

NEED DUCK SUITS SWAP OF ASTORS IN ALBINA NEXT SUNDAY

So Declares Patrolman J. J. Murphy in Report on Condition of Streets There.

THOROUGHFARES NOT FIT TO DRIVE CATTLE OVER

Fifth and Debris Run Over Sidewalks—Borthwick Street Not Cleaned for a Year—Cross Walks Exist but Are Covered by Mud.

In a report covering four closely written pages, the contents of which were discussed of such importance by Chief of Police Grimshaw that he carried it to Mayor Lane yesterday, Patrolman J. J. Murphy draws attention to the foul condition of the streets, gutters and sidewalks in Lower Albina. He asserts that he should be provided with a duck hunter's suit and rubber boots instead of a police uniform.

"If Mayor Lane will get the executive board to better the condition of this part of the city the residents there will rise as with one voice and shout 'God bless the mayor!'" reads the report.

Murphy asks the chief to request the mayor and executive board to accompany him around his beat when it is raining. He asserts that they will then see enough to convince them that the situation is urgent and that speedy relief, no matter what the cost, is demanded.

"That part of my beat between Fremont and Russell street is not fit for a policeman. It is covered with the drainage from Union avenue to Morris street including that of the following thoroughfares: Kuntz, Sellwood, St. James and Morris streets. From Union avenue to where the railroad track extends down Russell street the roadway has not been cleaned for years. The gutters are full to the edge of the sidewalk and in some places fifth and debris run over the sidewalks.

"Borthwick from Russell to Stanton, a fine improved street, has not been touched by a street sweeper for a year at least. Mississippi avenue, a full plank roadway from Morris to Fremont streets, has not been cleaned in a long time.

"In many places the mud has risen above the surface of the sidewalk in the gutters and extends over the curbs. In many places crosswalks are said to exist, but they cannot be seen—the mud is too deep. In a number of cases the sidewalk extends a regular canal in the mud.

"Loring street has enough earth on it to half fill the Montgomery bridge. All the teaming is done on Loring street, between Randolph street and Albina avenue. I do not exaggerate when I say that Loring street is unfit to drive cattle over.

"In many places planks have been torn up and have never been replaced. This warning is necessary because if officials who are unfamiliar with the streets go poking around there they may injure themselves."

TEMPERANCE WORKERS FOR EQUAL SUFFRAGE

The interesting feature of the afternoon meeting of the Multnomah county W. C. T. U. institute at the Y. M. C. A. yesterday afternoon was the talk of Miss Laura Gregg on the cause of woman's suffrage. She gave a clear and logical presentation of the question, showing the relation between the work of the W. C. T. U. and the suffrage association. At the close of the following resolution was passed:

"Resolved, That in the sense of this body that the W. C. T. U. should cooperate in every manner with the Equal Suffrage association to secure the ballot for women in Oregon."

"The Local Temperance Legion" was Mrs. Ada Wallace Unruh's theme. Special attention during the next few months will be given to the organization of branches of the work among the children of the state. Herbert Blainlock of New York will come to Portland early in the year to take up the work and will spend some time in Oregon, with two weeks in Portland.

Mrs. Corlie Howie, the visiting national organizer, addressed the meeting on the publications of the W. C. T. U. A number of the prominent ministers of the city were present and spoke briefly.

FOOD—NOT MEDICINE.

If all the treatments for consumption were put in book form it would make a pretty big library. But after all there has been little improvement over the old treatment of rest, fresh air, sunshine, plain, wholesome food and Scott's Emulsion. The latter supplies nourishment that cannot be secured in any other way, and after all, nourishment is what the consumptive needs first.

A gain in weight, however slight, is a long step toward improvement. If there is the least thing to build on Scott's Emulsion will enable the patient to make that gain. People have gained a pound in weight from a bottle of Scott's Emulsion—it's an exception when they don't.

We have seen Scott's Emulsion take hold of a patient and bring about a change for the better inside of a week. It always helps even the most stubborn cases.

Fifty-One to Speak in Sunday Schools Other Than Their Own.

WILL BE TEMPERANCE AND CITIZENSHIP DAY

Preachers Will Deliver Ten-Minute Address on Abstinence for the Sake of Others and Citizenship for the Sake of Others.

Fifty-one pastors of Portland churches will visit some Sunday school other than their own next Sunday morning and deliver ten-minute addresses. The subject will be along the line for the lesson topics of the day, which are "Abstinence for the Sake of Others" and "Citizenship for the Sake of Others."

Sunday will be World's Temperance Sunday and will be observed throughout the entire evangelical world. The international Sunday school committee has suggested also that the day be observed as both temperance and citizenship Sunday. At a recent meeting of the County Sunday School association it was planned to carry out a more general observance of the day than usual. Accordingly, a committee was appointed which decided that each pastor should speak on the topic for the day before some Sunday school other than his own. This committee has made out the assignments of the pastors as follows:

- Rev. F. B. Short of the Taylor Street M. E. church, First Presbyterian school.
- Rev. E. P. Hill of the First Presbyterian church, First Baptist school.

OPENING STARK STREET PROVES DIFFICULT TASK

Oglesby Young, J. P. Menefee and H. J. Morrison, viewers for the proposed opening of Stark street, between the great line of Twelfth and Thirteenth streets, were sworn in by the city auditor yesterday and will start on their work immediately. The opening of Stark street has caused considerable trouble in the past. A set of viewers who went over the ground last winter filed a report with the council which was unsatisfactory to many of the property owners interested and rejected by the council.

The property which will be condemned by the opening of the street, is valuable, but it is alleged that the damages claimed are excessive. The damages claimed are as follows: A. J. Davis, \$12,000; Labbe estate, \$42,000; and W. C. Walker, \$16,000. As soon as the viewers have canvassed the situation thoroughly they will make their report to the council at a time for hearing of objections will be set.

FOURTEEN MORE TO LOOK AFTER WAYWARD YOUTHS

Presiding Judge Arthur L. Fraser, who is also chief justice of the juvenile court, last night appointed 14 probation officers for the children's tribunal. The work of the court has grown so rapidly of late that the regular officers, Messrs. H. H. Frumbois, H. H. Newley and W. O. Wiles, were unable to handle all the cases. The following are those appointed yesterday: Mrs. Omond Royal, Miss F. L. Ray, Mrs. C. M. Wood, Mrs. D. A. Pattullo, Mrs. Elmer Colwell, Mrs. W. O. Wiles, Mrs. F. E. Dargett, Mrs. Oscar Ball, Mrs. S. A. Siebert, Mrs. E. Sidits, Mrs. J. A. Gillette, Mrs. La Barre, Mrs. A. H. Lomax and Dr. DeVenty. They were assigned to various cases by Clerk of the Court Marion E. Johnson.

FIRE'S FEET OF HELPLESS MAN, CALLS IT A JOKE

(Special Dispatch to The Journal.) Umatilla, Or., Nov. 23.—Ted Stevens is accused of pouring kerosene on the feet of Charles Schmidt as he lay asleep in the rear room of a saloon here. Stevens touched a match to the alcohol and in an instant the old man's shoes were in a blaze. One of his feet was seriously burned before the bystanders could get the shoe off. The penalty for the offense is one year in the penitentiary.

SAYS PORTLAND MAY BE PROMINENT FLAX CENTER

According to J. K. Toles of the Western Fiber company of Stockton, California, the climate of Oregon is peculiarly adapted to the production of flax. He thinks it possible for Portland to become one of the most conspicuous centers of the industry in the world. Accompanied by Eugene Bossa of Salem, Mr. Toles came to Portland yesterday, his sole object being to encourage those who may be interested in flax raising here. He carries samples with him and five which Mr. Bossa selected are declared by the latter to be equal to any he has seen abroad. And Mr. Bossa has visited Belgium, Germany, Russia and other European countries noted for the quality of their flax. Although Mr. Toles is a Californian he is anxious to have factories established here. He is not interviewing capitalists individually regarding the subject, but he wants them to know that there is one great industry that has been neglected in Oregon.

Mr. Toles is a guest at the Portland hotel.

LEE MAKES PLEA FOR LENIENCY

Asks Exoneration of Charges From Police Committee of Executive Board.

SAYS HE ENTERED SALOON TO ARREST PROPRIETOR

Inspector Bruin Declares Patrolman Was About to Take a Drink When He Entered—Scallen Summarily Dismissed From Force.

At a meeting of the police committee of the city executive board yesterday Patrolman John A. Lee, who recently passed the examination for a captaincy, pleaded that he be exonerated of the charges filed against him by Inspector Patrick Bruin. Mayor Lane assured him that no injustice would be done and the case was taken under advisement.

Lee was found in the saloon of H. B. Fine, 74 Russell street, at 1:40 a. m. November 16 by Inspector Bruin. Bruin testified that he saw Lee standing at the bar with another man. The bartender placed glasses before both men. Lee's companion poured out liquor and the bottle was pushed toward Lee, who was in the act of taking hold of it when Bruin knocked for admittance. As Fine, the proprietor, unlocked the door Lee attempted to escape by the side door. Bruin placed the proprietor and the civilian under arrest, took both to the police station and the next day Fine was fined \$25 for keeping open after hours. He ordered Lee to make a full report of the affair to the chief of police, which he had failed to do.

Patrolman Lee testified that he had found the place open and had entered and told Fine that he was under arrest. Fine said he was sick and could not go to the station and that he would report to the next morning. Lee had consented to allow Fine to do this. They were preparing to close up the place when Bruin entered. Lee said the latter would accept no explanation but told him to report to headquarters.

Patrolman Joseph Scallen was summarily dismissed from the department on charges of incompetency, breach of discipline and conduct unbecoming an officer. The specific charges were that he was caught rifling a bureau drawer during a fire in the house of Mike Epstein, 248 Meade street, at 12:30 o'clock on the night of November 14. It was further charged that although on sick leave since September 14 he had not notified the chief of police of his absence as required by the rules, and had been seen on the streets at all hours of the night.

PROOF POSITIVE.

"The proof of the pudding is in the eating." A visit to "The Oregon Grill" will convince any one that all the claims put forth by the management have been made good; that's the reason why the very best people of Portland are to be found daily at its tables, the choicest viands and purest foods are alone served. SALEM AND WALLA WALLA WELCOMES TELEPHONE

A King Wilson, attorney for the Home Telephone & Telegraph company, has received word from Salem that the city council has adopted the ordinance granting the company a franchise in the streets there, according to the terms originally asked for. Mr. Wilson also heard from Walla Walla that the city council passed a similar ordinance by unanimous vote. The vote in the Salem council was 9 to 5.

Manager Slow has been in various northwest towns asking for franchisees. It is the intention of the Home company to build a network of lines throughout the northwest and place exchanges in as many towns as possible.

A Creeping Death.

Blood poison creeps up toward the heart, causing death. E. Stevens, about 40 years of age, writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Buckner's Arnica Salve drew out the poison, healed the wound and saved his life. Best in the world for burns and sores. 15c at Siskimore's drug store, 151 Third street.

New Process

Ralston Health Oats (new process) are different from any other cereal food. Our new Cereal Roaster, the only one of its kind on the Pacific Coast, heats the oat gradually and regulates the temperature to the fraction of a degree. That brings out all of the natural oat flavor.

The Cereal Roaster, by the perfectly regulated dry heat, softens the tough little leathery envelope around each starch granule so that the second cooking prepares it for perfect and easy digestion.
