

# KETCHIKAN MINES TERRIBLE ITCHING PERMANENT SORE ON HANDS

Past Season Has Brought Out Properties That Can Produce Heavy Tonnage.

DISTRICT HAS GREAT LOW GRADE DEPOSITS

Omar Company Has Completed Elaborate Tram System and Is Ready to Ship—Niblack Ships Steadily to Smelters—Hadley Smelter Succeeds.

(Special Dispatch to The Journal.) Ketchikan, Alaska, Nov. 25.—The mining situation in this camp as the year draws to a close is the brightest known to the extreme southeast coast. This part of Alaska has passed the era of wild boom and the work being done is based upon well established knowledge that the camp has several great deposits of low-grade ore which require keenest executive ability to develop and operate economically.

The Omar Mining company, which has just completed 12,145 feet of surface and 4,185 feet of aerial tram, is practically ready to commence shipping. The Niblack has been shipping all season to the Tacoma smelter with usual success. Since the Hadley smelter was blown in that camp has been quite busy, as the 300-ton furnace is capable of handling all of the ore produced in the vicinity. The excitement at the head of the Portland canal insures a permanent gold district there and the properties near where Congressman Butler and associates of New York are operating will prove a good section of the mineral region when thoroughly exploited. Ketchikan has more promise of making a great record next year than at the close of any preceding season and the entire district is sustained by the assurance.

## NEW MILL STARTED.

One Hundred-Ton Plant at Blue River Was Completed the Present Week.

(Special Dispatch to The Journal.) Eugene, Or., Nov. 30.—The 100-ton stamp mill of the Treasure mine, C. H. Park manager, was to have gone into commission yesterday. Manager Park thought to get it working earlier, but unforeseen delays in completing the mill prevented. All details had been completed for starting the permanent run this week with the full 12 stamps dropping.

There is a large reserve of ore in sight, insuring permanent work as soon as the mill is ready. The Treasure will be able to handle at least 100 tons of ore daily, according to the estimates of the management and millwrights, as the stamps are of the rapid drop type, working in individual mortars, which have quadruple discharge. Treasure ore is admirably adapted to handling an immense tonnage, as it is thoroughly oxidized and is as friable as any gangue matter could be.

## MINING NOTES.

Eugene, Or., Nov. 28.—Italian Consul C. F. Candiani of Portland, who owns a mining property in the Blue River district, near here, has installed a saw-mill on the property with which he is manufacturing lumber for general surface improvements. Buildings for the convenience of the crews will be erected, and timber will be manufactured for all operations, which in the near future will embrace milling. Superintendent E. Pochini has commenced development in the 350-foot tunnel, where work is to continue aggressively during the winter.

Eugene, Or., Nov. 30.—An accident at the Great Northern mine in Blue River has put the new Huntington mill out of commission for about three weeks. Crushing will continue with the four-stamp batteries in the meantime. The new Huntington authorized at the last meeting of the board of directors will be delivered at the earliest date possible, considering bad conditions of winter roads.

Preferred Stock Canned Goods. Allen & Lewis' Best Brand.

Weston Real Estate Sale. (Special Dispatch to The Journal.) Weston, Or., Nov. 30.—L. H. Doud has purchased the J. B. Hart place on Weston mountain, consisting of 80 acres, for \$5,000. Doud came to Weston recently from northern Wisconsin. Contractor Ainsworth has commenced work on the new German Baptist church on South Water street, which will be 24 by 40 feet in size. The building will cost \$2,000.

## THE PERFECT WAY

Scores of Portland Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it. The perfect way is to cure the kidneys. A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only.

Are endorsed by Portland people: Mrs. D. Murphy, who lives at 335 Ivon street, says: "I am 50 years old, when living in Kansas, I was greatly troubled with kidney complaint. At that time I was, I might say, perfectly helpless for months, but in time it wore away as mysteriously as it came. It did not bother me again until last fall, when there was every symptom of its return, and knowing what I had suffered formerly I began to look around for something to check it, and on looking over the paper I noticed Doan's Kidney Pills highly recommended, so I procured a box. It only required a few days' treatment to ward off the attack. Since then I have recommended Doan's Kidney Pills to a number of my friends."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—DOAN'S—and take no other.

Foster & Kleiser Signs

Doctored for Four Months and Tried Nearly Everything, but Could Get Only Temporary Relief—Better from First and

SPEDILY CURED BY CUTICURA REMEDIES

"My left hand was almost covered with a large red sore which would itch terribly. I doctored with it four months, also tried everything I could think of, but I would only have temporary relief. A competent physician of Kansas City shook his head and said, 'It looks bad.' Then a friend told me of Cuticura, and as I had tried so much, I thought I might as well try that too, and I bought a set of Cuticura Soap, Ointment, and Resolvent. Just three days and nights after I had taken the first dose, the inflammation had all gone from the sore; and when I had taken three bottles and a half of Resolvent, my hand was all well. 'It gives me pleasure to tell you of this, and if any one wishes to write to me personally, I shall be glad to answer. I am never tired of speaking well of the Cuticura Remedies.' (signed) Mrs. Wm. Pockel, 11324 State St., Chicago, Ill., May 26, 1905."

STILL ANOTHER CURE Face Covered with Pimples and Sores. Skin Now Clear.

"My face was all broken out with pimples and sores. I used Cuticura Soap and Cuticura Ointment for two months and was completely cured. My face is in splendid shape now. Cuticura Soap and Ointment are splendid for healing all kinds of face pimples and sores. I am glad to recommend them, for they were a great boon to me. I know hundreds that it has cured in Scotland, where I came from—it is world wide. (signed) David Macaulay, R. F. D. No. 5, Sullivan, Ind., May 20, 1905."

Complete External and Internal Treatment for every humor, from Pimples to Scabies, from Itchiness to Erysipelas, including Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. Price 25c per bottle. Sold by all druggists. Write for free literature. **Doan's Kidney Pills, How to Cure Itching, Itchy Humors.**

## UMATILLAS TO BE DIVIDED

Government to Adopt New Method of Dealing With Reservation Indians.

TO BE CLASSIFIED INTO THREE DIVISIONS

First Class to Be Practically Free From Agent's Supervision, Second to Be Assisted and Guided and Third to Be Entirely Under Agent.

(Special Dispatch to The Journal.) Pendleton, Or., Nov. 30.—Information has just been received from Washington that the Indian department will adopt an entirely new method of dealing with the Indians in this section on the Umatilla reservation. Heretofore all the Indians on the reservation have been under the direct charge and supervision of the agent and superintendent. Practically all the land business of all the Indians has been transacted through the agent, and all the Indians have been upon the same footing, no matter what the personal qualifications of many of the better class of Indians may have been.

Now it is understood the Indians will be divided into three classes. One class composed of the intelligent and sober members of the tribe to be practically free from the agent's supervision. They will be allowed to conduct their own business, make their own leases, select their own renters and will be citizens in every sense of the word. The second class will be composed of the Indians who are not entirely capable of self-support, but who will be assisted and guided by the agent in all their transactions, but who will be released from this assistance as rapidly as they acquire good habits and become proficient in managing their affairs.

The third class will be composed of the remainder of the tribe, those who are utterly incapable of citizenship. This will comprise perhaps 500 out of the 1,100 members of the tribe, and will be under the close supervision of the agent in all matters. It is understood that this arrangement is wholly in accord with the ideas of Major Edwards, the agent, and meets with the approval of the Indians generally, although the older members of the tribe do not desire to be released entirely, as a tribe, from the government's care, as they fear the younger and more profligate members would soon dispose of their land and would become objects of charity as the Puget sound Indians have become, who have disposed of their land.

About one-fourth of the tribe, it is thought, will be capable of real self-government, in matters of business, and will thrive under the new rule as under the old system of management. (Special Dispatch to The Journal.) Eugene, Or., Nov. 30.—Dr. D. A. Paine of this city will in the near future begin the erection of a two-story brick block at Tenth and Williamette streets, the entire upper portion to be occupied by the Commercial club and the lower floor to be used for business purposes. The building will be 64x80 feet in dimensions and will occupy the site of the present quarters of the club, a frame building.

Independence Names Ticket. (Special Dispatch to The Journal.) Independence, Or., Nov. 30.—A mass meeting of the citizens of Independence was held Monday night and named a citizens' ticket for the coming election, which takes place next Monday, December 4. The following ticket was nominated: Mayor, E. E. Padlock; councilmen, J. J. Hann, C. A. Malison and A. Huston; recorder, W. G. Sharma.

# NEW ROAD OPENS RICH REGION

Grading on Mount Hood Line Completed to Winans, Where Townsite Is Laid Out.

MANY BUILDINGS ERECTED—LUMBER MILLS PLANNED

Terminus of Line at Junction of East and West Forks of Hood River—Preparations Made to Entertain Mountain Climbers.

(Special Dispatch to The Journal.) Winans, Or., Nov. 30.—At the junction of the east and west forks of Hood river is the terminus of the Mount Hood Railway company's projected line. The grading is about completed from Hood River to this point, a distance of about 15 miles. A portion of the grading broke camp today. It is intended to have trains running from Hood River here by February 1, 1906.

The Oregon Lumber company, which owns several thousand acres of good land here, will use the line for getting its lumber to the outside world. This company is now building a sawmill at this place, which will have a daily capacity of 250,000 feet and will employ all told in its camps and at the mill 500 people.

A townsite has been platted and a petition is out for a postoffice. The elevation is less than 500 feet and the weather is about the same as that at Portland. Two merchandise stores, a drug store and a barber shop will be in operation by March 1. W. R. Winans is erecting a \$10,000 hotel and a \$2,000 livery barn, and is preparing for a big travel to Mount Hood next year. One will be able to go within 16 miles of Mount Hood by rail as soon as cars are running on the Mount Hood railway. John W. Weidrick of Buffalo, New York, has invested here and will open one of the stores. His family will arrive about February 1.

There are numerous varieties of timber in this section, consisting of oak, pine, fir, maple, alder, hemlock, cedar, birch, spruce, etc. State Engineer Lewis has, through Deputy Allen, just completed installing an apparatus for measuring the water power in Hood river. F. A. Jones, a Portland business man, was up last week for a few days at his homestead. He has put about \$4,000 into improvements. Hon. A. J. Capron of Multnomah county has a fine ranch here. Mrs. Elyth Tozier Weathered has one of the choicest ranches half mile from the terminus of the new railroad.

LIQUOR SENDS YOUNG MAN TO SUICIDE'S GRAVE

(Special Dispatch to The Journal.) Butte, Mont., Nov. 30.—Unable to stifle his taste for liquor, Dennis Courtney, aged 24, son of former State Senator Courtney, a well known politician of this state, committed suicide in the rear room of a saloon yesterday afternoon by drinking a quantity of carbolic acid. Courtney was found in a dying condition and expired before a physician could reach his side. His features were badly burned.

Up to the time Courtney entered the room wherein he took his life he appeared cheerful, and conversed in a light-hearted way with his friends, and it was only his prolonged absence that led to the discovery of his condition.

MIDSHIPMAN GRIEVES OVER BRANCH'S DEATH

(Journal Special Service.) Annapolis, Md., Nov. 29.—In the courtmartial proceedings this afternoon Midshipman Meriwether said that he was hurt and grieved beyond expression at Branch's death. He said: "I think Branch is indeed more fortunate in going to sleep and not waking up any more than to be in my place and live after the deplorable affair." Under vigorous examination, Meriwether's testimony was unshaken. The boy was frankly honest in his repetition of the story of his relations with Branch.

DELIGHTFUL NEWPORT.

Splendid Weather at This Popular Pacific Coast Resort. Delightful in every particular is the weather at Newport, and the Southern Pacific and the Corvallis & Eastern railroads have resumed their connection to this place for the winter. Particulars by asking at Third and Washington streets, Portland.

Kansas Fugitives Must Shave. (Special Service.) Topeka, Kan., Nov. 30.—The board of control of state charitable institutions has decided to make the inmates of the various charitable institutions of the state shave. In the list of supplies on the requisition list of the board are razors for each one of the institutions in which adult males are kept.

## FOUR HUNDRED BIRDS SEND FORTH GREETING

Corvallis Poultry Show Opens to Big Crowd Amid Cackling and Crowing.

(Special Dispatch to The Journal.) Corvallis, Or., Nov. 30.—The Corvallis poultry show opened this morning. A large and enthusiastic crowd of visitors and fanciers was present and were greeted with a cackling and crowing welcome from the throats of 400 birds from Oregon, California and Washington. All the fowls to be exhibited have arrived and everything was in readiness this morning to open the doors. Judge Elmer Dixon of Oregon City, who will preside as judge here, was the superintendent of the poultry show at the Lewis and Clark fair, and the coming season he is engaged to officiate at poultry shows at the following places: Albany, Oregon; Alameda, California; Tacoma, Washington, and Victoria and Vancouver, B. C. The four handsome silver cups to be awarded are on display in local show windows today.

## THREE TICKETS IN FIELD AT CHEHALIS

(Special Dispatch to The Journal.) Chehalis, Wash., Nov. 30.—The People's ticket was nominated here last night as follows: Mayor, L. Lawrence; treasurer, A. S. Cory; attorney, S. White; clerk, Robert Haskell; health officer, Dr. G. W. Kennicott; two-year councilmen, Robert Fechtner, George Geisler, Carl Motter; at large one year, S. A. Phillips. This makes three tickets in the field for next Tuesday's city election.

## GRAYS HARBOR ELECTRIC RAILROAD IS OPENED

(Special Dispatch to The Journal.) Aberdeen, Wash., Nov. 30.—Thanksgiving day was celebrated by Grays Harbor Electric company by throwing their new line into Cosmopolis open to traffic. An hourly schedule will be maintained and passengers will be transferred across the Wishkah river until the Heron street bridge is built. The new road, which was begun last June, is substantially built and as well ballasted as the ordinary steam road, thus making it suitable for heavy traffic. It is the intention of the company to erect a station in Cosmopolis, a block from the river, some time in the future.
