharged in a fight for possession of a pistol cutting a hole through Aldridge's shirt and burning his side.

The bride of four weeks and Jack Horne claim that unfounded jealousy was the cause of the trouble. Mrs. Aldridge had gone to Colton to visit Mrs. Horne, returning two hours later than she promised, and Horne was with her. Aldridge made charges against her and Aldridge whipped out a revolver. Horne wrested it from him and Aldridge secured another pistol, which was discharged.

Mrs. Aldridge is with Horne and his wife.

FEMALE BLUEBEARD HELD AS PRISONER
Berlin, Nov. 14.—While the United States has produced a number of gentlemen with many wives, we have seen one step further in this city, and have given to the world a female Bluebeard. A woman of extreme beauty, she married when she was 18 years old, but her husband died after three years of unhappy married life. Her second husband died suddenly and her third shot himself. Suspicious circumstances point to the fact that a revolver had been placed in his hands after death.

In Paris she had three or four more matrimonial experiences all ending disastrously to her husbands and now the body of the last husband has been exhumed and poison has been found and the trial is to begin.

JUNCTION CITY HAS ELECTRIC LIGHT SYSTEM
(Special Dispatch to The Journal.) Eugene, Or., Nov. 14.—Junction City now has electric lights, the current having been turned on for the first time two or three nights ago. A company has installed a dynamo in one of the grain warehouses there. A number of the business houses have already been wired for the lights and many more will follow, as it has been demonstrated that the lights are a success. Many residences will also be lighted by electricity.

NEW IDAHO TOWNS ARE CREATED
Government Begins Auction Sale of Townsites of Heyburn and Rupert.

THREE MILLIONS SPENT ON IRRIGATION PROJECT
Places Will Be Metropolises of Immense Region Now Arid but Soon to Become a Fertile Paradise for the Farmer.

(Journal Special Service.) Heyburn, Ida., Nov. 14.—At present the town of Heyburn consists of nothing but a telegraph office, a shanty used as a land office and a number of tents pitched by people who have come here from all parts of the west and southwest to purchase townsites at the sale which the United States government has arranged for today. This is to be one of two new towns which the government intends to create in the great south Idaho desert, which is to be transformed into a fertile paradise by means of artificial irrigation. The other town, which will be named Rupert, is located about seven miles from here, also on the newly constructed branch of the Oregon Short Line, extending to Twin Falls. The townsites have been carefully surveyed and laid out into lots, with streets, diagonal avenues, public squares and reservations for municipal and other public purposes.

Heyburn was practically created today by the sale of a large number of town lots. There was a great rush to secure the choicest locations and the bidding was extremely lively. Some very good pieces were obtained. Many of the prospective purchasers had brought loads of building material and stores with them and will at once begin with the erection of structures. It is expected that within a week there will be scores of houses, stores and dwellings built on the new townsite.

The irrigation plant which the United States government is constructing at a cost of more than \$1,000,000 is not yet completed. The work is pushed vigorously, however, and the district around the new town is intersected by hundreds of irrigation canals, which will conserve the water for irrigating the farm lands. The soil is excellent and the climate suitable for all kinds of farm and garden products and various kinds of fruit. Many colonists from Missouri, Colorado, Nebraska and other states are expected to settle in this district and everything is booming in anticipation of the rapid development of this part of the state, formerly a barren and dreary desert. The sale of town lots in Rupert will take place a week from today.

PIONEER STAGE DRIVER BURIED AT ASHLAND
(Special Dispatch to The Journal.) Ashland, Or., Nov. 14.—The remains of Abelson P. Giddings, a well-known pioneer resident of southern Oregon, who died at McCloud, California, last Friday, were interred here in Ashland cemetery yesterday.

The deceased, who was 72 years old, was a stage driver on the Old California and Oregon route in early days and for many years was a familiar figure on the road between Hook Point, Oregon, and Yreka, California.

Youthful Burglar Caught.
(Special Dispatch to The Journal.) Roseburg, Or., Nov. 14.—Fred Peterson, aged 16, was brought here from Elkton today on the charge of breaking into the postoffice at that place. He was placed in the county jail awaiting the arrival of the judicial authorities from Portland. The burglary was committed Friday night by taking the glass from a rear window. He was captured the following evening at Scottsburg. He secured but \$1.32.

GRAIN BOAT SINKS AT DOCK ON COLUMBIA
(Special Dispatch to The Journal.) Wenatchee, Wash., Nov. 14.—The Selkirk, a freighter of the Columbia & Okanogan company's fleet, employed in the wheat hauling trade on the Columbia river between this port and Brewster, sunk at her moorings at Tramway, a wheat station 40 miles up the river, at 6 o'clock yesterday. The boat was tied up for the night and every one on board was asleep when the accident occurred. No one was injured. As soon as news of the accident reached Wenatchee, the North Star, a sister ship of the Selkirk, was sent to the disabled boat's assistance. It is not exactly known how the accident occurred but it is believed that the boat was tied over a sharp rock and the weight of the cargo forced the stern through the bottom of the vessel. The damage done the boat was slight and was confined mostly to the injury done the cargo. The Selkirk will be raised at once and put into commission as soon as possible.

RAISING BROOM CORN IN EASTERN OREGON
(Special Dispatch to The Journal.) Athena, Or., Nov. 14.—F. G. Lucas, proprietor of the broom corn factory in this city, is meeting with the best success in his experiment of raising and manufacturing the broom corn in this section, and he is commencing to export his product in large quantities in this year. He has gone to Lewiston, Idaho, to purchase a large amount of broom corn.

Terrific Race With Death.
"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at Skidmore's drug store, 151 Third Street, price 60c.

There is a bright side and a dark side to all cases. Here it is the middle of November and we have too many Overcoats on hand—that's the dark side for us. Now we're going to cut the price on one hundred—this is the bright side for you. At \$10 we offer you choice from the regular \$12, \$13 and \$14 Overcoats as now displayed in window. Come in and try some on.

A LOVELY COMPLEXION
New York Lady Proves That Every Woman May Have It By USING CUTICURA SOAP

Mrs. R. Reichenberg, wife of the well-known jeweller of 146 Fulton St., New York, says: "I had a friend who was just proud of her complexion. When asked what gave her such a brilliant and lovely complexion, she replied, 'A healthy woman can be sure of a fine skin if she will do as I do, use plenty of Cuticura Soap and water.' She insisted that I follow her example, which I did with speedy conviction. I find that Cuticura Soap keeps the skin soft, white, and clear, and prevents redness and roughness."

Teeth--No Pain

Marvelous is what all the dentists say about the wonderful system of Alveolar Dentistry, originated and practiced exclusively in Portland by Boston Dentists, 321 1/2 Morrison Street. We save teeth if only a good root remains. We restore old decayed teeth to usefulness and beauty.

We replace lost or absent teeth without plates.
We extract teeth without pain free of charge.
We treat and tighten loose teeth, and soft or bleeding gums are made sound and healthy.
We guarantee our plates to fit.
We give you the best dental work for the lowest cost consistent with first-class work. Come and have free examination and consultation and learn for yourself what we can do for you.

Boston Painless Dentists
321 1/2 Morrison St., Opp. Meier & Frank and Postoffice.
HOURS—9:30 a. m. to 8 p. m. Sunday, 9:30 a. m. to 12:30 p. m.

ENGINEERS DIFFER ON CANAL PLAN

Foreign Experts Favor Sea Level, While Americans Favor Look Canal.
COST NOT CONSIDERED BY MEN FROM EUROPE

The advocates of a sea level canal say it is better and more practicable for them in construction and agree it could be completed in 16 years. How long the Americans think it would take to build a lock canal is not learned.

In arriving at their conclusions the foreign engineers are not free of a bias due to the popular demand throughout the United States for an immediate appearance of results on the isthmus.

Foreigners generally favor a sea level canal as it will better provide for the demands of shipping. The element of cost does not concern them as the United States will pay the bill. It was said recently by one of the American engineers that it would require seven years to construct one of the big locks needed at Culebra if a lock canal was built.

CHILDREN'S AND MISSES' COATS
We have just added this line to our very complete stock of Women's Garments, and to introduce the line quickly we will do a little very expensive advertising. Today and tomorrow we will give FREE with each CHILD'S COAT bought of us a FUR SET—a Muff and Collarette—Free today and tomorrow.

EXCLUSIVE STYLES
One coat of a kind—and you will not find another coat in the State of Oregon like any of them, and all made of genuine tailor cloth, tweed mixtures and plain cloth. Why, bless you, that is what we run and maintain our factory for, to make up tailor cloths—one of a style of cloth into these ladies' garments. Why, bless you, 275 exclusive style coats, one of a kind, is more exclusive coats than all of the exclusive coats all the other stores in Portland combined have. Of course it is. You know it is. In the first place there is not a store in Portland, but us, who has a piece of gentlemen's tailor cloth coating—\$4.00 per yard wholesale at the mill—made into a coat. These are just a few hot facts.

AGED MAN WANTS TO BE SENT TO PENITENTIARY
(Special Dispatch to The Journal.) Butte, Mont., Nov. 14.—Early yesterday morning Sheriff Adams arrested James Kane on a charge of burglarizing the jewelry store of C. W. Forester. The deed was committed about 19 days ago and about \$200 worth of goods stolen. Kane readily admitted his guilt. He is an old man about 70 years of age, an ex-Confederate soldier. He is well educated and it is said formerly taught school. Kane says he wants to go to the penitentiary and he remarked to Sheriff Adams today that if he got only a jail

sentence for the crime he would commit suicide.

WE APPEAL TO YOU CITIZENS OF PORTLAND AND VICINITY!

We here lay facts before you. We have—we are told so by Callers—the largest, far and away the largest, stock of Ladies' Coats in this city. We believe it, too, when you see them. In this old shack of a building we use more floor space for the handling of ladies' garments than any other store in this city. Don't you believe it? Bring a yardstick, measure, be convinced. Yet with all this floor space we're crowded, yes, jammed for room. What jammed us? Why, thousands of garments. Sales last week were tremendous—bumper week in our history—but broods on stock were quickly filled yesterday; 700 new garments placed in stock. Facts, you see, we are telling you. We are not complaining of an afternoon fair slump. Our business never was better. Ask our bookers. He'll tell you our deposits were the heaviest last week ever. These are facts, easy to verify. Why is this? Because you have discovered, found out, know it, that we have the goods; that they are new, clean styles, up to the minute; that we are manufacturers of hundreds of ladies' garments. Expert, experienced men tailors, factory experts, to fit, alter and handle garments; no guesswork; no floor dress-makers fitting. We write the foregoing for the benefit of the people who have never seen the "big inside" of this shack of a building—it's the best we have or can get now. But we must have, will and shall have, a still larger and better building. We think we deserve it; so do you.

SPECIAL THIS WEEK
Regular \$16.50 Coats, special.....\$7.50
Regular \$18.50 Coats, special.....\$10.00
Regular \$22.00 Coats, these are grand.....\$14.00
The like of this last special can't be found in Portland at the regular price of \$22.00.
Don't forget to see our windows. In them we display more Ladies' Coats and Suits than any other three Portland stores combined.

SPECIAL FOR TODAY
135 Ladies' Suits, \$20.00 to \$25.00 values, this week.....\$11.00
38 Ladies' Suits, \$30.00 to \$35.00 values, this week.....\$19.00
And you have the advantage of experts to fit you, remember that.

SPECIALS FOR THIS WEEK ALL RAINCOATS AT HALF-PRICE
It's raining, you need the coats, we need the room. Set where we have our raincoats, you'll think so, too. Therefore.

550 RAINCOATS AT HALF-PRICE
They are "up-to-the-moment" ones, to see the cuts. Out-of-town orders will be cared for. Garments sent on approval on receipt of money. Garments can be returned if not satisfactory, money refunded—that's square.

SPECIAL NOTICE

We are daily expecting the arrival of 300 dozen of the famous Sunburst Plaited Skirts. The last bunch we got was 100 dozen. They are the best skirt you ever bought for \$1.50. Soon as we get them in again we will let you take them every day from 8 a. m. to 11 a. m. at 75c—while they last. We will announce the arrival of the skirts and the sale of them in the papers. It may be tomorrow, next day or next week—we hope this week.

CHILDREN'S AND MISSES' COATS
We have just added this line to our very complete stock of Women's Garments, and to introduce the line quickly we will do a little very expensive advertising. Today and tomorrow we will give FREE with each CHILD'S COAT bought of us a FUR SET—a Muff and Collarette—Free today and tomorrow.
