POPE'S MYSTERIOUS UNTING TRIP EXPLAINED

"All of these passes can be reached conveniently through the National park section, and this fact is taken as an indication that the Milwaukee road is planning to pass near the park.

"Information is given also that in the wreck of Mr. Pope's boat on the Salmon river he lost many valuable engineering instruments and was compelled to wait in Lewiston several days for new instruments."

THIRTIETH ANNIVERSARY OF HOOD RIVER SETTLEMENT

Colony From Elmira, New York, Landed on Sandbarrand Started Town

(Special Dispatch to The Journal.)
Hood River, Or., Nov., 15.—Thirty
years ago today the Hood River colony
landed on the sandbar at the mouth of landed on the sandbar at the mouth of the Hopd river. They came from Elmira. New York, and were organized by a Congregational minister named Perkins, who died on the way out and was buried along the route. At that time the only way of reaching the coast by railroad was via the Union Pacific. by railroad was via the Union Pacific, which had been built but a short time. Therefore the purty went to San Franchs, where he formerly lived and to he has many friends, and there a small piece of land from which lil be able to raise enough products ake a living for himself.

Therefore the purty went to San Francisco, came up to Portland by bost and on up the Columbia river. It cost them a lie a living for himself.

Therefore the purty went to San Francisco, came up to Portland by bost and on up the Columbia river. It cost them a lies a living for himself.

Therefore the purty went to San Francisco, came up to Portland by bost and on up the Columbia river. It cost them a lies and they built a barracks on the river bank and all lived together in it during the first winter. In the spring, however, they took up claims and scattered about the country.

Of the whole colony there are only one of these is in Hood River, James Wallace. Two of them are in Portland, Lawrence, and the other, M. H. Fotter, is over 20 years of age and resides with a son at Perry, Oregon. The rest have either died or drifted away.

(special Dispatch to The Journal.)

Pendicton, Or., Nov. 15.—Willie Light, an Indian whom the sheriff has been looking for since a year ago, was arrested here today upon a charge of horse stealing. The crime was committed at Athena by Willie Light and Charlie Luke, the latter now serving a needucing good health.

flood Water From the Walla Walla Soaking Up the Land-Big Crops Produced.

(Special Dispatch to The Journal.)

Freewater, Or., Nov. 15.—Winter irrigation is now in force in the Hudson hay district. W. C. Gallaher, C. Hedgen and W. T. Shaw incorperated the Milton, Freewater & Hudson Bay company irrigation system and have completed eight miles of ditch and nearly 15 miles of distributing laterals. The company expects to irrigate between 6,600 and 7,800 acres of land in the Freewater and Milton districts.

The value of dry land before the laying out of the ditches was from 11.25 to 110 an acre, and where 10 bushels of wheat were raised 30 to 40 bushels can

wheat were raised 30 to 40 bushels can now be grown. Sugar beets, sweet potatoes and peanuts can be successfully grown on this land also, and these crops will be extensively grown next year.

The surplus water from the Walla Walla and the Tumalum bay and Freewater districts are running over the fields of alfalfa, and from now until next June the flood water will continue to soak up the ground in that locality, and no summer irrigation will be necessary.
