NEWS OF THE WIND-UP.

Another Beautiful Exposition Piano Sold by Eilers. The beautiful Lester Upright Grand, used by the Everett and Bellingham hostesses in the Washington building at the fair, was purchased at Eilers Piano House by Mrs. Nina Larowe, for her elegantly appointed hall at Twenty-third and Kearney streets. This Lester Concert Grand will, no doubt, add much to the attractiveness and popularity of Mrs. Larowe's school, for it is a superb instrument in appearance and in its strong, penetrating, yet mellow tones, will amply and easily fill the beautiful auditorium. The Eilers sale of pianos used in the state buildings and in the private apartments of many of the fair commissioners is soon to close.

CATTLE-FEEDERS OF MALHEUR ORGANIZE

(Special Dispatch to The Journal.) Ontario, Or., Nov. 28.—The Malheur Cattle Feeders' association was organized at a meeting held in the city council chamber in Ontario Saturday afternoon. William Morritt officiated as chairman of the meeting, and A. A. Brown as secretary. Another meeting will be held in this city Saturday, December 3, when the permanent officers will be chosen. The officers of the organization will be a president, vice president, secretary and treasurer. The object of the association is for the mutual benefit of the stock feeders of this section. Matters pertaining to the best methods of feeding to produce beef and marketing the cattle will be considered. The object is not to form a cattle trust, but to devise the best means of obtaining a good and constant market for cattle raised in this locality. The farmers of this section have been disposing of their hay to sheepmen regularly until last year the sheepmen refused to pay the price asked, and as a consequence the farmers had considerable hay left over from last year's crop. They are now endeavoring to solve the hay problem by buying young cattle, feed them the surplus hay, and then place them on the market.

Many of the Cove apples were sold to the Oregon Produce company at La Grande, and while the crop was considerable short of last year, the apples are of unusual good quality and are bringing the best of prices.
